Brief Introduction

Scout Movement is founded in 1907 by Lord Robert Baden-Powell, known as B-P, in England. Scout activities were first brought to Hong Kong in 1909. In 1911, some British merchants and military personnel started organizing Scout Groups. Scout Movement is a voluntary non-political educational movement for young people globally. Nowadays, The World Organization of the Scout Movement is made up of more than 160 National Scout Organizations, from over 220 countries and territories, with Scout members (without distinction of race, religion, creed or gender) exceeding 40 million all over the world. Developing for over a century, Scout Association of Hong Kong is now the largest local youth uniformed group of about 100 thousand members.

Vision

To be the best voluntary organisation for the development of young people in Hong Kong for the betterment of our society.

Mission

To operate an education movement for young people providing them with challenging and progressive training programmes for their physical, intellectual, social, spiritual and aesthetic development.

Values

We recognize the importance of:

- individuals developing a sense of personal identity and self worth which leads to responsible citizenship;
- adults providing suitable role models for young people;
- respect for equality and fairness in dealings with all people; and
- the development of understanding between individuals towards world peace.

Scout Promise

On my honour, I promise that I will do my best to do my duty to God and to my Country to help other people and to keep the Scout Law.

Scout Law

1. A Scout is to be trusted.
2. A Scout is loyal.
3. A Scout is friendly and considerate.
4. A Scout belongs to the world-wide family of Scouts.
5. A Scout has courage in all difficulties.
6. A Scout makes good use of time and is careful of possessions and property.
7. A Scout has self respect and respect for others.

Sustainable development last year led to a warm welcoming of 105th Anniversary of Hong Kong Scouting in 2016. The Association remains its dedication to uphold our vision and promote Scout Movement to nurture young, responsible and active citizens. Today, environmental protection is vital to civil responsibilities. As capitalizing the nature is one of the key elements to Scout method, the Association engages in a successive plan with a series of activities and training related to environmental protection. We hope that the youth would take up the responsibility to protect environment and would not miss the chance to learn from the nature and wilderness.

Marching On 105th Anniversary

The 105th Anniversary of Scouting in Hong Kong is a perfect timing to review the Association's achievements and challenges. Knowing that organization governance emphasizes much on management's timely and constructive directions as well as frontline team's collaboration, I met 44 District Commissioners from September to October 2015 in the capacity as Chief Commissioner (Selected) to thoroughly comprehend difficulties and chances facing every district for providing effective support to frontline leaders. Having conducted a SWOT analysis, the Association would firm up specific and achievable short-term, mid-term and long-term strategic plan in five directions – Expanding Scout Movement, Enhancing Scouting Image, Supporting Frontline Leaders, Strengthening Internal Communication and Contributing to Community.

Chief Commissioner Retreat was held successfully in December 2015 to convey District Commissioners' feedbacks/opinions to commissioners of different levels who are decision makers. They had open discussions on 4 issues, including ways to passing on the torch by means of enhancing youth involvement, development strategy for Scout/Sea Scout/Air Scout, performance objectives and indicators of volunteers, and aspirations of continued improvement in adult leaders' quality. The Retreat paved the path of reinforcing Scout Movement, taking into account participants' active involvement and referable information.

Promoting Leave No Trace

As stated by Lord Baden-Powell, Founder of Scouting, "Outing is the daylight of Scout Movement, while camping is the midday of outing." The best place for Scout training and activities is nature and wilderness which we need to protect. To let Scout members enjoy outing in countryside and have better understanding of "Leave No Trace" outdoor ethic, Leave No Trace Promotion Campaign was launched in January 2016. We were honoured to invite Mr WONG Kam-sing JP, Secretary for the Environment, as our officiating guest of the Kick-off Ceremony held on 24 January 2016 at Pak Tam Chung P.H.A.B. Site in Sai Kung. Despite the temperature was as low as 1℃ , all 611 participants had no fear of the frosty weather but actively participated in the event. That was what "A Scout has courage in all difficulties" means.

The Association spared no effort to reinforce and promote the concept of "zero harm to outdoor". A series of activities are therefore planned, each of which is entitled with a "To serve" related theme. We offered Leave No Trace trainer courses to Scouters, as well as commanders and leaders from other 7 youth uniformed groups in Hong Kong. Trainees acquired knowledge on Leave No Trace development programme, principle and effective teaching skill throughout the courses.

We take care of young people's physical, intellectual, social, spiritual and aesthetic development. "Go Hiking" promotion scheme encourages Scout members to join hiking depending on their interest and capability, in which they could learn wilderness skills and experience the beauty of nature. The above two meaningful promotions were recognized by the Hong Kong Government. They were merged and entitled "Go Hiking · Leave No Trace Promotion Campaign" as one of the programmes of "Appreciate Hong Kong Campaign" to share with the community.

To effectively convey the message of environmental protection to our youth members, the Association took the lead to participate in two environmental protection campaigns launched by two government departments. The Association pledged to sign up "Charter on External Lighting", launched by Environment Bureau with effect from 1 April 2016. We will switch off lighting installations on the external wall of Hong Kong Scout Centre from 11:00 pm to 7:00 am of the following day to help minimize energy wastage and light nuisance. The Association not only joined the event "Take Your Litter Home" organized by the Agriculture, Fisheries and Conservation Department in September 2015, but also took part in the Department's Hong Kong Geopark Partnership Scheme. Pak Sha Wan T.W.C Sea Activity Centre and Tung Tsz Scout Centre were invited to be Geopark exhibition centres to introduce and display pleasurable rocks and fossils. Information of our Centres and Scout emblem would be published on the leaflets. This partnership scheme not only increases our Centres' attractiveness, but also contributes to environmental protection. We do support in no doubts!

Providing Professional Training Opportunities

The Association strives with dedication to provide the youth and leaders professional training opportunities. Leadership Training Institute had three courses awarded QF Level 3 in 2013 - Certificate in Adventure Education: Principles and Application, Certificate in Expedition Skills and Certificate in Leadership Skills. All the three courses passed an on-site re-accreditation by Hong Kong Council for Accreditation of Academic and Vocational Qualifications in December 2015. We are delighted to have the opportunity to continue providing high-quality leader training for Scout members and other applicants from 1 March 2016 to 28 February 2019.

Another key plan of the Association is to enhance the development of air activity. We are invited to be the co-organizer of Dragonair Aviation Certificate Programme 2016. Seven Scout members are qualified to take a 9-month training and will be graduated in November 2016. It is expected that valuable experience of aviation training, in-depth visit and cockpit flying observation could attract them to explore their interests in understanding the world of aviation and further pursuing a career in the industry. The above two training programmes match WOSM's idea of "Education for Life".

Keeping Good Reputation

Home Affairs Bureau has been jointly organizing Uniformed Groups cum Youth Development Day (UG Day) with Hong Kong uniformed groups for years. In 2015, the Association took up the role of convener to gather 1,080 staff from other 13 Uniformed Groups and 3 NGOs/ youth organizations. Having planned for few months, the event was successfully accomplished on 17 October 2015. Programme comprised 3 parts – ceremony and parade, performance, exhibition booths and games. The Association's outstanding parade team featured our well-trained members, excellent drum performance appealed to the public, interesting booth games demonstrated members' creativity, all these helped promote our image.

Facing the World

We always encourage Scout members to join international exchange programmes. World Scout Jamboree, a major quadrennial Scouting event, was a great opportunity for them to face the world. The 23rd World Scout Jamboree was held from 28 July to 8 August 2015 in Yamaguchi in Japan with 33,628 Scout members from over 152 countries and territories participating in it. Our Association sent 600 youth members, International Service Team members, leaders and professional staff to join the 12-day Jamboree.

The Jamboree brought all Scout brotherhood of the world together. Different languages, cultures, religions and customs had not drained away the affection of Scouts from around the world. Some of them even built up a lifelong friendship. Our Scout members also served as ambassadors to introduce Hong Kong and Hong Kong Scouting to the world, and shared local food with their friends at the Jamboree Site. Through various activities, cultural performance and interactive programmes, our contingent members had a chance to know more about history of the host country and characteristics of Scouting all over the world, they surely have gained valuable experiences in the Jamboree.

On the way to return to Hong Kong after the Jamboree, some of our members were stranded at the airports in Japan and Taiwan for two days due to a typhoon. They followed the instructions of their leaders, put the Scout skills into practice and helped each other. The well-disciplined behavior of our Scout members was highly commended by both the airport staff and the general public. I am proud of them and would like to praise our leaders for their all-out effort.

In addition, we have two Scout members made a remarkable leap forward in the 25th Asia-Pacific Regional Scout Conference from 3-8 November 2015 in Gwangju City in Korea. Mr Mori CHENG Chi-kin, Chairman of the 3rd Venture Scout Council, was appointed as Chairman of APR Young Adult Members Group cum Member of Asia-Pacific Regional Scout Committee (2015-2018). Mr Edwin CHOW Yik-man was selected as the 6th APR Award for Outstanding Scouts. I am pleased that our youth members received such recognition, and look forward to seeing more Scout leaders and youth members gain more prominent achievements either in the Asia Pacific Region or the World.

I will work closely with my team in ensuing years to proceed with the promotion of the Scout Movement. I am much thankful to my predecessor Mr CHEUNG Chi-sun for his contribution. The sustainability and prosperity of the Association attributed to his effort on hardware and software of the Association, including enhancing diverse development of sea, land and air activities, as well as reserving leader cadre. While Scout Movement in Hong Kong embarks on the 105th Anniversary, I sincerely hope that all uniformed members and non-uniformed members will never forget our mission but nurture extraordinary leaders to pass on the Scouting spirit.

Staff Development Programme

The Association recognizes the importance of developing a team of professional staff and committed to equipping staff with professional knowledge and team spirit through a variety of training programmes. This year, the Association organized workshops on reception skills and telephone manner, Putonghua language competence and a range of seminars on occupation safety and health. All these can help staff to perform their duties as well as to enrich their know-how. NLP workshops were also conducted specifically for managerial and general staff, in order to enhance their self-understanding as well as to build up communication and synergy among different levels. In the coming year, more comprehensive training will be organized with the target to strengthen the professionalism, as well as to broaden their horizon.

