Membership Growth

In 2024, we established strategic partnerships with a wide range of educational institutions, religious organizations, charities, and welfare service organizations. We signed Memorandums of Understanding (MOUs) with six non-governmental organizations (NGOs) operating the Transitional Housing Projects (Pok Oi Hospital, Hong Kong Sheng Kung Hui Welfare Council, Yan Oi Tong, Sik Sik Yuen, Society for Community Organization and Yan Chai Hospital) to jointly promote youth development and foster social harmony. To further strengthen our outreach, we hosted the “Nurturing Youth, Creating the Future: Partnership Signing and Programme Launch Ceremony”, where we signed MOUs with 10 organizations, including Hong Kong Sheng Kung Hui, Po Leung Kuk, Tung Wah Group of Hospitals, Sik Sik Yuen, Pok Oi Hospital, Hong Kong Buddhist Association, Yan Chai Hospital, Hong Kong Taoist Association, Shun Tak Fraternal Association and Yan Oi Tong. These collaborations aimed to establish new Scout groups, attract more young people to join Scouting, as well as to encourage parents to become Scout leaders alongside their children. Additionally, we partnered with The Education University of Hong Kong to promote the postgraduate programme “Master of Arts in Leading Experiential Learning Activities”. Holders of the Wood Badge were eligible for exemptions from selected elective courses. Through these partnerships, we were leveraging collective expertise, resources and networks to expand youth participation in Scouting and provide more holistic development opportunities.

International Engagement

SAHK is dedicated to cultivating global perspectives for our youth, fostering friendships across cultures. Over the year, we organized a number of delegations to encourage our members to participate in international events, including the Icelandic National Jamboree 2024, Jamscout 2024 (Spain) and Finland Exchange Tour 2024 of “Scouts in One World - Young Leaders Programme”. I personally led delegations to the 11th Asia-Pacific Regional Scout Leaders Summit in Thailand and the 43rd World Scout Conference in Egypt, engaging in discussions to shape the global vision and long-term strategies for the Scout Movement.

In December 2024, we hosted the WE@FUTURE Jamboree at Qiao Dopa Coast in Zhuhai, welcoming 4,400 participants, including Scouts from Korea, Nepal, Qatar, Thailand, Macau and teenagers from the Mainland. This jamboree had designed a rich and attractive programme for the participants. In addition to traditional Scouting activities, there were also youth forums, exhibitions, market place and various reunions. The most amazing of all were the campfire and drone performance. All the participants were thrilled with excitement of these special programmes. This jamboree was a great success and showcased the excellent teamwork, leadership and resilience of Scouts.

Promoting Scouting

SAHK garnered significant media exposure in the past year, with approximately 1,000 reports raising public awareness of our mission. We were featured in TVB New's programme “HK Historical Site” to share the history of Scouting in Hong Kong and introduce the New Territories East Regional Headquarters, a declared monument. Collaborations with government bodies included launching the Active Citizenship Badges with the Hong Kong Police Force to foster civic responsibility and producing a “Diversity and Inclusion” promotional video with the Correctional Services Department. Moreover, we were invited to demonstrate tent-building and wilderness survival skills at the IMXpo. During the event, we also promoted the “Leave No Trace” principle to highlight Scouting's commitment to sustainability.

Youth Engagement

To enhance youth engagement, the Youth Affairs Advisory Council was established in 2024, enabling youth members to contribute to policy discussions and assist in organizing activities such as forums and workshops. In June 2024, we hosted the International Scout Youth Forum 2024, a youth-led event themed “Modern Technology and Scouting”. The forum focused on the impact of artificial intelligence on Scouting and facilitated meaningful exchanges with Scouts from around the world.

Over the past year, Scout Association of Hong Kong (SAHK) has made remarkable strides in advancing our “Strategic Plan (2024-2027)”, focusing on four objectives: “Become the Best Youth Uniformed Group”, “Whole Person Development and Education”, “Good Governance”, and “Caring for the Society”. In August 2024, SAHK was honoured with the World Scout Growth Award at the 43rd World Scout Conference, in recognition of our outstanding performance in membership and organizational growth. It showed that we had achieved fruitful results in youth engagement, leadership training, institutional governance and community engagement, providing young people with more diverse opportunities to learn and grow.

National Education

SAHK advanced national education through initiatives like the “National Security Education Day” and training programs with the Hong Kong Palace Museum to promote Chinese cultural heritage. Our members participated in the Mainland exchange and internship programmes, including a one-month internship at the Palace Museum in Beijing, the “10,000 Miles Friendship Trek” exchange programme, the “New Quality Productive Forces Summer Study Tour 2024” and an online cultural exchange sharing hiking trails and scenic landmarks in Hong Kong and the Mainland. Additionally, our members joined the flag-raising and Chinese-style drill training instructed by The Chinese People's Liberation Army Forces Hong Kong, further strengthening their sense of national identity and pride.

