Chief Commissioner's Report

The Year of 2017 was a pragmatic and proactive one packed with new challenges. With the joint efforts of all Scout members, we all worked together to promote the developments of Scout activities, which was in line with the Association's short-term, mid-term and long-term strategic plan. We will continue promoting the spirit of love and care to the society, keeping our promise through organising diversified Scout activities for our members.

Expanding Hong Kong Scout Movement

According to the Scout census in 2017, total Scout members surpassed 100,000, reaching a total of 100,829. Youth members reported an increase of 1,233, up 2.15% compared with the 2016 level. The increase recorded a remarkable achievement resulted from the "Expanding Scout Movement" strategic plan.

The events held in 2017 included the Chief Commissioner's Retreat, District Commissioners' Workshop, retreats / leaders' meetings / workshops of the five regions, accomplishing our strategic goal to "Strengthen Interior Communication". All the events aimed to strengthen the Association's internal communication and facilitate co-operation among different levels of leaders. The activities helped to understand the needs and areas of improvement of the Association's Headquarters as well as its units.

Contributing to Community

In order to go with one of the key elements "Contributing to Community" under the Association's short-term, mid-term and long-term strategic plan, we actively promoted elderly services during the 2017-2018 period. We were the supporting organisation of Sik Sik Yuen's Community Caring Campaign which targeted to promote elderly services. The plan aimed to help elderly persons aged 60 or above living alone or lacking community support from the society, providing life support service for the elderly people.

During the period of 25-26 November 2017, the Agriculture, Fisheries and Conservation Department joined forces with the Association to organise the "Go Green Family Camping" which took place at the West Dam of High Island Reservoir in Sai Kung East Country Park, celebrating the 40th anniversary of country parks. The activity adopted the theme of "Green Camping" to promote the positive attitude and habits of outdoor activities. It attracted about 900 participants from 270 families with three to four members. We delegated 174 Scout members and leaders to assist in the activity. Among all, 66 of them took up the responsibilities for hosting families, teaching them the skills to pitch tents and outdoor cooking techniques. Another 93 Scout members were responsible for campsite activities and campfire. The remaining 15 members offered supporting services. These were important steps achieved to put the "Leave No Trace" environmental conservation concept into practice.

Promoting "Leave No Trace" for Outdoor Ethics

In the past year, we aimed to promote the "Leave No Trace" outdoor environmentally-friendly concept which we had achieved remarkable results. We organised one "Leave No Trace Master Educator Course" with participants coming from our Association, overseas National Scout Organisations and local Uniformed Groups; one "Leave No Trace Trainer Course" and 15 "Leave No Trace Awareness Workshops". From 2015 until now, we distributed close to 6,000 "Leave No Trace Awareness Workshop" certificates. Our Association currently has 32 "Leave No Trace" Master Educators and 64 "Leave No Trace" Trainers, promoting environmental education for our Scout members, other Uniformed Groups and the general public.

Kowloon Region set up the "Leave No Trace Activity Centre" in December 2017 at Gilwell Campsite in Fei Ngo Shan, which aimed to strengthen the hardware facilities and promote the "Leave No Trace" concept.

Five-year Quality Training for Sichuan Youth

Our Association's "Sichuan Youth Quality Training Project" was completed in February 2017. During the period of 14-16 April 2017, a Thanksgiving Activity was organised in Mainland's Sichuan province to celebrate the 5th anniversary of the project. Supported by the Hong Kong SAR Government, the five-year plan was a success serving around 170 thousand youths in the Mianyang and Deyang cities of Sichuan province, with more than 1.3 million service hours recorded. We will continue to assist the training activities in the province during the period of 2017-2020 to further support the country's youth development.

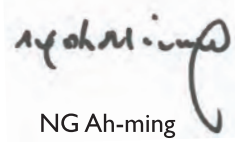

Contributing to World Scouting

At the "41st World Scout Conference" held in Azerbaijan in August 2017, our Rover Scout member Mr Mori CHENG and Assistant Chief Commissioner (Programme) Mr Joseph LAU were nominated to become the World Scout Committee's Youth Advisor and Treasurer respectively. Their term of office will be until 2020.

In September 2017, the Association collaborated with Asia-Pacific Regional Scout Foundation to organise a fundraising dinner. Another two major activities included Asia-Pacific Regional Adult Support Sub-Committee Meeting and Asia-Pacific Regional Workshop on Adult Support to Youth Programme. All three activities received overwhelming response and achieved the expected targets.

The construction works of "Hong Kong Scout Centennial Building" has been in good progress so far. As of March 2018, the building's interior and exterior works as well as the building equipment installation were mostly completed. The new building was expected to be fully completed by the fourth quarter of 2018. By then, we will be able to offer our youth members with better and more diversified supporting facilities for programme and training use.

In the coming year, we will continue to execute the Association's short-term, mid-term and long-term strategic plan, to strengthen communications and management between the Headquarters and Scouting units, to recruit new members and to retain existing members. In order to avoid unnecessary misunderstandings and complaints, we will actively review and make use of social media platforms to promote the positive image of Scouting in Hong Kong, making contributions to the community/country/world and fostering the Scouting spirit of helping others. We will also take reference to the Director of Audit's report released by The Audit Commission last year on comments and suggestions for charitable organisations to further strengthen our Association's governance.

Staff Development Programme

The Association is dedicated to providing diverse professional and skills training to staff and helping them to meet different challenges in their work. This year, the Association arranged "Crisis Management Skills Workshop" for managerial staff and invited a media veteran to deliver the workshop. Through the workshop, staff learnt different practical skills to respond to various work situations as well as dealing with the media. Overall feedback was positive. In addition, the Association also organised training on Financial Management System and MS Office applications to enhance staff's computer knowledge and improve work efficiency.

The Association has committed to provide various e-services to streamline work processes and save resources. IT Office in this regard has assisted Scout units concerned to develop a range of applications including Training Management System (TMS), Scout Enrollment Management System (JOINUS), Venue Booking System and Youth Membership Information System (YMIS). TMS was launched in January 2018 for enrollment of leader training courses / workshops and online payments. JOINUS facilitates youths / public to search information of Scout groups more efficiently and make applications to join the Scout Movement. Starting from May 2018, booking of facilities in Hong Kong Scout Centre can be made online. For YMIS, it is now under testing phase. Once launched, Scout group leaders can manage information of their youth members under this centralized platform.