IT Office

The IT Office has continued to implement the strategic programmes of the 2010/2015 ICT Strategic Plan in the past year. Projects in progress include new website of the Association, Estate Booking Management System (EBMS), Training Membership System (TMS) and Scout Group Management System (GMS). In addition, to promote the use of Information Technology in Scouting activities, IT Office organized QR code Workshop in June and July 2015 to demonstrate the technique and share experience of application.

Estate Branch is responsible for overseeing the property developments of the Association. The services it provides include management and maintenance of facilities at the Association Headquarters, development of 34 Oi Kwan Road and Hong Kong Scout Centre, monitoring development and maintenance of B P International House, in order to ensure quality service as well as competitive edge. The Branch also provides technical advice on project management and tendering procedures for capital works of campsites, activity centres, youth services centres and other Scout properties.

Development of Association Properties

Foundation work of the redevelopment of 34 Oi Kwan Road in Wanchai was targeted to complete in the first quarter of 2016. Having taken forward the project design in accordance with the redevelopment scheme adopted by Executive Committee and with intensive liaison with concerned government departments and authorities, approval of the general building plans, structural plans and drainage plans were obtained. The tender for superstructure works was invited in end of January and was returned in mid of March 2016. The superstructure works were targeted to commence by mid of 2016.

As regards the energy-saving projects at Hong Kong Scout Centre including new air-conditioning chillers, hot water conversion system and lift modifications were largely completed. Estate Branch had been liaising with concerned consultants and contractors to complete the outstanding works.

Capital Works for Campsites and Activity Centres

The Branch continued to oversee all Association-funded improvement projects at campsites and activity centres. Premises benefited from the Association funding in the year include Tai Tam Scout Centre, Gilwell Campsite, Pak Sha Wan Tam Wah Ching Sea Activity Centre, New Territories East Regional Headquarters, Yuen Long East District Headquarters, Sai Kung and Tseung Kwan O District Headquarters, Mrs Lau Hon Wah Scout Training Centre, 7th HKIR Group Headquarters, and Scout Farm in Wo Hop Shek. Also, Wong Siu Sang Leadership Training Institute and Tung Sin Performing Arts Centre had completed the energy improvement works subvented by Environment and Conservation Fund.

Projects under Campsite Development Fund were also moving forward. The improvement works to Bradbury Hostel Building at Tai Tam Scout Centre were completed in November 2015. Upgrading works for the hygiene facilities of Pak Sha Wan Tam Wah Ching Sea Activity Centre were completed in May 2015. Gilwell Campsite had been arranging the consultancy tendering exercise for the refurbishment works to Golden Jubilee House. Tung Tsz Scout Centre had continued to devise the consultancy tender documents for its road improvement works.

Land Lease Renewals

The Branch continued to work closely with Home Affairs Bureau and Lands Department for renewal of the recreational land leases. This year, the land lease for Pak Sha Wan Tam Wah Ching Sea Activity Centre was renewed. Regarding the land lease for Gilwell Campsite, the terms and conditions were examined and the signing of the new lease would be proceeded with. For Hong Kong Island Northern District Headquarters, hold-over arrangements had been made to uphold the existing lease. Lands Department would offer new lease terms and conditions, when available, for consideration of the Association.

Integrated facilities improvements to buildings and sea base at Tai Tam Scout Centre

Road improvement to Gilwell Campsite

Integrated facilities improvements to Pak Sha Wan Tam Wah Ching Sea Activity Centre

Replacement of office floor tiling and repainting at New Territories East Regional Headquarters

Facilities improvement and repainting at Yuen Long East District Headquarters

Facilities improvement to 7th HKIR Group Headquarters

Increase the attractiveness

After the implementation and revision of the 4 Sectional Training Schemes, the major mission of Programme Branch this year is to further improve different current measures and arrangements, in order to arouse youth members' interest in joining the Scout Movement. Efforts were put on: modification on the Swimming Test Policy as well as Flag Signal of Sea Activity Centres to match with the Sea Activities development; establishment of "Scout Link Badge" to strengthen the connection between Scout and Cub Scout Sections; introduction of new "Cub Scout Progressive Badge Certificate" and "Cub Scout Activity Badge Certificate" to replace the old Purchasing Forms and Certificates; amendment on the course content and requirement of Scout Leadership Training Course to fit in the new Scout Training Scheme; new formation of the "Scouts of the World Award Instructor" system to help popularizing the Scouts of the World Award; and by giving all classes of AYP awardees the Badges acquired as a gift to encourage youth members to join in the AYP programme actively.

Preserve the Nature

Nature is always an important training and exercise venue for Scout Movement. This year, we started to push forward the "Leave No Trace" campaign to educate members the effective ways to protect our precious nature when go hiking. Now, the number of routes of the popular hiking project "Go Hiking" has been increased to 12. And, by re-dividing the routes' difficulty levels, Cub Scouts are welcomed to join in the project as well. Furthermore, "Meteorology & Astronomy Camp in Mid-Autumn" was organized to promote meteorology and astronomy knowledge to youth members, which helped to build up their awareness on environmental preservation and protection.

Signature Events

This year, Programme Branch has organized various signature events included "Hong Kong Rover Scout Trophy Competition 2015", "Hong Kong Carlton Trophy Competition 2016", "Footdrill Competition 2016", "Grasshopper Scouts 30th Anniversary - Love Family Carnival" and "Rendezvous".

Leader Training and Wood Badge

The Hong Kong Training Team organized 87 Wood Badge Training Courses (2,022 participants), 38 Skills Courses (712 participants), 4 Scoutcraft Accreditation Courses (106 participants), 25 Scoutcraft Accreditation Examinations (133 participants), two Basic Operations Courses (62 participants) and three Trainers' Basic Courses (73 participants). There were a total of 3,108 leaders enrolled for the courses and 150 leaders attained the Wood Badge.

Sharing of Experience

"Gilwell Reunion" was held at Pak Sha Wan T.W.C. Sea Activity Centre on 19 September 2015, a total of 130 Wood Badge holders attended. "Trainers' Gathering" was held on 5 December 2015 at Hong Kong Scout Centre with a total of 150 participants. Participants got to know more about trends of leader training through various activities including "Motional Sing Song", "Sharing of Overseas Training Activities","Spiritual Development","Quality Assurance" and "Leave No Trace". "SAS Social Gathering cum Knotcraft Carnival" was held at Canossa Primary School on 6 March 2016 with a total of 410 attendances.

Training Resources

To provide a more comprehensive collection of reference books to Scout leaders, Training Branch published a Chinese-English bilingual edition of *Guidelines on Spiritual and Religious Development.*

Overseas Training

Over the year, Training Branch delegated 14 Training Team Members to attend Course for Assistant Leader Trainers and Course for Leader Trainers organized by Scouts Australia, Cambodia Scouts, Korea Scout Association and The Scout Association of Macau. In the Course for Assistant Leader Trainers and Course for Leader Trainers organized by The Scout Association of Macau and Korea Scout Association, Training Branch sent several Leader Trainers to join the course staff team.

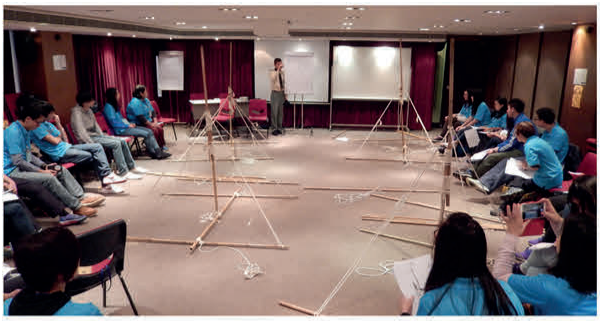

Knowing Children with special education needs

Training Branch conducted two talks of "Knowing Children with Special Education Needs" in the year. A total of 60 leaders attended. The aim was to provide a platform to equip leaders with a better understanding of the special education needs of youth members, and to make appropriate coordination.

Recruitment of Youth Members and Leaders

Development & Adult Resources Branch is committed to recruiting and retaining youth members and leaders. The full implementation of online recruitment platform of "Join Us" since 2013 has received positive feedback. It benefited both the applicants and Scout Groups by having simplified application procedure and significantly shortened the queuing time.

For leader recruitment, in addition to the "New Leaders Matching Scheme", a new project "Leader Orientation Programme" was introduced this year. Thirty-two participants have taken not only the General Information Course of the Wood Badge Training, Practical First Aid Certificate Course and training of sectional unit meetings, they have also paid visit to and carried out practical training in different Scout Groups. A total of 27 participants have started their service in 15 Scout Groups and fulfill the mission of Scout leaders to contribute to the community.

Support to Scout Groups

Having launched the "Pilot Scheme for Supporting School-based Scout Groups" for the third year, temporary instructors were dispatched to 13 school-based Scout Groups to assist those inexperienced frontline leaders in understanding the purpose and method of Scouting, provided guidance in various areas including administration, planning and execution of sectional unit meetings. Moreover, *Meeting Guideline for Grasshopper Scout Handbook* was published in the year under review, which gave guidance and reference to some 500 leaders of the Grasshopper Scout Section.

Happy Family Campaign

Our Association was subsidized by Home Affairs Bureau again to organize a variety of "Happy Family" thematic events to promote the core value of family. One of the highlighted activities was the "Adventure Family Day" held at Tung Tsz Scout Centre on 3 consecutive Sundays from 21 February 2016. This 1-day programme has enabled youth members from different Scout Groups together with their family members to cultivate their family relationship by taking part in series of experiential activities which developed mutual understanding, love and care.