Good Governance

SAHK adhered to the principle of prudent financial management and actively sought external resources to support new initiatives. We conducted internal audits annually to ensure policy compliance and operational efficiency. To mitigate risks, we had been reviewing and updating our personal data privacy policy. On the other hand, we were committed to providing a safe and supportive environment for Scouts by strictly enforcing the “Safe from Harm Policy” and offering mental health programmes that promote youth well-being.

Caring for the Society

In order to provide support in times of emergency, we established the Scout Special Response Team (SRT) and provided members with professional training in emergency response. As usual, our Scouts engaged in extensive community services, including supporting the elderly and underprivileged groups. We also participated in events like the “National Security Education Day cum Hong Kong Police Force 180th Anniversary Police College Open Day”, the flag-raising ceremony to celebrate the “27th anniversary of the establishment of the Hong Kong Special Administrative Region”, the flag-raising ceremony to celebrate the “75th anniversary of the founding of the People's Republic of China”, and the “Standard Chartered Hong Kong Marathon 2025”. These efforts reflected our strong commitment to serving the community and contributing to society.

As we step into a new year, we will continue to strive to uphold our Vision, Mission and Values. Inspired by the spirit of “Do a Good Turn Every Day” and guided by the motto “Be Prepared”, we are ready to face new challenges and keep on serving our community with dedication. Last but not least, let's hold hands together to create a better world for our young people.

Programme Branch

Review of Sectional Training Scheme

To achieve the target of membership expansion and retention set in the Strategic Plan of the Association, Sectional Training Review Committee was established in 2024 to review the sectional training programmes and to propose amendments to the training schemes so that Scout activities continue to meet the development of the society and serve the comprehensive growth and needs of the youth.

Competitions Showcased Scout Skills

All Association-wide sectional competitions were completed successfully in the past year, namely the “Hong Kong Grasshopper Scout Para-Balloon Competition 2024”, “Hong Kong Chief Commissioner's Shield 2024”, “Hong Kong Carlton Trophy Competition 2024”, “Hong Kong Venture Scout Competition 2024” and “Hong Kong Rover Scout Trophy Competition 2024”. Participants have demonstrated their skills honed through routine training, showcasing exceptional Scouting abilities, teamwork, adaptability and leadership, all while striving for outstanding results.

“Scouts in One World” Young Leaders Programme – Finland Exchange Tour 2024

Sponsored by Funding Scheme for International Youth Exchange jointly organized by Home and Youth Affairs Bureau and Youth Development Commission, “Scouts in One World” Young Leaders Programme – Finland Exchange Tour was held on 28 March to 7 April 2024. In addition to visiting local attractions, 33 Scouts also interacted with Finnish Scouts and youth, learned about local ecology and heritage conservation efforts, visited underprivileged communities, hiked with “Leave No Trace” practices and paid a visit to the Embassy of the People's Republic of China in Finland to gain insights into the “Belt and Road” national policy. The programme not only broadened participants' horizons and enriched their life experience, but also nurtured them to become leaders in the future.

“Jockey Club Badges: Preparing Tomorrow's Leaders” – “Scouting with Perseverance” Project

Supported by The Hong Kong Jockey Club Charities Trust, the Association implemented a series of programmes under the “Jockey Club Badges: Preparing Tomorrow's Leaders” project. Among them was the “Scouting with Perseverance” Project organized by Programme Branch. Participants underwent a series of leadership training prior to the leadership summer camp at Macau, and subsequently took part in planning and organizing the “Scouting with Perseverance Musical Festival” to share their achievements. With guest singers invited to perform in the concert, creating a lively atmosphere, the festival was attended by 1,664 Scout members, their families and friends.

Active Citizenship Badges Series: Fulfilling Civic Responsibility

The Scout Movement fosters civic education by nurturing young people's sense of social responsibility and leadership skills, thereby encouraging personal growth. To this end, the Active Citizenship Badges Series were introduced. Badges launched in the last year included the “Anti-Deception Badge”, “Child Protection Badge”, and “Anti-Drug Badge”. Members earned these badges through self-learning, discussion and report followed by assessment arranged by leaders. By March 2025, a total of 4,281 members have accomplished the badges.

Earth Tribe – Pilot Scheme

To encourage youth across the globe to care for the environment and protect the planet, Programme Branch launched the “Earth Tribe” pilot scheme in April 2024. With three distinct challenges: Plastic Tide Turners Challenge, Champions for Nature Challenge and Scouts Go Solar Challenge, the scheme aimed at raising awareness among Scout members about environmental protection. By 31 March 2025, 392 individuals have completed the challenges and become members of the Earth Tribe.