Encourage Young People to Challenge Themselves

In 2017-2018, Sea/Air Scouts and Sea/Air Activities were developed gradually. On the other hand, in order to encourage our youth members to participate in the Hong Kong Award for Young People (AYP), information and a reference table were added into the *Scout Training Scheme*, helping them to have a thorough understanding about the programme. Furthermore, to broaden the horizons of youth members and young leaders, " 'Scouts in One World' Young Leaders Programme – Hungary Exchange Tour 2018" was organised. During the tour, participants had the opportunities to share opinions and experiences with Scouts from Budapest.

Development & Adult Resources

Scouts Community Service Thematic Projects

To foster the spirit of helping others, the Association has launched various Scout Community Service Thematic Projects under the slogan "Scouts Serve the Community" since 2017-2018. Elderly service was the theme of the year. A series of community services and activities were organised. While the kick-off ceremony held in April 2017 marked the start of the year-long activities, the service of "Distribution of Goody Bags" in September 2017 had mobilised more than 1,000 members to visit over 1,200 seniors with handmade healthy mooncakes and gift bags. In February 2018, over 600 Scouts took part in another service to visit over 250 elderly singletons and cohabitants in various districts, helping them to tidy up their residence to prepare for the coming of Lunar New Year.

Foundation Fund for the Aged

"Foundation Fund for the Aged" was set up in 1999 with the aim to provide resources for Scout units to organise activities for the elderly. It also aims to nurture our youth members through their involvement in organisation and participation in the elderly services and activities. To encourage Scout units to organise more activities for the elderly, the foundation has expanded its funding scope and increased the amount of subsidy this year. Fifteen applications were approved and over 2,000 elderly people were benefited.

Scheme for Supporting School-based Scout Groups

Thirteen Scout groups took part in the "Scheme for Supporting School-based Scout Groups" in the year under review. Short-term instructors visited the participating Scout groups during school hours to assist the inexperienced leaders in understanding the mission and method of Scouting, and to provide guidance in the areas of administration, planning and organisation of sectional unit meetings. The scheme was highly commended by the participating Scout groups and Scout districts.

Adult Resources

A total of 21 people were recruited to participate in the "3rd Leader Orientation Programme" and received four months of basic Scout training. Through a matching scheme, 19 of them joined Scout groups and become Scout leaders. Besides, the "New Leaders Matching Scheme" continued to equip potential leaders with basic Scouting knowledge, and assisted them to join Scout groups to begin their service as frontline leaders.

To support our frontline leaders, two workshops themed making decorative knots and understanding the nature were organised, so that the leaders may add new elements to their sectional unit meetings and outdoor activities in the future.

First Aid Service & Training

Recognised by Commissioner for Labour under the provision of *Occupational Safety & Health Regulation, Chapter 509A*, our Association continued to offer the First Aid Certificate Course and trained some 300 members in the year under review. Besides, 14 First Aid Badge Training Courses for Scout Section were arranged for 270 members. Throughout the year, our First Aid Team provided services in 38 big events organised by different Scout units, while the number of team members deployed in these services were 363.

Public Relations

Promote Scout Movement via Social Media

Public Relations Branch continues to promote Scout Movement via different media and channels. Since its launch in 2016, the Association's Facebook page has accumulated over 5,800 "Likes" and becoming one of the most important promotion platforms of the Association. With the most up-to-date Scouting news and activity highlights, each post on the page received over a hundred "Likes" and "Shares". Apart from local Scout members, the Facebook page is followed by Scouts all over the world and the public, enabling them to know more about the latest development of Hong Kong Scouting, as well as the unique characteristics of Scout activities and training in Hong Kong. YouTube is another channel used by the Association. Promotional trailers were produced to attract more participation. Scout event highlights were posted to show to the public that Scouting is fun. For the past three years, "Hong Kong Scout Rally" was broadcasted live and the number of online audience increased every year. In 2017, over 2,000 viewers watched the event live through our YouTube channel and the hit rate of replay was nearly 7,000 times, doubled that of 2016. Public Relations Branch will explore more social media platforms to further promote Hong Kong Scout Movement, e.g. an Instagram account has recently been set up to promote Scout theme of the year.

Theme of the Year – Keep Our Promise, Heartfelt Salute!

To encourage members to put the Scout Promise and Law into action, Public Relations Branch launched Scout theme of the year "Keep our Promise, Heartfelt Salute!" in 2016. Through organising or participating theme-related events, Scout members lived up the Scouting spirit to serve the community. The 24-month launching period ended in April 2018, about 44,000 Scouts took part in two thematic activities "Catch Alive Action" and "Implementation Action". A new activity "Keep our Promise @IG Action" was launched in September 2017 and members were invited to share theme related photos on their Instagram accounts. A new Scout theme will be launched next year to continue to promote Scouting values and build up a vivid image for Hong Kong Scout Movement.

Good Education, Good Training Team

The quality of Scouting education depends highly on the work of frontline leaders. In order to cultivate good leaders for the Scout Movement, it is important to equip them with good understanding of the rationale of Scouting and Scouting skills through the Leaders' Wood Badge Training. In the past year, the Training Department organised 30 training courses and workshops. A total of 679 leaders participated in these training opportunities. Nineteen Scout leaders attained the Wood Badges. In the coming year, members of Training Department are committed to enhance the quality of leaders' training provided by the Region through revising and strengthening the training contents and activities of the existing courses.

In 2017, the total number of members in Hong Kong Island Region was 12,233. To cope with the growth in the number of youth membership, the Programme Department has developed new initiatives and organised a series of challenging activities for our youth members. The Sea Activities Team has started up a Stand Up Paddling Course. The Grasshopper Scout Section organised a number of parent-child activities while the Scout Section and the Venture Scout Section organised sectional skills competitions. The Scout Clubs also cultivated youth members' interests and enhance their Scoutcraft skills through a series of diversified training courses and activities. The total number of participants reached 8,903 in all these 103 activities and trainings. This year, a good number of youth members attained the highest awards in their respective sections, including 175 Golden Bauhinia Awardees, 50 Chief Scout's Awardees, eight Dragon Scout Awardees, and three Baden-Powell Awardees.

Kowloon Region

March on to 50th Anniversary

Year 2018 marks the 50th anniversary of the Region, a series of commemorative activities was planned and had been launched since 2017 to celebrate this milestone.

Duty to Country

Serving in the Mainland China has become one of the key tasks of the Region. The Region sent a team of over 60 volunteers to Sichuan in Easter to arrange vision tests for 400 students and provide suitable glasses for the one with needs. The participants also joined the thanksgiving activity in Sichuan to celebrate the 5th anniversary of "Sichuan Youth Quality Training Project".

B-P Spirit

The Region formed a team of 65 people to visit the birthplace of Scout Movement – Brownsea Island of England in summer, not only to celebrate the 110th anniversary of World Scout Movement, but also to trace the footprints of the founder – Robert Baden-Powell. Through the camping experience, members kept in mind the aim of Scouting and strengthened the determination for Scout development.