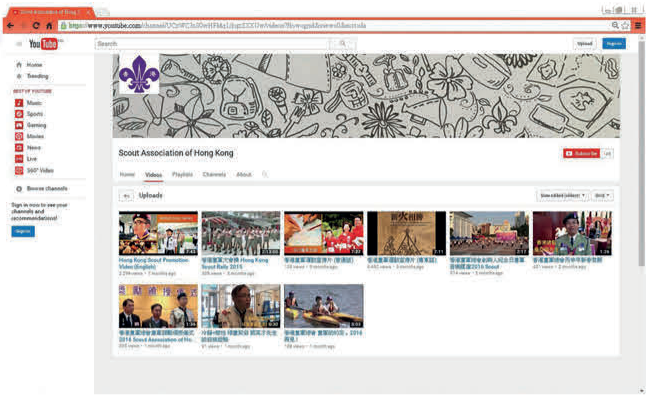

First Aid Service and Training

The First Aid Manual compiled by our Association was published in September 2015. Further to the general knowledge, this manual has also introduced the handling of common accidents encountered in Scout activities and served as a comprehensive training material of our First Aid courses. In the year under review, 10 First Aid Certificate Courses recognized by Labour Department and 15 First Aid Badge Training Courses for Scout Section were organized, which trained over 500 participants. In the same period, our First Aid Team did also provide service in large scale events organized by Scout units, NGOs and government departments, serving around 30,000 people.

Enhance Scout Image

Public Relations Branch has been reviewing its strategy to promote Hong Kong Scouting more effectively through harnessing the benefits of information technology and social media platforms. Facebook and YouTube channel have been set up. Promotional video trailers, activity highlights, interviews of Scout leaders etc are uploaded to the channels from time to time for public consumption. Some more thematic videos are under production, e.g. programmes about Scout history, further introducing Hong Kong Scouting to the public. For the first time, the Association made live broadcast of "Hong Kong Scout Rally 2015" on the Internet, enabling those who were not able to attend and overseas Scouts to be able to witness the unforgettable moments of the event. Public Relations Branch will move with the times and use multi-media and other interactive channels to promote Scout Movement and enhance the image of Hong Kong Scouting.

Scouts Make This World Better

Since the launch of Scout Theme of the Year "Take Action" in 2014, Public Relations Branch had taken the lead to encourage Scout units to organize different kinds of activities to promote messages like serving the community, conservation, social integration, civil education etc, to inspire the youth members to develop positive values and to live up the spirit "Scouts are willing to make this world a little bit better than before". The 24-month launching period ended in March 2016 and over 32,700 Scout members had participated in various theme-related events. In the coming year, Public Relations Branch will launch a new Scout Theme and continue to promote Scouting values.

Recognition to Scouts of the Year

"Scout of the Year Selection" has been held annually since 1987 to give formal recognition to the Scout members who have set the best example to their contemporaries and to arouse public awareness of the outstanding personality of Scouts. In 2015, three Scout members were awarded the "Scout of the Year", making the total number of awardees to 171. Some of the awardees also received recognition from society. Both Edwin CHOW (Scout of the Year 2014) and Mori CHENG (Scout of the Year 2015) were awarded "Grantham Uniformed Youth Groups Outstanding Service Award 2015-2016" from the Grantham Scholarship Fund. Edwin CHOW was also accorded the "APR Outstanding Scout Award" during the 25th Asia-Pacific Regional Scout Conference held in November 2015 in Korea.

Happy Family Campaign - Scout Parents'Day

The Association again received funding from Home Affairs Bureau and the Family Council to launch "Happy Family Campaign" to promote family harmony. Public Relations Branch organized "Scout Parents' Day" in February and March 2016, encouraging Scout groups to include the families of their youth members to join the group meetings. Participants had the opportunity to share the fun of Scout activities which had created a harmonious atmosphere. Around 3,000 Scouts and their family members joined the event which was well received.

International Branch is responsible for linking up Hong Kong Scouts with other Scouts around the world. In the year under review, more than 1,500 Scouts travelled to 21 countries and regions to take part in various Jamborees, seminars and other exchange activities, while some 700 Scouts from 19 countries paid visit to Hong Kong and joined our activities. Highlights of some of these activities are as follows:

23rd World Scout Jamboree (28.7 – 8.8.2015)

A Contingent of 600 members represented Hong Kong at the 12-day "23rd World Scout Jamboree" in Yamaguchi, Japan. The theme of the Jamboree was "Wa: a Spirit of Unity", which stands for harmony, friendship and peace. Our members shared the joy of camping with some 33,000 Scouts from 155 countries and regions.

25th Asia-Pacific Regional Scout Conference (3 – 8.11.2015)

Hong Kong was represented by a 24-member delegation at the 25th Asia-Pacific Regional Scout Conference held in Gwangju, Korea in November 2015 to map out the future development strategies of Scouting with other 480 representatives from 24 National Scout Organizations. The theme of the Conference was "Growth Towards Unity". It highlighted the significance of youth engagement and suggested the adoption of a more systematic approach to recruitment of young leaders. Our Association was recognized during the Conference for our support to Nepal Scouts and our membership growth. Mr Edwin CHOW, Venture Scout of 10th Tai Po North Group, was also awarded "APR Outstanding Scout Award".

Service to Scout Movement at World and Regional Level

Our members were continued to be appointed or re-appointed to serve the World Scout Movement, while some are serving members of various APR Sub-Committees in 2015-2018. They would take part in leading and participating in the planning of key policies of World Scouting. These appointments included:

Chairman, WOSM Finance Committee / Treasurer, APR Scout Foundation Management Committee	Joseph LAU, Deputy Programme Commissioner (Special Projects)
Regional Treasurer, APR Scout Committee	Paul HO, Chairman, Hong Kong Scout Foundation Management Committee
Member, APR Scouting Profile Sub-committee	Hubert HO, Assistant Chief Commissioner (International)
Member, APR Management Sub-committee	TAM Kwok-kuen, Assistant Chief Commissioner (Kowloon Region)
Member, APR Adult Support Sub-committee	Wilson LAI, Assistant Chief Commissioner (New Territories Region)
Member, APR Programme Sub-committee	NGAN Ming-yan, Assistant Chief Commissioner (Friends of Scouting)
Member, APR Scout Committee / Chairman, APR Young Adult Members Group	Mori CHENG, Venture Scout, 17th Kowloon Group

8th Asia-Pacific Regional Scout Youth Forum (29.10 – 1.11.2015)

In conjunction with the 25th APR Scout Conference, our 6 youth members attended the 8th APR Scout Youth Forum which was also held in Korea. Over 100 participants from 25 National Scout Organizations shared their views on different aspects of World Scouting in this 4-day Forum to address issues relevant to the Region, followed by formulation and submission of resolutions to the Conference. It fully demonstrated youth involvement in the Scout Movement.

In the year under review, over 1,100 members visited different Mainland provinces to carry out service programmes and cultural exchange activities. In the same period, 400 Mainland youths paid visit to our Association Headquarters or took part in our activities. Highlights of these activities are as follows.

Hubei Internship Programme 2015 (13.6 – 12.7.2015)

"Hubei Internship Programme 2015", the first-ever Internship programme organized by our Association, was held in Summer 2015. A total of 24 participants worked at 4 listed companies in Wuhan, Hubei for a month. It gave them a taste of working in China and a chance of experiencing the culture of Mainland job market. Weekend excursion and exchange activities were arranged during their leisure time, which enriched their knowledge about the cultural and economic development in China.

Exploring One-hour Living Circle in the Pearl River Delta (27.6.2015)

A new attempt was made in June 2015 by 30 Scout members – to travel to and from 5 cities in the Pearl River Delta within 12 hours, including Shenzhen, Guangzhou, Zhuhai, Macau and Hong Kong, by ferry, coach, high speed rail and intercity railway. They were introduced to development in the Pearl River Delta, and the associated challenges and opportunities that have brought to Hong Kong.

Hong Kong Youth Reunion of the Shanghai World Expo (5-12.8.2015)

Organized by Home Affairs Bureau, "Hong Kong Youth Reunion of the Shanghai World Expo" was held in August 2015 in Shanghai. Our Association was represented by 40 members to have exchange with the local university students. During the 8-day tour, they have fully felt the prosperity of the "City of Oriental Pearl". Most of them were the past participants of "Hong Kong and Macau Student Tour of the Shanghai World Expo" in 2010. Revisiting the Shanghai World Expo Centre after 5 years' time was a special experience to them.

Workshop for Mainland Exchange Activities 2015 (3, 10, 14-15.11.2015)

"Workshop for Mainland Exchange Activities 2015" was held in November 2015. Some 20 members explored the opportunities brought by the Belt and Road development strategy, and shared the experience in organizing Mainland exchange programmes for Scout members. The workshop was concluded by an excursion to Guangzhou. They visited the Guangdong Youth Federation to discuss the development trend of youth programmes; and Nansha and Qianhai Free Trade Zones to enhance the understanding of economic growth in Mainland.

Sichuan Service Projects

After the Sichuan earthquake in 2008, our Association was subsidized by the HKSAR government to assist in the reconstruction of Mianyang City Youth Activities Centre and Deyang City Youth and Children Palace. Hong Kong Scouts were committed to implement a 5-year Sichuan Youth Quality Training Project since 2012. Our volunteer team together with a team of Mainland volunteers have provided 73 training and activities last year to about 44,000 Sichuan youths, and supported the psychological rehabilitation of the youngsters of Mianyang, Deyang and the surrounding areas. We have also launched Sichuan Volunteer Training, with a view that these trained trainers could take up our role after the 5-year support period. Some 800 Sichuan volunteers received our training last year.

Regions

Appreciation and Support to Frontline Leaders

Providing adequate support to frontline leaders is one of the key working emphasizes of Hong Kong Island Region, thus a "Scout Leaders Club" was established in September 2015 and a "HKIR Scout Show" was held on 30 January 2016 for the youth members to express their gratitude directly to their leaders. Moreover, the Region organized "Scouting for Life Overseas Exploration" programme for participants to experience the values of the Scout Movement and review what they could contribute to the Scout Movement. It is expected more young leaders could be nurtured.

Youth Programme

A wide variety of activities and trainings is the best way to nurture youth members. HKIR always upholds the core values of Scout movement and organizes different activities, trainings and competitions for the youth members. This year, 108 activities, training courses and competitions were held with a participation of 9,236 youth members.

Among various association-wide competitions, HKIR obtained excellent achievements, 15th Hong Kong Group has acquired the overall Champion of the Carlton Trophy 2016. In relation to the sectional highest awards, 118 Cub Scouts obtained the Golden Bauhinia Award; 41 Scouts obtained the Chief Scout's Award, 8 Venture Scouts obtained the Dragon Scout Award, and 1 Rover Scout obtained the Baden-Powell Award.