Chinese-Style Foot Drill Promotion Team

To promote national education among Scout members and leaders and to fulfil the Scout Promise to “Do my duty to my country”, the “Chinese-Style Foot Drill Promotion Team”, composed of representatives from various regions and Programme Branch, was established in March 2025. Additionally, Programme Branch has issued the “Guidelines of Chinese Foot Drill and National Flag and Regional Flag Raising”, providing members and leaders with fundamental knowledge of foot drill training.

Training Branch

Leaders' Training

During the year, Training Branch organized a total of 217 training programmes for 6,326 participants. They included 106 Wood Badge Courses, 39 Leader Skill Courses, three training courses, five workshops and 16 examinations held under Scoutcraft Accreditation Scheme, two Basic Operation Courses organized for combined staff and 39 training programmes covering a wide range of topics such as mental health, facilitation skills, spiritual development, special educational needs and Sustainable Development Goals (SDGs). In addition, 1,866 individuals completed the “Safe from Harm Online Self-learning Course” while 132 adult members were awarded the Wood Badge.

The above training programmes reflected the effort of our committed Hong Kong Training Team comprising 34 Leader Trainers, 63 Assistant Leader Trainers and 174 Trainers.

Wood Badge Training Scheme Review

To meet the changing needs of Scouting and to keep in line with the new Wood Badge Framework of the World Organization of the Scout Movement, Training Branch has conducted a review of Wood Badge Training Scheme. The revised Scheme for Sectional Leaders will be effective from 1 April 2025 while the Scheme for Administrators remains unchanged.

The revised Sectional Leader Wood Badge Training includes both self-learning online courses and face-to-face courses. While the self-learning online courses enable leaders to complete the training at their own pace, face-to-face courses keep the traditional way of learning and allow leaders to experience and participate in person. In addition, having the In-Service Mentorship conducted in parallel with the courses offers leaders more flexibility and higher efficiency. A leader may complete and obtain the Wood Badge by one year at the earliest.

Training Branch initiated hybrid learning mode, with online and face-to-face sessions, to the General Information Courses in April 2024. It not only allowed participants and training staff to appreciate the new mode of learning but also helped gear up for a smooth introduction of the revised Scheme.

Quality Assurance

In year 2024-25, 12 training course visits were conducted. Besides, evaluations of 106 training courses and 252 in-service training were also completed. The feedbacks were positive overall. Moreover, the online questionnaire system was fully utilized by Training Branch and all regions to collect feedbacks from participants on Wood Badge Courses and Leader Skill Courses.

Hong Kong Training Team Resources Centre

Officiated by the Chief Commissioner Dr Wilson LAI, Hong Kong Training Team Resources Centre (“the Centre”) opened on 5 October 2024. Equipped with modern facilities and equipment, the Centre serves as a multifunctional venue for Training Branch and Hong Kong Training Team to conduct hybrid-mode training and activities. Moreover, the common area with modular tables, chairs and computers facilitate group studies and training-related activities. Members can use QR code inside a mobile app to access the Centre during the opening hours of the Hong Kong Scout Centre. The mobile app can also be used to reserve facilities such as meeting rooms and lockers.

“Developing the leader within you 2.0” Leadership Training

Training Branch organized two one-day leadership training, “Developing the leader within you 2.0”, to 41 members of Hong Kong Training Team on 14 and 15 December 2024. Advocated by Training Branch, this was the first training of the Continuous Education Series aim to strengthen the support to leaders for their continuous training and development. Through an array of training and workshops in the Series, leaders at whatever stage of their Scout journey may enrich themselves by sharpening different skills.

Adults in Scouting Branch

Leader Recruitment

Adults in Scouting (AiS) Branch recruited leaders through different channels in 2024-25. While “New Leaders Matching Scheme” arranged workshop to introduce basic information of the Scout Movement followed by matching participants with Scout groups, 49 prospective teachers recruited during two visits to The Education University of Hong Kong attended the Fundamentals of Scouting Course to be prepared to become Scout leaders.

Training and Activities

Leadership Training Institute (LTI) is committed to bridging Scout training to formal education. Five QF Level 3 learning programmes were arranged during the year, namely one session of Certificate in Leadership Skills, one session of Certificate in Adventure Education: Principles and Application, and three sessions of Certificate in Expedition Skills. Moreover, LTI kept working closely with tertiary institutions. Credit-bearing courses: Leadership in Practice was organized again for United College of The Chinese University of Hong Kong, while a 200-hour Scout service exposure was given to two student interns from The Education University of Hong Kong so as to develop their leadership skills.