Help and Serve

"Service Day" is the signature event of the Region every year. A force of some 400 volunteers from nine districts served the community at its own form simultaneously at different areas. The services included visiting elderly, holding medical checkup and health seminars, preparing festival food, lucky bags and New Year Fai Chuns, performing Chinese opera and other shows, serving 1,500 people. The Region valued and kept on cohering the units to help other people and serve the community wholeheartedly.

Region's Statistics

As at end of December 2017, the Region had a total of 16,612 members and 237 Scout groups with increments of 2.32% and 1.72% respectively. This year, 4,260 participants attended 76 Scouting events, training courses and competitions. East Kowloon Region

Enhancing Training

To encourage youth members to develop their creativity and potential to the fullest, a first-ever aviation STEM creativity day was organised in 2018. Participants were required to make good use of their knowledge of Science, Technology, Engineering and Mathematics to overcome challenges and finish various aviation challenging activities. Furthermore, to encourage Regional Training Team members to engage in life-long learning, the Region has launched a series of workshops to gear up team members' training skills and enhance the use of training tools.

Facing the World

The Region always encourages Scout members to join international exchange programmes to widen their horizons. More than 100 Scouts joined service projects and cultural exchange activities in Mainland China, Macau, Japan, and South Korea. Through various activities, members learnt to self-examine and reflect on the relationship between human and nature, knew more about the history of other countries, gained valuable travel experience and friendship, and nurtured mutual respect on cultures and nature.

Serving others

Bearing the objectives of encouraging Scout members to participate in community services and extending their caring to underprivileged communities, various community service projects for elderly and children with Autism Spectrum Disorder were held. Participants not only built up knowledge, skills and understanding on the elderly and disabled at training workshops but also extended their empathy and provided a helping hand to the community during visits. In addition, the Region joined hands with Programme Branch and Training Branch of the Association Headquarters to assist Agriculture, Fisheries and Conservation Department to organise the "Go Green Family Camping". Scout members and leaders were appointed as team leaders to teach more than 270 families camping skills during the Camp. Through camping practices and activities, we promoted "Leave No Trace" concepts to the public and participants and demonstrated putting low impact camping concepts into practice.

Retention and Recruitment

For the sustainable development of the Region, "Scout Promotion Days" were held in Kowloon Bay, Tseung Kwan O, and Wong Tai Sin Scout Districts in 2017-2018 to introduce Scouting activities to the public and recruit more youth to join the Scout family. For the retention of members, information leaflets were printed and disseminated to school-based Grasshopper Scout Rings and Cub Scout Packs, aiming at helping Grasshopper Scouts and Cub Scouts to continue their Scout lives.

Pak Sha Wan Tam Wah Ching Sea Activity Centre

To provide better sea activity and training, the Regional Sea Activity Instructor Unit (SAIU) has been reformed and new equipment has been purchased. The reformed SAIU team was assigned to provide service and professional support to the Dragon Boat Race during the Sai Kung Dragon Boat Festival. Besides, the Centre purchased 20 "Stand Up Paddle Boards" and a small dragon boat to meet the trend and to accommodate the training needs. Stepping into 35th anniversary in 2018, the Centre will carry out a series of improvement projects so as to provide a more comfortable, safer and better equipped Centre for Scout members and the pubic.

Local pop bands were invited to perform together with the winning teams of the "Pop Band Competition".

Diversified Development & Intensive Trainings

In 2017-2018, NTR organised 32 youth training courses and 19 leaders training courses to enhance Scout members' knowledge and equip them with different skills. In order to help NTR Scouts to earn the newly launched Scout Proficiency Badge – Astronomy Badge, the Region held its first Scout Astronomy Badge Course with the support of Programme Branch. In future, NTR will continue to seek resources to provide more diversified activities and training for youth. On the other hand, NTR Scout Band has been actively recruiting new members. Indeed, NTR Pipe Band not only provided services at ceremonies of regional events, but also for other organisations. Through active participation and intensive training, members gained much confidence and are eager to move further for the next challenge.

Looking Ahead

Apart from organising various 60th anniversary celebration events, a NTR Headquarters renovation project has been launched. To assist the project, the Region raised funds from the event "Music Wonderland 2017". The new headquarters is expected to provide youth members, leaders and other users with a more practical and welcoming environment for Scout activities and training. Moving forward, NTR will keep on working together with districts and departments to give support to frontline leaders and members for the sustainable development of the Scout Movement.

New Territories East Region

With the support and devotion of all committee members and contribution of the leaders, the Region had carried out nearly 20 major events throughout the year. Both the increase in diversity of the activities and participants gave a further boost to the development of the New Territories East Region (NTER) Scout Movement.

Award Attainment for Quality Enhancement

Furthermore, feasible action plans for new projects were generated for implementation. In sum, membership expansion and support to Scout groups will remain the primary goals of various projects and events.

Innovative and Creative Events

It was the first time for the Region to organise an aviation competition. The competition successfully gathered Scouts of different sections to exchange and share aviation experiences, further promoting aviation activities in Hong Kong. The tongue-twister competition themed on promoting tidiness of Scout uniform was another highlight. It received tremendous support from the participants. Their perfect recital of mnemonic phrase signified a great success in fostering the image of Scouts.