Community Service - "Take Action"

HKIR continued to echo the annual theme of the Association "Take Action". The theme of "Island Scout Day 2015" was "Take Action. Build a Better Community". Furthermore, "Island Scout Trail Walk 2016" encouraged members to bring the Scout Promise "To Help Other People" into real practice and every participant donated at least one canned food to the underprivileged people.

This year, HKIR further expanded its Scout service target to orphans and children of single parents in Macau. "Macau Group Camp" was organized to let our Scout members deliver their care and love to the youngsters and elderly living in Hong Kong as well as to the children in Macau. In the year, together with the support of districts and Scout groups, 401 social service projects were organized and 7,436 participants had taken part in the services. The total service hours exceeded 66,400 hours.

Leaders' Training - Enhancing Communication

Leaders are the most essential element of the Scout Movement, therefore, the training team has a crucial responsibility in providing training to frontline leaders. This year, the HKIR Training Team improved its training standard via exchanges of information and experience among team members. Thirty-three training courses and workshops were successfully held. The total number of participants exceeded 700. Thirteen leaders obtained the Wood Badge.

Tai Tam Scout Centre – Better service with better facilities

The Tai Tam Scout Centre is devoted to improve its facilities and provide better campsite services. The renovation and improvement works of the bedrooms, washroom and activities rooms had been completed. Furthermore, Tai Tam Scout Centre continued its greening projects and provided 4 gardening areas to Scout members for farming. Besides, a new weather station would be set up and the current Rope Course would be re-built into an Assault Course. A total of 45,000 people have used the Tai Tam Scout Centre this year and its utilization rate nearly reached 100%, which is encouraging.

Kowloon Region Scout Day 2015

After more than a year of planning, an innovative and unprecedented signature event was organized. It aimed to foster Scout brotherhood, encourage Scout members to promote Scout Movement via a distinctive channel to the society, care those in need and encourage family gathering. The event comprised a fund-raising walkathon & parade in Tsim Sha Tsui followed by a ceremony and a carnival in Kowloon Park. The money raised in the walkathon, without deducting any administrative cost, was donated to an international organization called "Habitat for Humanity Hong Kong" for its works to improve the living environment of families with limited resources.

Sichuan Service Projects

Kowloon Region continued to support the 5-year Sichuan Youth Quality Training Project that has been implemented by the Association since 2012. A Sichuan Cultural and Exchange Tour was organized from 27 to 31 December 2015. Fifty five youth and 12 leaders visited a school in Anxian, Mianyang of Sichuan, China. The Contingent provided eye examination for more than 300 primary and junior high students. Several leaders and the optometrist visited the school again on 2 March 2016 to deliver the glasses to the students.

Establishment of Mainland Affairs Committee

To organize mainland affairs and activities of the Region effectively, Kowloon Region Mainland Affairs Committee has been established in July 2015. It aimed to strengthen the cooperation among Mainland Affairs Branch, the Region and Districts for the long term development of our commitment to organize service projects in the Mainland.

Gilwell Campsite 55th Anniversary Celebration

New Territories District Office in 1960 granted permission to Scout Association of Hong Kong to utilize Gilwell Campsite as a Scout training ground. It was then named as "Hong Kong Gilwell Campsite". Since then, the campsite has provided our members a beautiful natural landscape, perfect for Scout training for 55 years. A Team Challenge and Carnival event was held on 26 December 2015. Multiple generations of Scout members participated to celebrate the 55th birthday of Gilwell Campsite.

Campsite Quality Enhancement

The Road Paving Improvement Works of Gilwell Campsite was completed on schedule. The condition of the pavement that led from camping ground to Golden Jubilee Lodge and barbeque site has been improved. To provide an all-rounded outdoor training field for our Scouts, we will continue to enhance the quality of Nature Challenge Adventure training facilities and organize various types of campsite activities.

The Way Forward

Two core development goals of the Region are to increase our support to Scout Groups and Sections as well as to encourage members' sense of belonging. We look forward to uniting members of the Region to bring our Movement to future heights and dimensions.

East Kowloon Region has successfully launched a bunch of activities with the theme of "Buildup Innovativeness in 40th" to celebrate its 40th anniversary and widen members' horizons. The Region joined hands with different social bodies to organize celebrating activities for providing an interactive platform for youth members to exchange ideas with non-Scout youth and muster up their creativity.

Exchange and interaction

The Region kicked off the 40th anniversary festivities with the "Sea Parade cum Water Safety Carnival" in July 2015. With more than 60 crafts, a total of 924 Scout members, jointly with other uniformed groups and marine recreational associations, participated in sea parade. Through taking part in the sea parade, observing different sailing skills of other water sports organizations, and participating in joyful and challenging land-based game booth activities, youth members' horizons have been broadened and the water safety awareness has been further enhanced.

Creativity and development

With the aim of exploring the potentials of Scout members through diversified activities, Musical Rally was held in December 2015. Over 1,800 Scout members and their family have been immersed in various good music, dance performances, art activities and workshops. Some working staff had undergone training to prepare for the event day performance, they performed well with professional artists and served as workshop guides on that day.

Cohesion and vitality

To enhance the solidarity of the Region, Regional Sport Day was held in March 2016. It encouraged Scout members to cultivate the habit of doing exercise for raising their fitness. Although the weather was not ideal, athletes did their best to show up their training and strived for the best result. The finale was District 400m Relay. It was a mixed race and each team consisted of youth members, leaders, commissioners and lay members. The relay had successfully built up team spirit and fostered positive communication. Friendship and sportsmanship were demonstrated during the sport day.

Promotion and enhancement

Pak Sha Wan Tam Wah Ching Sea Activity Centre keeps up its effort in promoting sea activities by organizing different trainings so as to encourage more members participating in sea activities. With the successful experience from organizing Kayak Racing League 2014, the Centre continued to hold Kayak Racing League in 2015 to promote canoe activity.

The Centre keeps up the effort in enhancing facilities and improving its environment. A series of improvement projects had been carried out, such as installation of floodlight and retractable awning at the rooftop of the Main Building, the renovation of fences, and the installation of stainless fences at flag raising area. To tie in with different types of activities and to encourage diversified development of youth members, the Centre endeavored to provide different kinds of boats and facilities. By launching these series of improvement projects, the Centre will be upgraded as a more comfortable, safer and better equipped centre.

Being Innovative and Keeping up with the Times

New Territories Region (the Region) launched the Region's Mobile App in December 2015. Besides browsing the circulars, latest news and training information, users could join Scout groups through the App. This provided a speedy channel for Scout members, leaders and the public to obtain the latest Scout information. Apart from regular content, the Region would also update the training information and guidelines from time to time, which served as an additional informative platform to continuously improve the quality of leaders' training.

Hong Kong Scouts' life-changing experience

ANDREI VAN WYK

AFTER a six-day trip in South Africa learning more about the complexities of animal conservation, seven Scouts and representatives from Hong Kong partnered with members of Khoo SA and Captured in Africa for an end of term presentation on 28 August.

Hosted at the Wilderness Safaris offices in Rosetta, the representatives from the Scouts Association of Hong Kong and the Jane Goodall Institute presented what they had learnt.

They were hosted by local safari operator Captured in Africa, an organisation which promotes conservation through safari.

The Scouts were educated in conservation and the complex issues surrounding it through visits to the Kruger National Park and the Cradle of Humankind.

Founder of Captured in Africa, Dawn Abrahamson said: "We were contacted by the Jane Goodall people in Hong Kong who ran a competition with the Scouts Association with regards to environment activities. So we have much knowledge on conservation issues as possible."

Abrahamson added that it was very important that Scouts gained first-hand knowledge of the beautiful wildlife and hopefully create a connection with the endangered species in Africa.

Roberto Ng from the Jane Goodall Institute in Hong Kong said, "So the future is a very different world because we have here are only buildings and there are no opportunities to see all the [illegible] and beautiful wildlife. That was very impactful. I think it's very important for them to understand the crisis in Africa, which has to do with the cities coming into Asia such as the demand in ivory and rhino horn."

He said the trip was a way to "get the Scouts people very engaged" [illegible] of Africa. The event saw the Scouts socialising with members of Khoo SA and other organisations before presenting their findings on their six-day trip.

Scouts... Michael Chow, Thomas Wong, Bercom Yip, Alex Lau and Sam Leung with Kirsten Everett at the end of two families at the Wilderness Safaris offices.

Diversified and Instructive Activities

This year, the Region held a number of new activities to explore members' potentials. In early 2015, the Region and the Jane Goodall Institute (Hong Kong) co-organized the programme "Messengers of Nature". With the message of protecting endangered species, participants created short films for competition. The works were highly praised and had successfully raised public awareness on conservation. In February 2016, the Region organized the "NTR Superhero Campfire Show". With the popular cartoon and comic heroes as the theme, the event attracted over 1,000 members to join. Creative Scout members came up with spectacular campfire performances. All of us enjoyed the moment. "Challenge for Life", an oversea programme for nurturing future successors, started in early 2016. Through outdoor trainings and workshops, the participants received different challenges which boosted their leadership skills. In August 2016, they will go to Brisbane, Australia to receive special and unique challenges. We hope they could learn differently there.

Reconstruction of Diamond Jubilee House Fully Supported by President

For the re-development project of Tuen Mun Diamond Jubilee House, the administrative work and planning were still in process. Regional President Mr. Karson CHOI showed his support to the project by donating 10 million Hong Kong Dollars for the project. The Diamond Jubilee House would be renamed to "Karson Choi Diamond Jubilee House" afterwards. Besides, campsite improvement works for Tung Tsz Scout Centre and Choi Chee Ming Luen Kwong Scout Centre had been completed. Improvement project of Tai Mei Tuk Sea Activity Centre was under planning. The Region expected to provide better training environment to our Scout members.

The Way Forward

The Region will review the 5-years development plan, set new goals in each department, plan a better development orientation and organize creative activities for our Scout members. 2016 is the 105th Anniversary of Hong Kong Scout Movement. The Region will organize celebrating activities and be well prepared for the Jamboree. We wish to bring all Scout members another memorable camping experience.