During the year, Wong Siu Sang Leadership Training Centre has offered 207 programmes for 10,110 participants, among which, “Free Admission Trial Project” attended by 2,958 participants was well received. “Wilderness Challenge Day 2025” was held at Sai Kung Wai Man Road Playground and Sai Kung Country Park on 23 February 2025 with over 500 participants. In addition to those training programmes organized for the “Strive and Rise Programme” and the “Jockey Club Badges: Preparing Tomorrow's Leaders” Project, the Centre also assisted Home and Youth Affairs Bureau in the selection and training of candidates for the “YDC Youth Ambassadors Programme”.

First Aid Training & Service

In the past year, 422 members participated in various First Aid courses including one First Aid Certificate Course and 10 Refresher Trainings for First Aid Certificate Course recognized by Labour Department, and 12 First Aid Badge Training Courses for Scout Section. Furthermore, our First Aid Service Team rendered service at 31 large-scale events and activities organized by different Scout units, serving some 26,000 participants. A “Press to shock – Save a life” kickoff ceremony cum CPR & AED online self-learning education week was held in September 2024. Partnering with Fire Services Department, the programme aimed to promote CPR and AED skills in the Scout Movement.

Library Services

Scout Association of Hong Kong Library remained a popular place for our members, fostering learning and social interaction. There was a total of 17,057 usage of library recorded in the last year. A new library management system was installed to provide a better platform for searching library collection and borrowing books.

Development Branch

Scout Special Response Team

Selection for the Scout Special Response Team was conducted in mid-2024. 28 Scout members successfully passed the pre-requisite qualification assessment, physical fitness test, specialized skill evaluation and selection interview, and subsequently joined the team. Based on their expertise, team members participated in the respective training of the six specialized teams: first aid, land search and rescue, rope access, UAV support, water search and rescue, and logistic and support. Besides, all team members would receive incident command system training as well. Ongoing integrated and specialized skills training had been launched since August 2024, whereas the production of team's badge and uniform was completed by the end of 2024.

Jockey Club Badges: Preparing Tomorrow's Leaders – “Smile Action Project”

To train Scout members and leaders to become guardians of their own and others pertinent to mental health, as well as to foster awareness within the community on stress adaptation, thereby achieving “early identification of emotional crises and early intervention”, Development Branch had organized five roving exhibitions, two carnivals, and one day camp dedicated to promoting mental health. Additionally, 366 Smile Action Ambassadors and 45 Trainers had successfully completed training in mental health promotion.

Happy Family Campaign

With the continued support of the Home and Youth Affairs Bureau and the Family Council, the Association organized a series of “Happy Family Campaign” activities this year. On 16 March 2025, Development Branch hosted the “Environmental Protection and Animal Care Fun Day” at Cheung Sha Wan Catholic English Secondary School, providing over 1,000 Scout members and their families with a variety of engaging activities, inter alia, thematic talks, eco-friendly workshops, interactive stall games, and an assessment for the “Animal Care Badge” for members of Cub Scout and Scout Sections.

Elderly Visit Programme

Development Branch organized a series of elderly visit programmes this year, including the annual Mid-Autumn visit with kick-off ceremony at Ying Wa College on 14 September 2024, as well as two Chinese New Year visits on 18 and 25 January 2025. Through these initiatives, the Association delivered festive gift packs and seasonal blessings to nearly 1,000 elderly individuals.

Social Service Team

The Social Service Team successfully recruited 49 new members this year, bringing the total team size to 66. To further strengthen Scout members' engagement in social service initiatives, the team plans to conduct quarterly recruitment drive in the coming year.

Communications and Public Affairs Branch

Mission to Serve

To further encourage Scout members to uphold their commitment to serve the society and fulfill the Scout Promise to help other people, Communications and Public Affairs (CPA) Branch launched a 24-month Theme of the Year "Mission to Serve" in 2024. This initiative encouraged Scout members and units to participate in or organize services and activities related to the theme. As of March 2025, a total of 4,462 individuals have received the commemorative items, reflecting a positive response.

Scout Image

In the year under review, CPA Branch promoted a positive image of Scouting and shared information of Scout activities through various social media platforms. These efforts included cooperating with Correctional Services Department to produce a short video on diversity and inclusion to showcase the benefits of the Scout Movement on the young persons in custody and their determination to reintegrate into the society, holding a press conference in collaboration with Hong Kong Police Force for the Active Citizenship Badges Series, sharing video highlights and broadcasting drone performances of the WE@FUTURE Jamboree held in Zhuhai in December 2024 on the Facebook page, allowing more people to share our joy and the fun of Jamboree.

Promotion of Scouting through Music

On 8 February 2025, Hong Kong Scout Band held the "Founder's Day Scout Musical Rally" at the Piazza of Kowloon Park. Bands from The Scout Association of Macau, Hong Kong Island Region, New Territories Region, New Territories East Region and 21st Islands Group were invited to join the occasion. The musical rally successfully showcased the talents of Scout members and attracted hundreds of passersby to enjoy the performance.