Cultivating Public Awareness

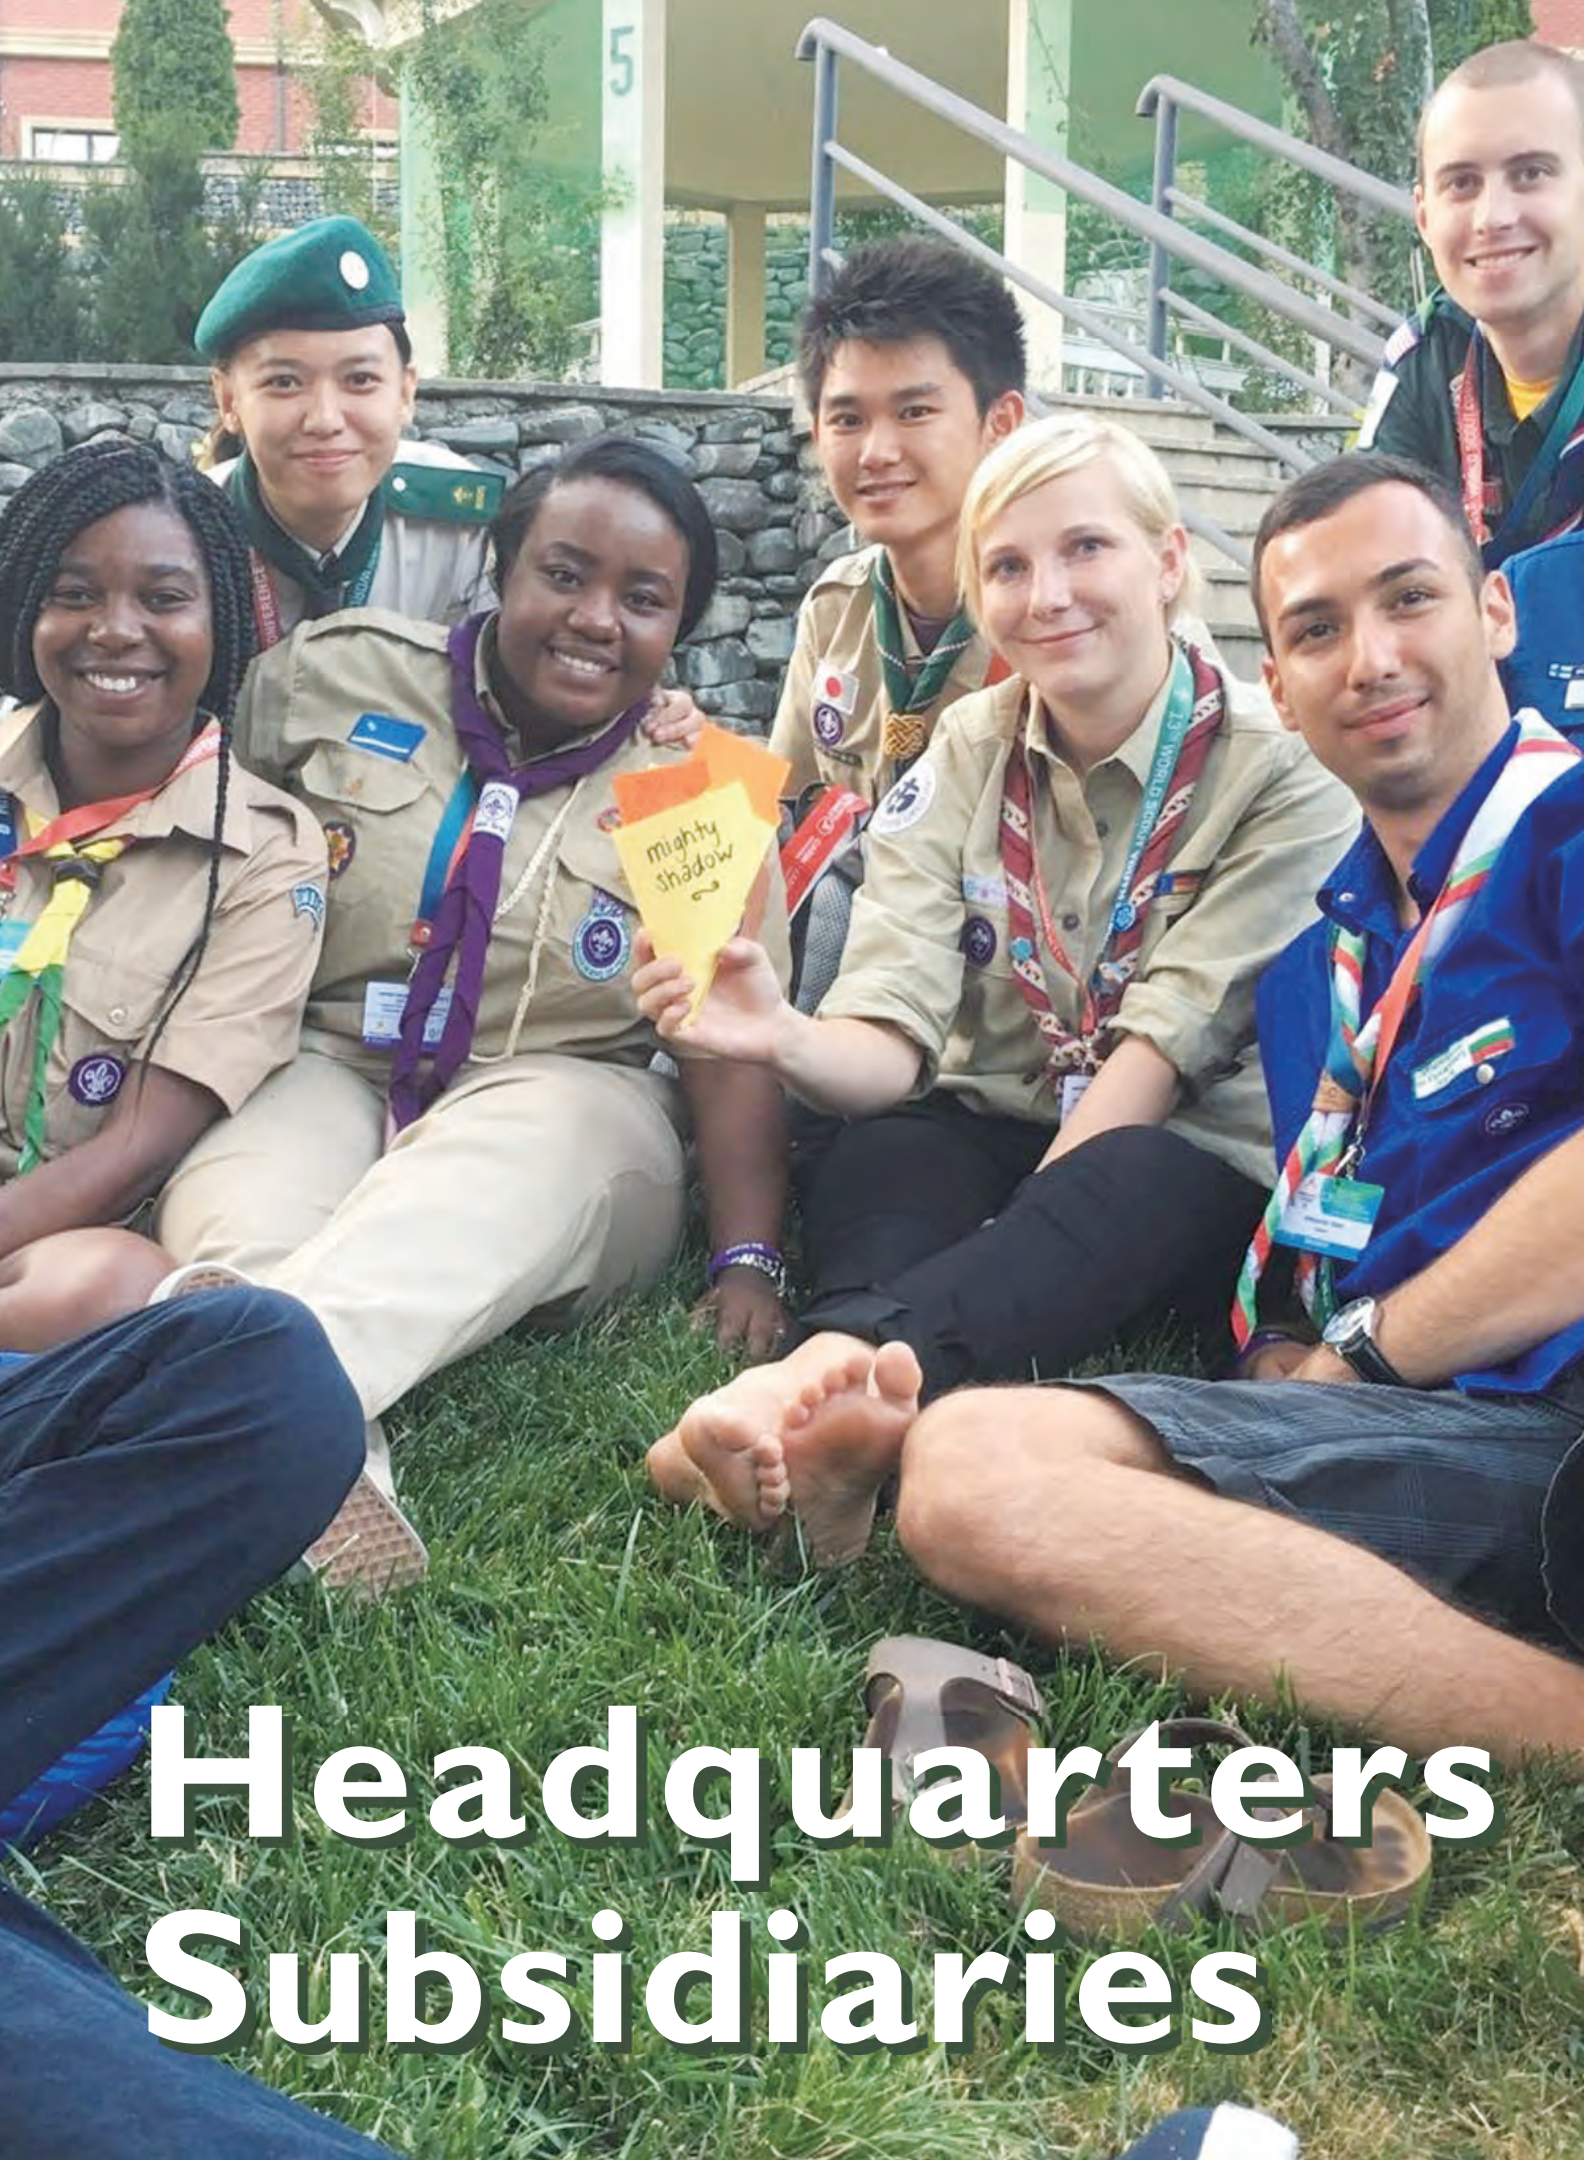

Electronic media was used as the major means to promote "NTER Footdrill Competition cum Community Fun Day". Dissemination of news via Facebook and popular parenting websites together with one-step online registration successfully attracted nearly 3,000 participants; amongst a thousand of them were non-Scout youths and their parents, a record-breaking figure of the event. This event not only successfully promoted Hong Kong Scouting to the public, but also provided a great opportunity for our members to meet up and exchange ideas with other Uniformed Groups members in Hong Kong. There were five other Uniformed Groups participated in the parade, which added festive atmosphere to the event.

Strive for Excellence and Future Prospect

The Region will continue organising diversified Scout activities including various sectional competitions, Musical Performance, member retaining programmes, seminars on forming new Scout groups, NTER Dragon Boat Competition, community services for the elderly, First-aid Promotion Programme, movie gala, fundraising walk, The Old North District Office Open Day, band shows, NTER Footdrill Competition cum Carnival, swimming gala and sports days and so on. Business Growth

The Hong Kong tourism industry was lifted by growth momentum in 2017. According to the data announced by the Hong Kong Tourism Board, total visitor arrivals in 2017 recorded an increase of 3.2%, as well as a 5% increase in overnight visitor arrivals compared to the year before. The return of overnight visitor numbers stimulated a recovery in the hotel market. Last year, average room rates of the market was increased by 5% to 10%. However, spending patterns among tourists have been changing, together with a decrease in business travellers.

For the room supply, it has been increasing for years, aggregating 87,000 rooms as of last December. It is estimated that the total number will further increase around 8,000 to 10,000 rooms by 2019. And further, the local hotel sector is facing competition from an increasing hotel room supply in Macau.