With the support from different sectors of the community and the contribution made by volunteers, New Territories East Region (NTER) has accomplished all scheduled events with positive feedback. All the objectives set in the 2012 Region's Strategic Planning have been achieved. By this year, the numbers of groups, sectional units and sectional highest awardees have been growing, and almost all groups have submitted their financial reports to the Region. Seeing better overall quality, high morale from people in NTER and various programmes being held successfully, it can be concluded that NTER is developing at a tremendous pace.

Encouraging Member to Achieve the Highest Award

As at 31 December 2015, NTER had a total of 11,627 members and 227 Scout groups. The Region had organized 35 youth programmes and 20 leader training courses with 26 leaders completed the Wood Badge Training. The number of youth members achieving the highest awards reached 259, including 218 Golden Bauhinia Awards, 35 Chief Scout's Awards and 6 Dragon Scout Awards The overall results are encouraging.

Promoting Messages of Environmental Protection and Contributing to the Community

To foster environmental protection educational work, NTER organized the "North Terrain Environmental Ramble 15". A group of 6 leaders and 10 members spent 12 days in Norway in Arctic region to study environmental science and they witnessed the impacts of climatic change. They have the mission of advocating education programmes on environmental protection and have arranged to conduct sharing sessions at different schools after the trip.

Excellent Scout Band Performance Help Promote Scout Image

Organizing a Scout band performance was new to NTER. The performance aimed at promoting marching band development and it allowed marching bands from different uniform groups to come together and to share experience. There were 5 uniform groups participating in the performance and a thousand of citizens enjoying it. The performance helped promote Scout image and the result was remarkable.

Innovative Programmes Are Progressing with the Times

In 2016, NTER keeps on facing challenges, seeking for innovation and striving for excellence. NTER has planned for various major Scouting events, they are athletic meet which promotes healthy lifestyle, swimming gala, "Melbourne Challenge", promotion on Environmental Protection Charter, CPR and AED training course, "NTER Headquarters Open Day cum Recruitment Day" and "Land, Sea and Air Activities Carnival". Other than these, NTER is going to organize a retreat camp for all commissioners for enhancing and developing strategic plan and action plan for upcoming years to achieve excellence and perfection in Scouting.

Learning Programmes re-accredited under Hong Kong Qualifications Framework (QF) Level 3

Three QF Level 3 learning programmes, namely Certificate in Leadership Skills, Certificate in Expedition Skills and Certificate in Adventure Education: Principles and Application were successfully assessed and re-accredited by Hong Kong Council for Accreditation of Academic & Vocational Qualifications. Fifteen cohorts of the above three learning programmes have been conducted and a total of 217 participants successfully completed their study since 2013. The qualification of the three learning programmes continues to be entered into the Qualifications Registers for three years until 28 February 2019.

Training Programmes in Wong Siu Sang Leadership Training Institute (LTI)

A variety of adventure education training programmes have been organized for Scout members and general public since the establishment of LTI. In 2015-2016, LTI has offered 214 programmes for 69 units with a total of 10,309 participants.

Leadership Training for Tertiary Institute Students

With trust and recognition from tertiary institutes, LTI was invited to design and deliver a general education elective course, "Leadership in Practice", for students of United College of The Chinese University of Hong Kong. Sixteen cohorts of a total of 356 students have successfully completed the courses since 2008. LTI has also collaborated with PolyU-SPEED to organize a credit bearing general education course on leadership. A total of 527 students have successfully completed the study in 2015-2016.

Scout Association of Hong Kong Aviation Training Centre

With a demand for quality flight training and the recent operation of the new air activities syllabus for Scout Section and Venture Scout Section, Aviation Training Centre is pleased to provide full and comprehensive support to our members. The training sessions of simulated flights has increased from 339 in 2014-2015 to 740 in 2015-2016; and simulated flight hours has increased from 522 in 2014-2015 to 815 in 2015-2016, with an average increase of 1.9 times of usage when comparing with previous year.

Internal Support

One of the missions of Aviation Training Centre is to support Programme Branch to implement the long term policy on further development of air activities in Scouting. The syllabus of the Air Crew Badge in Venture Scout Section is the training focus of the Centre. In 2015-2016, 198 training sessions on simulated flights were offered for the Air Crew Badge training, with a total of 172 simulated flight hours. To enhance the quality of training, the Centre also provided simulated flight instructional training to leaders, a total of 482 simulated flights sessions related to instructor training had been conducted.

External cooperation

The advanced training devices have caught the eyes of aviation industry. Our Association was invited by Dragonair Youth Aviation Academy to join the "Dragonair Aviation Certificate Programme" as co-organizer in 2016. This provides opportunities for our members to develop their interest in and passion for aviation career. After internal selection and follow-up training, 7 members of our Association were invited to join the "Dragonair Aviation Certificate Programme", in which they would go through a comprehensive nine-month aviation training programme. Moreover, our Association is officially recognized as an Organization Member of Hong Kong Aviation Club. Aviation Training Centre has arranged 6 instructors to prepare for check-out flight and oversea license conversion training. It is expected that they will provide local flying experience to our members in the future.

The Friends of Scouting (FOS) assists the Scout Association of Hong Kong in extending its services to non-Scout youth and providing social service in response to the needs of the community. It is one of the subsidiaries of the Association.

"Creating favourable circumstances for young people to develop themselves and make contribution to the community" is FOS's mission. The services of FOS include Integrated Children & Youth Service, School Social Work Service and Comprehensive Education Service. There were 9 Scout groups under the sponsorship of FOS.

Integrated Children & Youth Service

In 2015-2016, both centres for children and youth service locating in Yuen Long and Kowloon Bay have made use of arts to enhance the self discipline of youth and to facilitate their goal setting. "I DANCE" project has successfully developed our clients the sense of achievement by means of a variety show through their participation in organizing the show. Besides, "Music & Care" project facilitates young people to serve the needy of the community.

Apart from socialization and social competence development, our Centres served children with special education needs. "Active Heart of Children" project, which provided service to Attention Deficit/ Hyperactivity Disorder (ADHD) children and their parents, gained good recognition from the community.

Throughout the year, FOS organized different programmes to serve different needs of clients. "Know the Future" project for non-engaged youth was an example to enhance youth life planning. Service projects for ethnic minorities such as "Loving EM Family", "Home at Kwun Tong" and "We are the Same" have provided supportive services for ethnic minorities. All these projects have achieved good results in general.

School Social Work Service

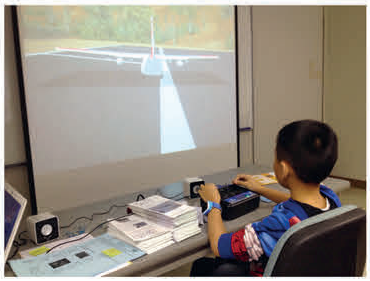

The School Social Work Team provides stationing service for 10 secondary schools in Yuen Long and Tuen Mun. Services include individual counselling, group and developmental work, parent education and community services. In 2015-2016, the common theme for the schools we served was "Caring Campus", which aimed to promote caring school culture, foster acceptance of different culture, and to encourage the understanding of those with learning difficulties. The theme emphasized three elements: Respect, Acceptance and Admiration. Our school social workers organized 310 programmes/groups with a total attendance of 26,744 and handled 956 cases. On the whole, the School Social Work Team achieved the designated objectives and their work was highly appreciated by the schools we served.

Education Service

The Education Centre aims at developing various academic and interest courses in providing learning opportunities to people of different walks of life. It conducted 527 courses from April 2015 to March 2016, including 449 non-subvented courses and 78 subvented courses comprising 12 courses of Adult Education and 66 courses funded by Employees Retraining Board (ERB). The total number of enrollment was 4,610, among which 68% was children and youth.

During the Christmas holidays in 2015, we launched a series of aerospace courses including, "I want to be a pilot" and "I want to be an astronaut", attracting over a hundred of students to join. Education Centre has also successfully been approved by ERB and the Hospital Authority to launch the "ERB Foundation Certificate in Care-related Support Worker Training" course in the coming year.

Fellowship with BP Spirit

The Baden-Powell Scout Club of Hong Kong (BP Club) is to maintain the fellowship among serving and retired/ inactive Scout members in Hong Kong. Members of the BP Club are committed to keeping the Scout Promise and Law as well as upholding the spirit of Scouting.

Attractive Activities throughout the Year

In the year, a wide range of overseas and Mainland tours were organized, including an overnight trip to Foshan, Lychee Journey in Dongguan, Thailand Winery Tour and Chimelong Ocean Kingdom 2-day tour in Zhuhai. A number of cheerful social gathering were also held. The Singing Contest held on 27 June 2015 attracted many of our members to show off their talents. The Lunar New Year Pun Choi Feast and Majong Competition were equally well received.

Another remarkable event was the Inauguration Ceremony cum Annual Dinner held on 28 November 2015. The ceremony was co-officiated by Mr LI Fung-lok, Chairman of the Executive Committee and Mr NG Ah-ming, the Chief Commissioner. Some 300 guests attended and enjoyed a wonderful evening full of laughter.

Diversified Interest Classes and Talks

As in the past, different interest classes and talks were arranged for our members. Popular ones included TaiJi, Erhu (Chinese violin) and social dance. The talk on "Cancer Prevention – The Cheapest Ways" shared with members the knowledge on how to prevent cancer in daily life, while the legal talk delivered by a solicitor introduced some common legal knowledge and topics our Scout leaders might encounter.

Activities of Interest Clubs

Five wine tasting gatherings were organized by the Wine Society for members to taste wines from different origins, such as Spanish wine and Sicilian wine. A specialist was also invited to the "Tasting of Renowned Wine from Bordeaux" gathering on 17 July 2015, which provided an opportunity for our members to have a deeper understanding of different wines and learn the wine tasting techniques.

"Cantonese Opera Fun Day" was held by the Chinese Opera Society at Kwun Tong Community Centre on 13 December 2015 to demonstrate our care and blessings to the elderly by series of beautiful songs and gift bags.