A joint Scout band of the Association formed by the Hong Kong Scout Band together with bands from Hong Kong Island Region, New Territories East Region, New Territories Region, 193rd East Kowloon Group, 21st Kowloon Group and 21st Islands Group was invited to perform a marching band showcase at a large-scale stress test held at the Kai Tak Sports Park on 16 February 2025. 122 Scout musicians earned significant applause from the audience.

Scout of the Year

Seven outstanding Scout members were selected as Scout of the Year in 2023. They were presented with shoulder cords by the Guest of Honour, Ms Michelle LI, Permanent Secretary for Education, at the presentation ceremony on 7 July 2024. A total of 213 Scout members have been awarded as Scout of the Year to date.

Founded in 2010, the Scout of the Year Association (SOYA) aims to unite all awardees to make contribution to the Scout Movement and the community. In November 2024, SOYA organized a "Sapling Care Community Service" to assist in a vegetation restoration project in the area of Luk Chau Shan affected by wildfires years ago, so as to deliver the message of environmental conservation.

International Branch

HKSAR Regional Flag Badge

To further strengthen the sense of national identity among our members, the Association was approved by the HKSAR Government in April 2024 to allow members to wear the Hong Kong Special Administrative Region Regional Flag Badge (HKSAR Badge) above the left chest pocket of their Scout uniform when participating in approved international/mainland exchange activities of the Association.

11th Asia-Pacific Regional Scout Leaders Summit (24-27 April 2024)

Chief Commissioner Dr Wilson LAI, International Commissioner Ms Queenie NG and Chief Scout Executive Ms Evita LEE formed a three-person delegation to attend the Scout Leaders Summit in Thailand and discussed the future direction of Scouting in the Asia-Pacific Region with leaders of various National Scout Organizations in the region. Other members of the Association who have also attended the Summit included World Scout Committee Member Mr Mori CHENG, Asia-Pacific Regional Scout Committee Treasurer Mr Paul HO and Asia-Pacific Regional Scout Foundation Management Committee Treasurer Dr Dominic CHU.

International Scout Youth Forum 2024 on Modern Technology and Scouting (8-10 June 2024)

37 Scout representatives aged 18 to 26 from Hong Kong, Australia, Korea, India, Malaysia, Nepal and Singapore gathered at Hong Kong to attend the International Scout Youth Forum 2024 on Modern Technology and Scouting. The event was inaugurated by Mr WONG Chun-yip, Deputy Director (Operations) of Fire Services Department. Through a series of lectures and discussions, the participants explored the relationship and impact of modern technology on the Scout Movement. Furthermore, a city hunt activity

was arranged for the young people to discover the unique charm of various districts of the city. At the end of the forum, they outlined roadmaps and proposed a vision for applying technology in the Scout Movement across three areas, namely "Modernization of Scout Programme and Training – Integration with Technologies", "Digital Citizenship" and "Enhancing the Use of Technology in Communication and Administration of Scouting".

43rd World Scout Conference (17-23 August 2024)

The triennial World Scout Conference was held in Cairo, Egypt, with some 2,000 participants from 162 National / Regional delegations. Our Association was represented by six delegates and six observers including two youth members as delegates and one as an observer. The Association was invited to share good practices and experience in "Brand Enhancement" which was delivered by International Commissioner Ms Queenie NG. During the conference, the Association was awarded the "Growth Award" while Assistant Headquarters Commissioner of International Branch, Mr Mori CHENG, was elected as Vice-Chairperson of the World Scout Committee.

67th Jamboree-on-the-Air (JOTA) cum 28th Jamboree-on-the-Internet (JOTI) (18-20 October 2024)

With the theme of "Scouts for a Greener World", the JOTA-JOTI held at the Hong Kong Scout Centre attracted a total of 1,285 participants. Among a wide range of activities involving members from five sections, the Grasshopper and Cub Scout colouring competition received 240 creative entries. In addition to the radio activities and DIY workshops, two online exchange activities were arranged for our members to interact with overseas Scouts and youth from the Mainland, facilitating mutual understanding.

WE@FUTURE Jamboree (23-27 December 2024)

45 Scouts from Korea, Nepal, Qatar, Thailand and Macau participated in WE@FUTURE Jamboree held on Qiao Dopa Coast in Zhuhai. Additionally, the opening ceremony was attended by 14 guests from overseas and Macau including the Regional Director of World Scout Bureau Asia-Pacific Support Centre Mr Jose Rizal Pangilinan, and the Vice Chairmen of the Asia-Pacific Regional Scout Committee Mr Simon RHEE and Dr Somboon BUNYASIRI.