B P International House (BPIH) recorded an average room occupancy rate of over 98% during fiscal year 2017-2018, a slight increase of 1.7% compared to the same period last year. The average room rate had increased 9% which was close to the market figure. This positive performance was the efforts to utilise e-commerce channels by collaborating with respective targeted platforms on versatile promotion campaigns.

Enhancement of Facilities

BPIH's guest rooms will soon undergo refurbishment. A new, modern look is expected to enrich guests' enjoyment and comfort as well as to provide a fresh experience.

Our two restaurant outlets – Cafe by the Park and Flamingo Lounge have also been upgraded to provide a more pleasant guest experience. Moreover, the setting and facilities of our signature multi-function venue Gordon Wu Hall have been enhanced for hosting various kinds of events, including conventions and seminars.

Serving the Community

BPIH is always supportive to community services, such as Earth Hour, *Charter on External Lighting*, Hong Kong Cyclothon 2017, and other territory-wide events to meet our responsibilities as a good corporate citizen. In addition, BPIH is committed to supporting the younger generation through collaboration with The Friends of Scouting and local education institutions. These activities helped to inspire youngsters who are interested in the hospitality industry.

Looking Forward

BPIH will continue to monitor and respond promptly to future global changing challenges and market changes as to satisfy customer needs. We will further develop online sales platforms, digital marketing campaigns and staff training while strengthening our cost control and risk management policies. By capitalising the opportunities of the "One Belt One Road" policy as well as the completion of the new transportation infrastructure connecting Mainland China and Hong Kong by means of the Guangzhou-Shenzhen-Hong Kong Express Rail Link (Hong Kong section) and the Hong Kong–Zhuhai–Macao Bridge. BPIH is confident to achieving promising performance results over the coming years.