Other than providing uniforms, it's always been our mission to supply quality products relating to Scout activities at reasonable prices. The Scout Shop will continue to look for various outdoor products, books, gifts and premium items to cope with the needs of our Scout members. At the same time, more brands would be invited to participate in our promotion activities for offering discounts and benefits to our fellow members. Both our facebook and on-line shop would be updated with relevant promotion messages so as to arouse our members' attention and interest.

Main Shop in Hong Kong Scout Centre

During the year, the Scout Shop had introduced new outdoor products, books, gifts and premium products. Sourcing from the UK World Scout Shop was one of the ways. The Shop had also developed and launched its own new products featuring Scout identity, such as the Scout family plastic folder, packable water repellent wind breaker and wallet with our logo. Besides, some new outdoor brands were also introduced to members with promotion privilege such as discounts offer, free gifts, or bundle/bulk discounts. In future, the Shop will continue to pay attention to members' and customers' needs and opinions on goods and services, to improve its image and services accordingly.

Internet Shop

Currently, we have more than 1,600 registered E-shop members, who can shop, enquire and browse our products through www.scout.org.hk/shop. As on-line shopping gets more and more popular, in order to cope with increasing visits and foreseeable future operation needs, we have arranged to increase the volume limit in website traffic with our service provider.

Scout Shop Facebook Page

Scout Shop Facebook Page has been operating since February 2011, attracting more than 1,800 "LIKE" from our followers. There were at least 600 browsing records for each message being posted for the year. In future, this will continue to be an important platform for the Shop to gain exposures, catch attention, post news, announce promotions and interact with fellow members

The Commissioners' Club located on the 8th Floor of Hong Kong Scout Centre has more than 4,800 members. Its establishment is to provide a well equipped and elegant meeting place for members, Scout leaders and adult members to enhance fellowship.

Catering Services

Providing members with a variety of choices, the Club is featured with the following facilities: Kum Tao Heen, Impeesa Bar, Brownsea Lounge and Gilwell Corner. Kum Tao Heen, a comfortable venue which serves Cantonese cuisine, is in-charged by renowned chefs. Scrumptious cuisine is recommended by chefs from time to time to bring delights to Club members. Impeesa Bar is an ideal place for social gathering with fellow Scouts, friends and members. Brownsea Lounge offering spectacular view of the harbour, with an outdoor area of 4,000 square feet, is a good place for BBQ fun and weddings. Gilwell Corner, a café for chit-chatting and social gathering, offers another choice of fast food.

Club Activities

Brownsea Lounge Night held on 27 November 2015 was a social gathering of Club members to enjoy the feast under the views of stunning Victoria Harbour and the majestic Hong Kong skyline lit up at night. The other event organized in the year was the annual banquet to celebrate the Lunar New Year with around 200 members and guests. Live band performance and lucky draw added colours to the banquet.

Invited Members

A new membership category named Invited Members was introduced this year to invite more Scout members to join the Club and enjoy the Club facilities. Any Instructors or Sub-Club members of The Baden-Powell Scout Club of Hong Kong aged 18 or over are eligible to apply.

Exclusive for Members

Free Drinks at Impeesa Bar is available for members on every Friday evening. Club members also enjoy 20% discount of birthday offer and discount on designated shop. The periodic Club Newsletter which reports the latest news of the Club and provides tips of healthy life is very much liked by the members.

Hong Kong tourist industry encountered a series of challenges in 2015, resulting in a year-on-year decrease of total visitor arrivals by 2.5% to nearly 59.31 million. Mainland China continued to be the Territory's largest source market. However, the implementation of "one visit per week" policy, as well as the social atmosphere, have combined to dampen travel enthusiasm for many mainland visitors.

A number of foreign currencies including Japanese yen, Korean won and euro recorded value depreciations during the year. In addition, many countries and regions have relaxed their visa requirements or roll out tailored promotions to attract mainland visitors. Economic growth in China was slowed down. All these hindered mainlanders' spending and desire to travel abroad.

For short-haul markets, total arrivals declined 1.3% in 2015. This was due in part to the continued strength of the Hong Kong dollar. The outbreak of Middle East Respiratory Syndrome (MERS) in South Korea, Hong Kong's third largest source market, led to a plunge in Korean visitors. Arrivals from long-haul markets in general remained stable.

During the fiscal year 2015-2016, B P International House (BPIH) recorded an average room occupancy rate of 94%, slightly lower than the previous year by about 0.5%, but higher than the industry average which came in at just above 80%. However, the average room rate decreased by 23%, which was on par with the market.

E-commerce recorded significant growth in 2015, making this platform an increasingly crucial channel for room sales. Various strategic measures have been undertaken and more resources will be devoted to explore the full potential of e-commerce. Our new website has been launched, and was further enhanced with a modern interface design plus useful content and other user-friendly features. A Wi-Fi upgrade project will be completed later for better internet connections in guestrooms. In view of our exemplary services, BPIH received a host of awards last year, including the Agoda Gold Circle Award 2015, and the Silver Award at the Rakuten Travel Award 2015.

Our restaurant outlets will continue to launch new menus to enrich the overall guest dining enjoyment experience. The launch of the POS system is targeted to lead to more efficient services. In addition, both Cafe by the Park and Flamingo Lounge have been accredited as "2016 Quality Tourism Services Merchants" by the Hong Kong Tourism Board.

Gordon Wu Hall, a multi-functional venue of BPIH, will continue to be marketed toward the MICE travel sector after the completion of a series of equipment upgrades by 2016. Gordon Wu Hall has again been accredited as "2016 Quality Wedding Merchant" by the Hong Kong Productivity Council.

BPIH is also committed to providing a range of community services. For instance, we supported "Earth Hour 2016" organized by the WWF, by switching off all neon lights on external walls and dimming down unnecessary lighting in offices.

To embrace the coming economic challenges ahead, BPIH will continue to monitor and respond quickly to changes in market trends and customer needs. We are determined to capture all viable business opportunities while at the same time put in place efficient cost control measures and enhance our overall risk management protocols in order to make positive progress with our core businesses. We at the BPIH are cautiously optimistic and confident of achieving better performance over the coming years.

Independent auditor's report to the Council of Scout Association of Hong Kong

(Incorporated under the Scout Association of Hong Kong Ordinance)

We have audited the financial statements of Scout Association of Hong Kong (the "Association") set out on pages 3 to 46, which comprise the statement of financial position as at 31 March 2016, the statement of income and expenditure, the statement of comprehensive income, the statement of changes in funds and reserves and the cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Responsibility of the Executive Committee for the financial statements

The Executive Committee is responsible for the preparation of financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and for such internal control as the Executive Committee determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. This report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Executive Committee, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent auditor's report to the Council of Scout Association of Hong Kong (continued)

(Incorporated under the Scout Association of Hong Kong Ordinance)

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Association as at 31 March 2016 and of the Association's financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards.

Notes to the financial statements
(Expressed in Hong Kong dollars)

1 General information

(a) Organisation and activities

Scout Association of Hong Kong (the "Association") is a body corporate with perpetual succession established under the Scout Association of Hong Kong Ordinance (Chapter 1005 of the Laws of Hong Kong) for the purpose of furthering and promoting the Scout Movement in the Hong Kong Special Administrative Region ("HKSAR").

The Association established The Hong Kong Scout Foundation in accordance with the Scout Association of Hong Kong Ordinance. On cessation or dissolution of the Foundation Management Committee, the Association would be the legal owner of all funds and assets under the name of the Foundation.

(b) Operations included in the financial statements

The financial statements include the operations of the following:

(i) Headquarters of Scout Association of Hong Kong ("Scout Headquarters");

(ii) The Hong Kong Scout Foundation ("the Foundation");

(iii) The Scout Shop of Hong Kong ("Scout Shop");

(iv) B P International House ("Hostel operation");

(v) Hong Kong Island Region, Kowloon Region, East Kowloon Region, New Territories Region and New Territories East Region, including New Territories Region Development Fund Commission and New Territories Campsites & Sea Activities Centre Development Fund (collectively known as "the Regions"); and

(vi) Gilwell Campsite, Pak Sha Wan Tam Wah Ching Sea Activity Centre, Tai Tam Scout Centre, Tung Tsz Scout Centre, Shatin Scout Centre, Tai Mei Tuk Sea Activity Centre and Choi Chee Ming Luen Kwong Scout Centre (collectively known as "the Campsites").

1 General information (continued)

(b) Operations included in the financial statements (continued)

Their principal activities are as follows:

Scout Headquarters, the Regions and the Campsites:

- furthering and promoting the Scout Movement in the HKSAR.

Hong Kong Scout Foundation:

- managing any funds assigned by the Executive Committee of Scout Association of Hong Kong;
- receiving any donations for the Foundation; and
- managing the surplus generated from the investment of the funds.

Scout Shop of Hong Kong:

- selling of Scout uniforms and other accessories.

B P International House:

- operating a hostel.

2 Significant accounting policies

(a) Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and accounting principles generally accepted in Hong Kong. A summary of the significant accounting policies adopted by the Association is set out below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Association. Note 2(c) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Association for the current and prior accounting periods reflected in these financial statements.

The measurement basis used in the preparation of the financial statements is the historical cost basis except for financial instruments classified as available-for-sale securities (see note 2(d)) which are stated at fair value.

2 Significant accounting policies (continued)

(b) Basis of preparation of the financial statements

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 3.

(c) Changes in accounting policies

The HKICPA has issued the following amendments to HKFRSs that are first effective for the current accounting period of the Association:

- *Annual Improvements to HKFRSs 2010-2012 Cycle*
- *Annual Improvements to HKFRSs 2011-2013 Cycle*

None of these developments have had a material effect on how the Association's results and financial position for the current or prior periods have been prepared or presented. The Association has not applied any new standard or interpretation that is not yet effective for the current accounting period.

(d) Investments in debt and equity securities

Investments in debt and equity securities are initially stated at fair value, which is their transaction price unless it is determined that the fair value at initial recognition differs from the transaction price and that fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets. Cost includes attributable transaction costs. These investments are subsequently accounted for as follows, depending on their classification:

(i) Held-to-maturity debt securities

Dated debt securities that the Association has the positive ability and intention to hold to maturity are classified as held-to-maturity securities. Held-to-maturity securities are stated at amortised cost less impairment losses.