Asia-Pacific Regional Awards

Mr Horace HO, Chairman of the Finance Committee, was awarded the Asia-Pacific Chairman's Award in 2024 in recognition of his contributions to the Asia-Pacific Scout Movement over these years.

“Responsibility to the Nation” – Scout National Security Day (7 April 2024 & 29 March 2025)

To foster the sense of responsibility to the country among Scout members, Mainland Affairs Branch organized two national security education activities in the last year. Officiated by the Secretary for Constitutional & Mainland Affairs Mr Erick TSANG Kwok-wai and the Secretary for Home and Youth Affairs Miss Alice MAK Mei-kuen respectively, two events allowed over 5,500 members to enhance their knowledge of national affairs and national security. Featured activities included colouring, bookmark and slogan design competitions, national security exhibition, game stalls, seminars which introduced the world cultural heritage in our country and the animal protection work in Sichuan, lion dance as well as face-changing performance of Sichuan opera.

Beijing Internship Programme 2024 (15 June - 14 July 2024)

Benefited from Youth Development Commission's Funding Scheme for Youth Internship in the Mainland, 20 young people aged 18 to 27 travelled to Beijing for a one-month internship programme. They not only gained better understanding of the traditional Chinese culture in different positions at the

Palace Museum and the Palace Museum Cultural and Creative Products Hong Kong Space, but also learned about product development and marketing process of creative cultural products at Ta Kung Pao Media. Before the end of the internship, they completed a cultural and creative product design plan in groups. Participants also visited local attractions and experienced the lives of people in the Mainland.

10,000 Miles Friendship Trek 2024 (20-28 July 2024)

23 members and leaders of our Association were dispatched to form a joint delegation of some 300 people with members of 13 other youth uniformed groups, participating in a nine-day “Explore Chinese Culture – Beijing and Xi'an Tour”. The exchange programme involved excursion to various attractions to deepen participants' understanding of the national development, and provided opportunity for the teenagers to interact with young people from other uniformed groups in Hong Kong as well as students from the Mainland, building valuable friendships.

“New Quality Productive Forces” Hong Kong Youth Study Tour 2024 (3-10 August 2024)

The Association, in collaboration with CTS Group and The Hong Kong Jockey Club, jointly organized a study tour themed “New Quality Productive Forces”. 90 youth members aged 14 to 18 were led by 13 leaders to travel across Beijing, Shanghai and Hangzhou, visiting advanced enterprises and top-tier universities specialized in technology, aerospace and marine equipment. They also interacted with industry experts, business leaders, aerospace experts and young scientists to gain insights into the development potential and innovation of the new quality productive forces of our country. The contingent also visited various World Cultural Heritage sites to learn about the Chinese history, culture and the lives of people in the Mainland.

Carrying the Cultural Tradition Forward Programme (April 2024, September 2024 & February 2025)

Our Association and the Hong Kong Palace Museum jointly launched the “Carrying the Cultural Tradition Forward Programme” in 2022. In the year under review, three introductory training sessions with different themes were organized, namely “Engraved Impressions”, “Exploring the Beauty of Ceramics” and “Guarding the Hall of Supreme Harmony”. These programmes allowed 95 youth members and leaders to gain deeper understanding of the Chinese culture, art and history, enriching their knowledge of appreciating cultural and artistic works.

WE@FUTURE Jamboree (23-27 December 2024)

252 young people from Foshan, Dongguan, Huizhou and Shenzhen joined our Scout members in the WE@FUTURE Jamboree held on Qiao Dopa Coast in Zhuhai. Besides, Mainland Affairs Branch arranged three-day “WE@FUTURE: Chinese Culture and Technology – Zhuhai Parent-Child Exploration Tour” for Grasshopper Scouts, Cub Scouts and their families to experience and share the joys of the jamboree. Divided into three groups, a total of 466 participants not only visited various attractions in Zhuhai to learn about the Chinese culture and technological development, but also attended the opening ceremony and open day of the jamboree, getting a taste of the jamboree atmosphere.

Development of Association Properties

In response to the growing popularity of electric vehicles (EVs) in Hong Kong and the rising demand for charging services, the Association has upgraded the EV charging facilities at the Hong Kong Scout Centre. The project was completed in the fourth quarter of 2024, now equipping a total of 18 quick chargers and eight medium-speed chargers on the car park floors, providing users with flexible charging solutions.

Additionally, a large LED display wall with approximately 8m x 3m has already been installed in the Chamson Chau Congregation Hall on the 11th floor of Hong Kong Scout Centre. This advanced LED wall not only supports daily presentations and lectures, but also serves as a dynamic backdrop for major Scout events. In parallel, Estate Branch has also undertaken renovations of several function rooms this year, replacing old projectors with LED displays exceeding 100 inches to enhance user experience. In the coming year, we will continue to renovate and optimize the remaining function rooms.