Independent auditor's report to the Council of Scout Association of Hong Kong
(Incorporated under the Scout Association of Hong Kong Ordinance)

Opinion

We have audited the financial statements of Scout Association of Hong Kong ("the Association") set out on pages 4 to 49, which comprise the statement of financial position as at 31 March 2018, the statement of income and expenditure, the statement of comprehensive income, the statement of changes in funds and reserves and the cash flow statement for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Association as at 31 March 2018 and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Association in accordance with the HKICPA's *Code of Ethics for Professional Accountants* ("the Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and auditor's report thereon

The Executive Committee members are responsible for the other information. The other information comprises all the information included in the annual report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

KPMG

Independent auditor's report to the Council of Scout Association of Hong Kong (continued)
(Incorporated under the Scout Association of Hong Kong Ordinance)

Responsibilities of the Executive Committee members for the financial statements

The Executive Committee members are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and for such internal control as the Executive Committee members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Executive Committee members are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Executive Committee members either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

KPMG

Independent auditor's report to the Council of Scout Association of Hong Kong (continued)
(Incorporated under the Scout Association of Hong Kong Ordinance)

Auditor's responsibilities for the audit of the financial statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Committee members.
- Conclude on the appropriateness of the Executive Committee members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Executive Committee members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

2 Significant accounting policies

(a) Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and accounting principles generally accepted in Hong Kong. Significant accounting policies adopted by the Association are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Association. Note 2(c) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Association for the current and prior accounting periods reflected in these financial statements.

2 Significant accounting policies (continued)

(b) Basis of preparation of the financial statements

The measurement basis used in the preparation of the financial statements is the historical cost basis except for financial instruments classified as available-for-sale securities (see note 2(d)) which are stated at fair value.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 3.

(c) Changes in accounting policies

The HKICPA has issued a number of amendments to HKFRSs that are first effective for the current accounting period of the Association. None of these developments have had a material effect on how the Association's results and financial position for the current or prior periods have been prepared or presented.

The Association has not applied any new standard or interpretation that is not yet effective for the current accounting period.

(d) Investments in debt and equity securities

Investments in debt and equity securities are initially stated at fair value, which is their transaction price unless it is determined that the fair value at initial recognition differs from the transaction price and that fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets. Cost includes attributable transaction costs. These investments are subsequently accounted for as follows, depending on their classification:

2 Significant accounting policies (continued)

(i) Held-to-maturity debt securities

Dated debt securities that the Association has the positive ability and intention to hold to maturity are classified as held-to-maturity securities. Held-to-maturity securities are stated at amortised cost less impairment losses.

Impairment losses for held-to-maturity securities are recognised when there is objective evidence of impairment and are measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the asset's original effective interest rate (i.e. the effective interest rate originally computed at initial recognition of the asset). Objective evidence of impairment includes observable data that comes to the attention of the Association about events that have an impact on the asset's estimated future cash flows.

If in a subsequent period the amount of an impairment loss decreases and the decrease can be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss is reversed through the statement of income and expenditure. A reversal of an impairment loss shall not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

(ii) Available-for-sale securities

Other investments in securities, being those held for non-trading purposes, are classified as available-for-sale securities. At the end of each reporting period the fair value is remeasured, with any resultant gain or loss being recognised in other comprehensive income and accumulated separately in the investment revaluation reserve, except foreign exchange gains and losses resulting from changes in the amortised cost of monetary items such as debt securities which are recognised directly in the statement of income and expenditure.

Dividend income from these investments is recognised in accordance with the policy set out in note 2(n)(v) and, where these investments are interest-bearing, interest calculated using the effective interest method is recognised in the statement of income and expenditure in accordance with the policy set out in note 2(m)(iii). When these investments are derecognised, the cumulative gain or loss is reclassified from the investment revaluation reserve to the statement of income and expenditure.

When there is objective evidence that available-for-sale securities are impaired, the cumulative loss that has been recognised in the investment revaluation reserve is reclassified to the statement of income and expenditure. The amount of the cumulative loss that is recognised in the statement of income and expenditure is the difference between the acquisition cost (net of any principal repayment and amortisation) and current fair value, less any impairment loss on that asset previously recognised in the statement of income and expenditure. Objective evidence of impairment includes observable data that comes to the attention of the Association concerning the underlying financial stability of the investee as well as a significant or prolonged decline in the fair value of an investment below its cost.

2 Significant accounting policies (continued)

Impairment losses recognised in the statement of income and expenditure in respect of available-for-sale equity securities are not reversed through the statement of income and expenditure. Any subsequent increase in the fair value of such assets is recognised directly in other comprehensive income.

Impairment losses in respect of available-for-sale debt securities are reversed if the subsequent increase in fair value can be objectively related to an event occurring after the impairment loss was recognised. Reversals of impairment losses in such circumstances are recognised in the statement of income and expenditure.

When the investments are derecognised, the cumulative gain or loss recognised in investment revaluation reserve is reclassified to the statement of income and expenditure.

(e) Property, plant and equipment

Property, plant and equipment is stated at cost less accumulated depreciation and impairment losses.

Construction in progress represents building and leasehold improvements on which construction work has not been completed and furniture and equipment pending installation. It is carried at cost which includes construction expenditures and other direct costs less any impairment losses. On completion, construction in progress is transferred to the appropriate categories of property, plant and equipment at cost less accumulated impairment losses. No depreciation is provided for construction in progress until they are completed and available for use.

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight line method over their estimated useful lives as follows:

– Leasehold land	Over the unexpired term of lease
– Buildings	50 years
– Leasehold improvements	Over the shorter of the unexpired term of lease and 8 years
– Machinery, motor vehicles, furniture, fixtures and computer equipment	3 - 15 years
– Programme and training equipment	4 years

Both the useful life of an asset and its residual value, if any, are reviewed annually.

2 Significant accounting policies (continued)

The carrying amounts of property, plant and equipment are reviewed for indications of impairment at the end of each reporting period. An impairment loss is recognised in the statement of income and expenditure if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. The recoverable amount of an asset, or of the cash-generating unit to which it belongs, is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the assets. An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in the statement of income and expenditure on the date of retirement or disposal.

(f) Leased assets

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Association determines that the arrangement conveys a right to use a specific asset or assets for an agreed period of time in return for a payment or a series of payments. Such a determination is made based on an evaluation of the substance of the arrangement and is regardless of whether the arrangement takes the legal form of a lease.

(i) Classification of assets leased to the Association

Assets that are held by the Association under leases which transfer to the Association substantially all the risks and rewards of ownership are classified as being held under finance leases. Leases which do not transfer substantially all the risks and rewards of ownership to the Association are classified as operating leases.