2 Significant accounting policies (continued)

(d) Investments in debt and equity securities (continued)

(i) Held-to-maturity debt securities (continued)

Impairment losses for held-to-maturity securities are recognised when there is objective evidence of impairment and are measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the asset's original effective interest rate (i.e. the effective interest rate originally computed at initial recognition of the asset). Objective evidence of impairment includes observable data that comes to the attention of the Association about events that have an impact on the asset's estimated future cash flows.

If in a subsequent period the amount of an impairment loss decreases and the decrease can be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss is reversed through the statement of income and expenditure. A reversal of an impairment loss shall not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

(ii) Available-for-sale securities

Other investments in securities, being those held for non-trading purposes, are classified as available-for-sale securities. At the end of each reporting period the fair value is remeasured, with any resultant gain or loss being recognised in other comprehensive income and accumulated separately in equity in the investment revaluation reserve, except foreign exchange gains and losses resulting from changes in the amortised cost of monetary items such as debt securities which are recognised directly in the statement of income and expenditure.

Dividend income from these investments is recognised in accordance with the policy set out in note 2(n)(v) and, where these investments are interest-bearing, interest calculated using the effective interest method is recognised in the statement of income and expenditure in accordance with the policy set out in note 2(n)(iii). When these investments are derecognised, the cumulative gain or loss is reclassified from the investment revaluation reserve to the statement of income and expenditure.

When there is objective evidence that available-for-sale securities are impaired, the cumulative loss that has been recognised in the investment revaluation reserve is reclassified to the statement of income and expenditure. The amount of the cumulative loss that is recognised in the statement of income and expenditure is the difference between the acquisition cost (net of any principal repayment and amortisation) and current fair value, less any impairment loss on that asset previously recognised in the statement of income and expenditure. Objective evidence of impairment includes observable data that comes to the attention of the Association concerning the underlying financial stability of the investee as well as a significant or prolonged decline in the fair value of an investment below its cost.

2 Significant accounting policies (continued)

(d) Investments in debt and equity securities (continued)

(ii) Available-for-sale securities (continued)

Impairment losses recognised in the statement of income and expenditure in respect of available-for-sale equity securities are not reversed through the statement of income and expenditure. Any subsequent increase in the fair value of such assets is recognised directly in other comprehensive income.

Impairment losses in respect of available-for-sale debt securities are reversed if the subsequent increase in fair value can be objectively related to an event occurring after the impairment loss was recognised. Reversals of impairment losses in such circumstances are recognised in the statement of income and expenditure.

When the investments are derecognised, the cumulative gain or loss recognised in equity is reclassified to the statement of income and expenditure.

(e) Property, plant and equipment

Property, plant and equipment is stated at cost less accumulated depreciation and impairment losses.

Construction in progress represents building and leasehold improvements on which construction work has not been completed and furniture and equipment pending installation. It is carried at cost which includes construction expenditures and other direct costs less any impairment losses. On completion, construction in progress is transferred to the appropriate categories of property, plant and equipment at cost less accumulated impairment losses. No depreciation is provided for construction in progress until they are completed and available for use.

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight line method over their estimated useful lives as follows:

– Leasehold land	Over the unexpired term of lease
– Buildings	50 years
– Leasehold improvements	Over the shorter of the unexpired term of lease and their estimated useful lives
– Machinery, motor vehicles, furniture, fixtures and computer equipment	3 - 15 years
– Programme and training equipment	4 years

Both the useful life of an asset and its residual value, if any, are reviewed annually.

2 Significant accounting policies (continued)

(e) Property, plant and equipment (continued)

The carrying amounts of property, plant and equipment are reviewed for indications of impairment at the end of each reporting period. An impairment loss is recognised in the statement of income and expenditure if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. The recoverable amount of an asset, or of the cash-generating unit to which it belongs, is the greater of its fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the assets. An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in the statement of income and expenditure on the date of retirement or disposal.

(f) Leased assets

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Association determines that the arrangement conveys a right to use a specific asset or assets for an agreed period of time in return for a payment or a series of payments. Such a determination is made based on an evaluation of the substance of the arrangement and is regardless of whether the arrangement takes the legal form of a lease.

(i) Classification of assets leased to the Association

Assets that are held by the Association under leases which transfer to the Association substantially all the risks and rewards of ownership are classified as being held under finance leases. Leases which do not transfer substantially all the risks and rewards of ownership to the Association are classified as operating leases.

(ii) Operating lease charges

Where the Association has the use of assets held under operating leases, payments made under the leases are charged to the statement of income and expenditure in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives received are recognised in the statement of income and expenditure as an integral part of the aggregate net lease payments made.

2 Significant accounting policies (continued)

(g) Inventories

Inventories are carried at the lower of cost and net realisable value.

Cost is calculated using the first-in, first-out method and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

(h) Receivables

Receivables are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method, less allowance for impairment of doubtful debts, except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for impairment of doubtful debts.

Impairment losses for bad and doubtful debts are recognised when there is objective evidence of impairment and are measured as the difference between the carrying amount of the financial asset and the estimated future cash flows, discounted at the asset's original effective interest rate where the effect of discounting is material. Objective evidence of impairment includes observable data that comes to the attention of the Association about events that have an impact on the asset's estimated future cash flows such as significant financial difficulty of the debtor.

Impairment losses for receivables whose recovery is considered doubtful but not remote are recorded using an allowance account. When the Association is satisfied that recovery is remote, the amount considered irrecoverable is written off against receivables directly and any amounts held in the allowance account relating to that debt are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in the statement of income and expenditure.

2 Significant accounting policies (continued)

(i) Trade and other payables

Trade and other payables are initially recognised at fair value and subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

(j) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Association's cash management are also included as a component of cash and cash equivalents for the purpose of the cash flow statement.

(k) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(l) Income tax

The Association is exempted from Hong Kong Profits Tax by virtue of Section 88 of the Inland Revenue Ordinance.

(m) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Association has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

2 Significant accounting policies (continued)

(n) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Provided it is probable that the economic benefits will flow to the Association and the revenue and costs, if applicable, can be measured reliably, revenue is recognised in the statement of income and expenditure as follows:

(i) Sale of merchandise, food and beverage

Revenue is recognised when merchandise, food and beverage are sold and the related risks and rewards of ownership have been transferred to the customers. Revenue is stated after deduction of any trade discounts.

(ii) Hostel room and hall revenue

Hostel room and hall revenue from rooms and other ancillary services is recognised when the services are rendered.

(iii) Interest income

Interest income is recognised as it accrues using the effective interest method.

(iv) Donations

Donations not designated for any specific purposes are utilised at the discretion of the Executive Committee and are recognised as revenue upon receipt of cash. Designated donations are recognised in the statement of income and expenditure on a systematic basis in the same periods in which the expenses are incurred.

(v) Dividends

Dividend income from listed investments is recognised when the share price of the investment goes ex-dividend.

(vi) Government grants

Government grants are recognised when there is reasonable assurance that they will be received and that the Association will comply with the conditions attaching to them.

(o) Translation of foreign currencies

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in the statement of income and expenditure.

(u) Sinking fund

The Sinking fund is represented by funds provided for future redevelopment of the Hong Kong Scout Centre building of the Association. The provision for the current year is $19,000,000 (2015: $19,000,000).

3 Accounting judgements and estimates

In the process of applying the Association's accounting policies, management has made the following accounting judgements:

Held-to-maturity financial assets

The Association follows the guidance of HKAS 39, *Financial instruments: Recognition and measurement* on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity as held-to-maturity. This classification requires significant judgement. In making this judgement, the Association evaluates its intention and ability to hold such investments to maturity.

If the Association fails to keep these investments to maturity other than for specific circumstances explained in HKAS 39, it will be required to reclassify the whole class as available-for-sale. The investments would then be measured at fair value instead of at amortised cost.

9 Other financial assets

	2016 $'000	*2015* $'000
Held-to-maturity debt securities		
Listed in Hong Kong	47,894	31,201
Available-for-sale equity securities		
Listed in Hong Kong	172,192	181,137
	220,086	212,338
Market value of held-to-maturity debt securities	48,134	32,111
Fair value of individually impaired available-for-sale equity securities	40,093	61,017

As at 31 March 2016, certain of the Association's available-for-sale equity securities were individually determined to be impaired on the basis of significant or prolonged decline in their fair value below cost. Impairment losses on these investments were recognised in the statement of income and expenditure in accordance with the policy set out in note 2(d)(ii).

10 Inventories

Inventories in the statement of financial position comprise:

	2016 $'000	*2015* $'000
Food and beverages	931	872
Uniforms and accessories	4,205	3,920
	5,136	4,792

All of the inventories are expected to be recovered within one year.

11 Receivables, deposits and prepayments

	2016 $'000	*2015* $'000
Trade receivables	5,164	7,805
Other receivables	2,719	4,111
Deposits	662	620
Prepayments	3,607	27,422
	12,152	39,958

All of the receivables, deposits and prepayments are expected to be recovered or recognised as an expense within one year.

(a) Impairment of trade receivables

Impairment losses in respect of trade debtors are recorded using an allowance account unless the Association is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against trade debtors directly (see note 2(h)).

No allowance for doubtful debts has been provided or reversed for the years ended 31 March 2015 and 2016.

(b) Trade debtors that are not impaired

Trade debtors are due within 30 days from the date of billing. Further details on the Association's credit policy are set out in note 15(b)(ii).

The ageing analysis of trade debtors that are neither individually nor collectively considered to be impaired is as follows:

	2016 $'000	*2015* $'000
Neither past due nor impaired	4,741	6,648
Less than 1 month past due	301	1,020
1 to 3 months past due	122	137
	423	1,157
	5,164	7,805

11 Receivables, deposits and prepayments (continued)

(b) Trade debtors that are not impaired (continued)

Receivables that were neither past due nor impaired relate to a wide range of customers for whom there was no recent history of default.