Beyond the above, this year's key projects also include the basement renovation, external building wall repairs and Scout signage replacement at the Hong Kong Scout Centre. Under Estate Branch's project plan, the basement will be transformed into a multi-functional space, featuring a canteen, fitness area and activity rooms. These facilities are expected to be fully operational in the second quarter of 2026. As for the external walls and signage projects, the consultancy studies have been commenced in 2024. Estate Branch will closely monitor the quality and safety standards of these projects.

Capital Works for Campsites and Activity Centres

Estate Branch oversees the Association's subsidized Capital Works Projects for campsites and activity centres. The projects approved with the subsidies this year include:

- Roof covering replacement for boat storage area and climbing wall renovation at Tai Tam Scout Centre;
- Waterproofing work for the roof of the Hall at Wong Siu Sang Leadership Training Centre.

As usual, Estate Branch actively encourages Scout units to pursue external funding opportunities for camp facility improvements. Currently, three major projects have secured funding support: renovation of Tai Tam Scout Centre and redevelopment of Choi Chee Ming Luen Kwong Scout Centre funded by the Hong Kong Jockey Club Charities Trust; Sea Activity Centre development adjacent to Tai Tam Scout Centre funded by the Development Bureau. Estate Branch will continue to work closely with relevant units, providing technical advice and necessary support to ensure the smooth implementation of the projects.

Administration Branch & Information Technology Branch

Scout Raffle Campaign 2025

Raffle Campaign is organized annually to help Scout groups, districts, regions and other units of the Association raise funds for their training and activities. This year's Raffle Draw and Award Presentation Ceremony was held on 15 March 2025 at the lobby of the B P International House. A total of 101 lucky prize winners were drawn by a team of esteemed scouters, lay members and sponsors. "Best Performance Award", "Best Per Capita Performance Award" and "Best Improvement Award" were also presented to those participating Groups with outstanding sales performance.

"Hong Kong Volunteer Award" 2024

The "Hong Kong Volunteer Award" is co-organized by the Home and Youth Affairs Bureau and the Agency for Volunteer Service to recognize the contributions and achievements of outstanding volunteers and organizations. At the Hong Kong Volunteer Award Presentation Ceremony held on 10 December 2024, the Association received the "Top Ten Highest Volunteer Hour Award (Non-Commercial Organization)" and the "Excellence Gold Award". We also had two Scout members being bestowed individual award "Top Three Highest Volunteer Hours Award (Youth Group)".

Enhancing Operational Efficiency through Information Technology

The "Online Enrolment and Payment System" has been enhanced. It supported the online enrolment and payment by campers and camp staff who joined the WE@FUTURE Jamboree in December 2024. In early 2025, the Association Headquarters started the collection of participant fees through payment links. The five regions also have their plans to adopt payment links in 2025.

The revamp of the "Scout Membership Information System" is near completion. The backend functions have been soft-launched for use by the Administration Branch and staff of other units since January 2025. The frontend functions will be ready by mid-2025. Since then, all adult members will have their own Scout ID and system account. Through the system, adult members can view their Scouting records and update their personal information more conveniently.

Strengthening Project Planning and Coordination

This year, the Information Technology Branch continued the coordination of four ongoing system development projects, namely "Scout Learning System", "Certificate Generation and Verification System", "Scout Archives Management System" and "E-message System". Support has also been provided to The Scout Shop of Hong Kong in the outsourcing of a new project to replace the existing point-of-sale system and online shop for better customer shopping experience.

The projects, as the building blocks of the Association's digital transformation journey, have been well planned and coordinated through cross-unit collaboration and early engagement of system owners and users. To help achieve various objectives and strategies in the Association's Strategic Plan (2024-2027), the new systems together aim to enhance efficiency and services, promote knowledge sharing and paperless operation, and ultimately alleviate administrative burden and enrich members' Scouting experience.

Regions

Hong Kong Island Region

With the collective efforts of all members, the Hong Kong Island Region achieved fruitful results in adult training, youth programmes, social services, and infrastructure. In the face of changes and challenges, we promoted the Scout Movement with innovative thinking, continuously enhancing organizational effectiveness and community impact.

Strengthening the System to Promote Development

To meet future development needs, the region completed the organizational restructuring in July 2024, expanding from five to nine committees covering areas such as Administration and Public Relations, Education and Development, Youth Programmes, Training, Finance and Fundraising, International and Mainland Affairs, Property & SCENES, Air Scouts, and Sea Scouts. The new structure incorporates the opinions of scholars and professionals, facilitating comprehensive development of the region. In terms of membership, with the recent return to normalcy in society, the total number of members has risen to 9,980.