(ii) Operating lease charges

Where the Association has the use of assets held under operating leases, payments made under the leases are charged to the statement of income and expenditure in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives received are recognised in the statement of income and expenditure as an integral part of the aggregate net lease payments made.

2 Significant accounting policies (continued)

(g) Inventories

Inventories are carried at the lower of cost and net realisable value.

Cost is calculated using the first-in, first-out method and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

(h) Receivables

Receivables are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method, less allowance for impairment of doubtful debts, except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for impairment of doubtful debts.

Impairment losses for bad and doubtful debts are recognised when there is objective evidence of impairment and are measured as the difference between the carrying amount of the financial asset and the estimated future cash flows, discounted at the asset's original effective interest rate where the effect of discounting is material. Objective evidence of impairment includes observable data that comes to the attention of the Association about events that have an impact on the asset's estimated future cash flows such as significant financial difficulty of the debtor.

Impairment losses for receivables whose recovery is considered doubtful but not remote are recorded using an allowance account. When the Association is satisfied that recovery is remote, the amount considered irrecoverable is written off against receivables directly and any amounts held in the allowance account relating to that debt are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in the statement of income and expenditure.

2. **Significant accounting policies (continued)**

(i) Trade and other payables

Trade and other payables are initially recognised at fair value and subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

(j) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Association's cash management are also included as a component of cash and cash equivalents for the purpose of the cash flow statement.

(k) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(l) Income tax

The Association is exempted from Hong Kong Profits Tax by virtue of Section 88 of the Inland Revenue Ordinance.

(m) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Association has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

2. **Significant accounting policies (continued)**

(n) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Provided it is probable that the economic benefits will flow to the Association and the revenue and costs, if applicable, can be measured reliably, revenue is recognised in the statement of income and expenditure as follows:

(i) Sale of merchandise, food and beverage

Revenue is recognised when merchandise, food and beverage are sold and the related risks and rewards of ownership have been transferred to the customers. Revenue is stated after deduction of any trade discounts.

(ii) Hostel room and hall revenue

Hostel room and hall revenue from rooms and other ancillary services is recognised when the services are rendered.

(iii) Interest income

Interest income is recognised as it accrues using the effective interest method.

(iv) Donations

Donations not designated for any specific purposes are utilised at the discretion of the Executive Committee and are recognised as revenue upon receipt of cash. Designated donations are recognised in the statement of income and expenditure on a systematic basis in the same periods in which the expenses are incurred.

(v) Dividends

Dividend income from listed investments is recognised when the share price of the investment goes ex-dividend.

(vi) Government grants

Government grants are recognised when there is reasonable assurance that they will be received and that the Association will comply with the conditions attaching to them.

(o) Translation of foreign currencies

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in the statement of income and expenditure.

3 Accounting judgements and estimates

In the process of applying the Association's accounting policies, management has made the following accounting judgements.

Held-to-maturity financial assets

The Association follows the guidance of HKAS 39, *Financial instruments: Recognition and measurement* on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity as held-to-maturity. This classification requires significant judgement. In making this judgement, the Association evaluates its intention and ability to hold such investments to maturity.

If the Association fails to keep these investments to maturity other than for specific circumstances explained in HKAS 39, it will be required to reclassify the whole class as available-for-sale. The investments would then be measured at fair value instead of at amortised cost.

As at 31 March 2018, certain of the Association's available-for-sale equity securities were individually determined to be impaired on the basis of significant or prolonged decline in their fair value below cost. Impairment losses on these investments were recognised in the statement of income and expenditure in accordance with the policy set out in note 2(d)(ii).

10 Inventories

Inventories in the statement of financial position comprise:

	2018 $'000	2017 $'000

All of the receivables, deposits and prepayments are expected to be recovered or recognised as an expense within one year.

(a) Impairment of trade receivables

Impairment losses in respect of trade debtors are recorded using an allowance account unless the Association is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against trade debtors directly (see note 2(h)).

No allowance for doubtful debts has been provided or reversed for the years ended 31 March 2017 and 2018.

(b) Trade debtors that are not impaired

Trade debtors are due within 30 days from the date of billing. Further details on the Association's credit policy are set out in note 15(b)(i).

The ageing analysis of trade debtors that are neither individually nor collectively considered to be impaired is as follows:

	2018 $'000	2017 $'000
Neither past due nor impaired	8,508	6,146
Less than 1 month past due	419	1,166

	8,927	10,198

11 Receivables, deposits and prepayments (continued)

Receivables that were neither past due nor impaired relate to a wide range of customers for whom there was no recent history of default.

Receivables that were past due but not impaired relate to a number of independent customers for whom there is no recent history of default and have a good track record with the Association. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

15 Capital management and financial risk management

(a) *Capital management*

The Association's objectives when managing capital are to safeguard the Association's ability to continue as a going concern in order to maintain an optimal fund structure.

(b) *Financial risk management*

Exposure to currency, credit and liquidity risks arises in the normal course of the Association's business. The Association is also exposed to equity price risk arising from its equity investments in listed securities.

The Association's exposure to these risks and the financial risk management policies and practices used by the Association to manage these risks are described below.

(i) Currency risk

The Association's functional currency is Hong Kong dollars. The Association mainly operates in Hong Kong and is exposed to currency risk primarily with respect to the United States dollars in respect of held-to-maturity financial assets and Renminbi in respect of bank deposits.

In the opinion of the Executive Committee, the Hong Kong dollar to United States dollar exchange rate is reasonably stable under the Linked Exchange Rate System. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies and, therefore, the Association considers the risk of movements in exchange rates between the Hong Kong dollar and the United States dollar to be insignificant. In respect of balances denominated in Renminbi, the Association ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary to address short-term imbalances.

Exposure to currency risk

The following table details the Association's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the Association's functional currency of Hong Kong dollars. For presentation purposes, the amounts of the exposure are shown in Hong Kong dollars.

	Renminbi	
	2018	*2017*
	$'000	$'000
Cash and bank deposits	1,539	5,952
Exposure to currency risk	1,539	5,952

15 Capital management and financial risk management (continued)

Sensitivity analysis

The following table indicates the instantaneous change in the Association's surplus and total funds that would have arisen if foreign exchange rates to which the Association has significant exposure at the end of the reporting period had changed at that date, assuming all other risk variables remained constant. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies.

	2018		*2017*	
	Increase/ (decrease) in foreign exchange rates	*Effect on surplus and total funds* $'000	*Increase/ (decrease) in foreign exchange rates*	*Effect on surplus and total funds* $'000
Renminbi	5%	77	5%	298
	(5)%	(77)	(5)%	(298)

The sensitivity analysis assumes that the change in foreign exchange rates had been applied to re-measure those financial instruments which expose the Association to foreign currency risk at the end of the reporting period. The analysis has been performed on the same basis as for 2017.