Receivables that were past due but not impaired relate to a number of independent customers for whom there is no recent history of default and have a good track record with the Association. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

12 Cash and bank deposits

(a) Cash and bank deposits comprise:

	2016 $'000	*2015* $'000
Bank deposits	772,826	715,776
Cash at bank	64,857	57,837

Deferred income	2,125	1,332
Accrued expenses, deposits and temporary receipts (note)	3,994	4,481
	52,292	53,025

All of the trade and other payables are expected to be settled or recognised as income within one year or are payable on demand.

Note: Temporary receipts include receipts of $450,000 (2015: $450,000) received from the Home Affairs Bureau of the HKSAR in the current year. During the year, $333,639 (2015: $354,165) was expended for "Assistance Scheme operated by Uniformed Groups and the Hong Kong Award for Young People for Needy Student Members". As at 31 March 2016, the remaining balance was $212,196 (2015: $95,835).

15 Capital management and financial risk management

(a) Capital management

The Association's objectives when managing capital are to safeguard the Association's ability to continue as a going concern in order to maintain an optimal fund structure.

(b) Financial risk management

Exposure to currency, credit and liquidity risks arises in the normal course of the Association's business. The Association is also exposed to equity price risk arising from its equity investments in listed securities.

The Association's exposure to these risks and the financial risk management policies and practices used by the Association to manage these risks are described below.

(i) Currency risk

The Association's functional currency is Hong Kong dollars. The Association mainly operates in Hong Kong and is exposed to currency risk primarily with respect to the United States dollars in respect of held-to-maturity financial assets and Renminbi in respect of bank deposits.

In the opinion of the Executive Committee, the Hong Kong dollar to United States dollar exchange rate is reasonably stable under the Linked Exchange Rate System. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies and, therefore, the Association considers the risk of movements in exchange rates between the Hong Kong dollar and the United States dollar to be insignificant. In respect of balances denominated in Renminbi, the Association ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary to address short-term imbalances.

Exposure to currency risk

The following table details the Association's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the Association's functional currency of Hong Kong dollars. For presentation purposes, the amounts of the exposure are shown in Hong Kong dollars.

	(Expressed in Hong Kong Dollars) *Renminbi*	
	2016 $'000	*2015* $'000
Cash and bank deposits	5,790	268,895
Exposure to currency risk	5,790	268,895

(b) Financial risk management (continued)

(i) Currency risk (continued)

Sensitivity analysis

The following table indicates the instantaneous change in the Association's surplus and total funds that would have arisen if foreign exchange rates to which the Association has significant exposure at the end of the reporting period had changed at that date, assuming all other risk variables remained constant. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies.

	2016		*2015*	
	Increase/ (decrease) in foreign exchange rates	*Effect on surplus and total funds* $'000	*Increase/ (decrease) in foreign exchange rates*	*Effect on surplus and total funds* $'000
Renminbi	5%	289	5%	13,445
	(5)%	(289)	(5)%	(13,445)

The sensitivity analysis assumes that the change in foreign exchange rates had been applied to re-measure those financial instruments which expose the Association to foreign currency risk at the end of the reporting period. The analysis has been performed on the same basis as for 2015.

(ii) Credit risk

The Association's credit risk is primarily attributable to listed debt investments, cash and bank deposits and receivables. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

Investments are normally only in liquid securities quoted on a recognised stock exchange and with counterparties that have high credit ratings.

Cash and bank deposits are placed with financial institutions with sound credit ratings to minimise credit exposure.

In respect of receivables, individual credit evaluations are performed on all customers requiring credit over a certain amount. These take into account the customer's past payment history, financial position and other factors. Trade receivables are due within 30 days from the billing date. Normally, the Association does not obtain collateral from customers.

15 Capital management and financial risk management (continued)

(b) Financial risk management (continued)

(ii) Credit risk (continued)

The Association's exposure to credit risk is influenced mainly by the individual characteristics of each customer. At the end of the reporting period, the Association has a concentration of credit risk as 43% (2015: 45%) of trade receivables was due from the Association's five largest customers, apart from the balances due from major credit cards institutions.

Further quantitative disclosures in respect of the Association's exposure to credit risk arising from receivables are set out in note 11.

(iii) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient liquid cash. Due to the nature of the underlying operations, the Association aims to maintain flexibility in funding by keeping sufficient cash and bank balances to fulfil its commitments and current working capital requirements.

The following table presents the remaining contractual settlement dates at the end of reporting period of the Association's financial liabilities.

	2016	
	Carrying value	*Within 1 year or on demand*
	$'000	$'000
Trade and other payables	52,292	52,292
Amounts due to related parties	15,527	15,527
	67,819	67,819

	2015	
	Carrying value	*Within 1 year or on demand*
	$'000	$'000
Trade and other payables	53,025	53,025
Amounts due to related parties	14,520	14,520
	67,545	67,545

In order to manage the above liquidity demands, at 31 March 2016, cash and cash equivalents amounting to $79,089,000 (2015: $87,136,000) is considered readily realisable.

15 Capital management and financial risk management (continued)

(b) Financial risk management (continued)

(iv) Equity price risk

The Association is exposed to equity price changes arising from equity investments classified as available-for-sale financial assets (see note 9).

The Association's available-for-sale financial assets are listed on the Stock Exchange of Hong Kong and have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations.

At 31 March 2016, it is estimated that an increase/decrease of 20% (2015: 20%) in the equity prices would have increased/decreased the Association's Investment revaluation reserve by $34,438,000 (2015: $36,227,000).

The sensitivity analysis above indicates the instantaneous change on the Association's Investment revaluation reserve that would have arisen assuming that the change in the equity prices had occurred at the end of the reporting period and had been applied to re-measure those financial instruments which expose the Association to equity price risk at the end of the reporting period. It is also assumed that the fair values of the Association's available-for-sale financial assets would change in accordance with their historical correlation with the equity price, that none of the Association's available-for-sale financial assets would be considered impaired as a result of the decrease in the equity price, and that all other variables remain constant. The analysis has been performed on the same basis as for 2015.

(c) Fair value measurement

(i) Financial assets carried at fair value

Fair value hierarchy

The following table presents the fair value of the Association's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement-date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuations: Fair value measured using significant unobservable inputs

During the years ended 31 March 2015 and 2016, there were no transfers between Level 1 and Level 2. The Association's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

(ii) Fair value of financial assets carried at other than fair value

The carrying amounts of the Association's financial instruments carried at cost or amortised cost are not materially different from their fair values as at 31 March 2015 and 2016 except for the following financial instruments as at 31 March 2016, for which their carrying amounts, fair values and the level of fair value hierarchy are disclosed below:

	Fair value at 31 March 2016	*Carrying amount at 31 March 2016*	*Fair value at 31 March 2015*	*Carrying amount at 31 March 2015*
	$'000	$'000	$'000	$'000
Held-to-maturity debt securities				
– Level 1	48,134	47,894	32,111	31,201

(d) Estimation of fair values

The fair value of available-for-sale financial assets held by the Association is based on quoted market prices at the end of the reporting period without any deduction for transaction costs.

16 Commitments

(a) Capital commitments

Capital expenditure at the end of the reporting period which had been committed but not yet incurred is as follows:

	2016	*2015*
	$'000	$'000
Authorised but not contracted for		
– Purchase of property, plant and equipment and improvement projects	681	407
Contracted but not provided for		
– Purchase of property, plant and equipment and improvement projects	1,882	624
– Renovation of the Hong Kong Scout Centre	14,613	15,395
– Redevelopment of the Wanchai Property	32,475	45,104
– Redevelopment of the North Point Property	6,798	6,798
	55,768	67,921
	56,449	68,328

(b) Operating lease commitments - where the Association is the lessee

The future aggregate minimum lease payments under non-cancellable operating leases in respect of site premises are as follows:

	2016	*2015*
	$'000	$'000
Within one year	2,566	2,490
After one year but within five years	4,840	27
	7,406	2,517

All lease agreements are held in the name of the Association. Some operating lease charges in respect of these lease agreements are recharged and borne by other Scout units. For these lease agreements, the future aggregate minimum lease payments within one year are $1,559,000 (2015: $1,376,000) and those after one year but within five years are $3,118,000 (2015: $Nil).

The leases typically run for an initial period of three years, with an option to renew each lease upon expiry when all terms are renegotiated. None of these leases includes contingent rentals.

16 Commitments (continued)

(c) Operating lease commitments - where the Association is the lessor

The Association leases out catering areas under an operating lease. The leases typically run for an initial period of four years, with an option to renew each lease upon expiry whereupon all terms are renegotiated. Lease payments are usually increased every three years to reflect market rentals. The leases do not include contingent rentals.

The future aggregate minimum lease receipts under non-cancellable operating leases in respect of catering areas are as follows:

	2016	*2015*
	$'000	$'000
Within one year	11,910	9,775
After one year but within five years	21,227	32,200
	33,137	41,975

17 Amounts due from/to related parties

Related parties represent other Scout Units, mainly the Friends of Scouting, Commissioners' Club, the Baden-Powell Scout Club of Hong Kong, Education Centre, Asia-Pacific Regional Scout Foundation and Scout Districts.

The amounts due from/to related parties are unsecured, interest-free and recoverable/ repayable on demand.

Included in amounts due to related parties are amounts totalling $13,248,000 (2015: $11,588,000) which are held by the Association on behalf of other Scout Units for the purpose of investment.

18 Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 March 2016

Up to the date of issue of these financial statements, the HKICPA has issued a number of amendments and new standards which are not yet effective for the year ended 31 March 2016 and which have not been adopted in these financial statements. These include the following which may be relevant to the Association.

	Effective for accounting periods beginning on or after
Annual Improvements to HKFRSs 2012-2014 Cycle	1 January 2016
Amendments to HKAS 1, *Disclosure initiative*	1 January 2016
Amendments to HKAS 16 and HKAS 38, *Clarification of acceptable methods of depreciation and amortisation*	1 January 2016
HKFRS 15, *Revenue from contracts with customers*	1 January 2018
HKFRS 9, *Financial instruments*	1 January 2018

The Association is in the process of making an assessment of what the impact of this new standard is expected to be in the period of initial application. So far it has concluded that the adoption of it is unlikely to have a significant impact on the Association's results of operations and financial position.