(ii) Credit risk

The Association's credit risk is primarily attributable to listed debt investments, cash and bank deposits and receivables. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

Investments are normally only in liquid securities quoted on a recognised stock exchange and with counterparties that have high credit ratings.

Cash and bank deposits are placed with financial institutions with sound credit ratings to minimise credit exposure.

In respect of receivables, individual credit evaluations are performed on all customers requiring credit over a certain amount. These take into account the customer's past payment history, financial position and other factors. Trade receivables are due within 30 days from the billing date. Normally, the Association does not obtain collateral from customers.

The Association's exposure to credit risk is influenced mainly by the individual characteristics of each customer. At the end of the reporting period, the Association has a concentration of credit risk as 48% (2017: 64%) of trade receivables was due from the Association's five largest customers, apart from the balances due from major credit cards institutions.

Further quantitative disclosures in respect of the Association's exposure to credit risk arising from receivables are set out in note 11.

15 Capital management and financial risk management (continued)

(iii) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient liquid cash. Due to the nature of the underlying operations, the Association aims to maintain flexibility in funding by keeping sufficient cash and bank balances to fulfil its commitments and current working capital requirements.

The remaining contractual maturities at the end of the reporting period of the Association's financial liabilities are within one year or on demand.

In order to manage the above liquidity demands, at 31 March 2018, cash and cash equivalents amounting to $159,939,000 (2017: $86,411,000) is considered readily realisable.

(iv) Equity price risk

The Association is exposed to equity price changes arising from equity investments classified as available-for-sale financial assets (see note 9).

The Association's available-for-sale financial assets are listed on the Stock Exchange of Hong Kong and have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations.

At 31 March 2018, it is estimated that an increase/decrease of 20% (2017: 20%) in the equity prices would have increased/decreased the Association's investment revaluation reserve by $44,230,000 (2017: $38,078,000).

The sensitivity analysis above indicates the instantaneous change on the Association's investment revaluation reserve that would have arisen assuming that the change in the equity prices had occurred at the end of the reporting period and had been applied to re-measure those financial instruments which expose the Association to equity price risk at the end of the reporting period. It is also assumed that the fair values of the Association's available-for-sale financial assets would change in accordance with their historical correlation with the equity price, that none of the Association's available-for-sale financial assets would be considered impaired as a result of the decrease in the equity price, and that all other variables remain constant. The analysis has been performed on the same basis as for 2017.

15 Capital management and financial risk management (continued)

(c) *Fair value measurement*

(i) Financial assets carried at fair value

Fair value hierarchy

The following table presents the fair value of the Association's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement-date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuations: Fair value measured using significant unobservable inputs

– Listed in Hong Kong	221,149	221,149	190,391	190,391

During the years ended 31 March 2017 and 2018, there were no transfers between Level 1 and Level 2. The Association's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

18 Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 March 2018

Up to the date of issue of these financial statements, the HKICPA has issued a number of amendments, new standards and interpretations which are not yet effective for the year ended 31 March 2018 and which have not been adopted in these financial statements. These include the following which may be relevant to the Association.

	Effective for accounting periods beginning on or after
HKFRS 9, *Financial instruments*	1 January 2018
HKFRS 15, *Revenue from contracts with customers*	1 January 2018
HKFRS 16, *Leases*	1 January 2019

The Association is in the process of making an assessment of what the impact of these amendments, new standards and interpretations is expected to be in the period of initial application. So far the Association has identified some aspects of the new standards which may have a significant impact on the financial statements. Further details of the expected impacts are discussed below. As the Association has not completed its assessment, further impacts may be identified in due course and will be taken into consideration when determining whether to adopt any of these new requirements before their effective date and which transitional approach to take, where there are alternative approaches allowed under the new standards. The Association does not intend to early adopt any of these amendments or new standards.

HKFRS 9, *Financial instruments*

HKFRS 9 will replace the current standard on accounting for financial instruments, HKAS 39, *Financial instruments: Recognition and measurement*. HKFRS 9 introduces new requirements for classification and measurement of financial assets, including the measurement of impairment for financial assets and hedge accounting. On the other hand, HKFRS 9 incorporates without substantive changes the requirements of HKAS 39 for recognition and derecognition of financial instruments and the classification and measurement of financial liabilities.

Expected impacts of the new requirements on the Association's financial statements are as follows:

(a) Classification and measurement

HKFRS 9 contains three principal classification categories for financial assets measured at (1) amortised cost, (2) fair value through profit or loss ("FVTPL") and (3) fair value through other comprehensive income ("FVTOCI"). The classification is determined based on the contractual cash flow characteristics of the financial assets and the entity's business model for managing the financial assets.

The Association has assessed that its financial assets currently measured at amortised cost will continue its classification and measurements upon the adoption of HKFRS 9.

With respect to the Association's financial assets currently classified as "available-for-sale", these are investments in equity securities which the Association has option to irrevocably designate as FVTOCI (without recycling) on transition to HKFRS 9, except for certain investments which may be reclassified to debt securities designated as FVTPL under new requirements for classification and measurements of HKFRS 9.

(b) Impairment

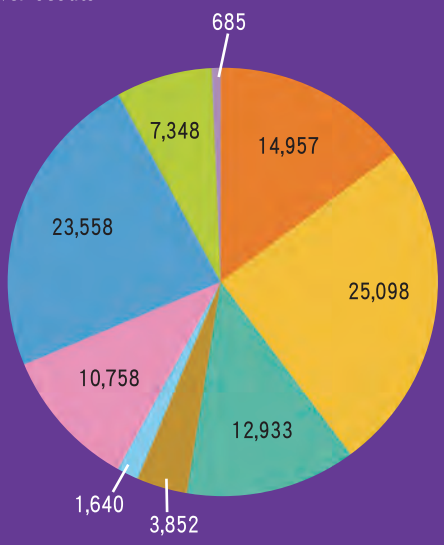

The new impairment model in HKFRS 9 replaces the "incurred loss" model in HKAS 39 with an "expected credit loss" model. Under the expected credit loss model, it will no longer be necessary for a loss event to occur before an impairment loss is recognised. Instead, an entity is required to recognise and measure either a 12-month expected credit loss or a lifetime expected credit loss, depending on the asset and the facts and circumstances. The new impairment model may result in an earlier recognition of credit losses on the Association's other financial assets. Based on a preliminary assessment, the Association expects that the new impairment model will not have a material impact on its accounting for accounts receivable and other financial assets.