Leadership Training and Youth Activities

In terms of leader training, 25 courses were held this year, with 472 participants, and 21 leaders completed Wood Badge training. Youth activities also performed excellently, with a total of 133 activities, training courses, and competitions held throughout the year, attracting 8,859 participants, a 21% increase from last year. This year, 178 Cub Scouts obtained the Golden Bauhinia Award, 43 received the Chief Scout's Award, six were awarded the Dragon Scout Award, and four received the Baden-Powell Award. The total number of individuals receiving the sectional highest awards increased by 32% compared to last year, reflecting significant achievements in training and activities.

Introducing Innovative Ideas into Brand Activities

Under the theme of "Mission to Serve", the "Island Scout Day" featured new booths such as "Love for China" and "Volunteer Together@Districts", which were supported by multiple Government departments, showcasing the connection between Scout values and the community. The "Island Scout Trail Walk" combined elements of environmental protection and challenge, with the theme of "Know More About and Act for Carbon Neutral". In addition to the traditional long-distance hiking team challenges, this year's event also featured a series of educational tasks such as "Trail Cleaning Ambassador", "Trail Maintenance Ambassador", "Carbon Reduction Challenge", and "Carbon Reduction Commitment", with a view to promoting the education of sustainable development and low-carbon living.

Expanding Social Services

This year, the Hong Kong Island Region and its affiliated units conducted a total of 335 social service projects, accumulating 49,793 service hours and involving 7,255 participants. The newly established "HKIR Scout Service Team" has recruited over 100 members and actively participates in community work. Additionally, 1,300 Scouts supported the "Standard Chartered Hong Kong Marathon 2025", demonstrating the Scout spirit of serving to the community.

Environmental Education

The Tai Tam Scout Centre, guided by the philosophy of "Living with Nature", collaborated with the World Wide Fund for Nature to launch the "Co-creation of Environmental Education Program for Scout Leaders". In early 2025, "Urban Birdwatching Activity" and "Observer (Pursuit) Training Course" will be held to promote nature observation and ecological education. The "Eco-art Competition" held during the summer attracted over 140 Grasshoppers Scouts and Cub Scouts, showcasing excellent performances and receiving widespread acclaim. Furthermore, a scenario network platform was established to provide diverse resources to support learning. In April 2025, the "Earth Tribe - Champions for Nature Challenge" event will be held to promote low-carbon living and environmental protection education.

This year, the Hong Kong Island Region achieved remarkable results in institutional reform, innovative activities, talent training, and community service. Looking ahead, we will continue to expand collaborations with youth organizations and diverse communities, enhancing youth participation and growth opportunities, injecting more momentum into the Scout Movement, and opening a new chapter for the Hong Kong Island Region.

Kowloon Region

Under the leadership of the new President and Chairman, Kowloon Region continued to provide high-quality and diverse activities for the youth last year, and achieved excellent results in many areas.

Diverse Activities

In the past year, the Region held a total of 97 different programmes and trainings across land, sea and air, with 4,533 participants. The annual flagship event "Kowloon Region Rally 2024 & SDGs Carnival" was held on 6 October 2024, recognizing 139 Outstanding Group Scouters and 270 Outstanding Scout Groups. In addition, person-in-charge of 18 sponsoring authorities were awarded Regional Commissioner's Commendation in acknowledgment of their exceptional contributions and support for the Scout Movement. The event also featured multiple booths and exhibitions promoting the Sustainable Development Goals (SDGs) and Scouting. On 8 December 2024, the Region firstly organized "Gilwell Trail Race 2024", there was a youth music concert after the prizes presentation ceremony, which received rave reviews from audiences. The Region held the "Community Care Service Day" on 1 March 2025, with nearly 150 Scouts and leaders partnering with the Care Teams to visit families in need and distribute lucky bags. This initiative allowed Scouts members to gain a deeper understanding of our community and promote a positive image of Scouting.

WE@FUTURE Jamboree was the highlight of the year for the Association. With the strong support of lay members, over 300 campers from Kowloon Region HO Wing-ko Sub-Camp enjoyed a wealth of facilities and supplies, making the first Hong Kong Scout Jamboree held in Mainland China even more enjoyable. In the five sub-camp competitions, the Region won two championships, one runner-up, and one third place.

Outstanding Performance

The number of Scouts achieving the sectional highest awards reached 325, which is the highest among the five regions and a 5.9% increase over last year, including 247 Golden Bauhinia Awardees, 60 Chief Scout's Awardees and 18 Dragon Scout Awardees. For the Hong Kong Award for Young People, the Region had one Gold Awardee, one Silver Awardee and three Bronze Awardees. Besides, a total of 39 leaders successfully attained the Wood Badge. The Region achieved excellent results in both overall and individual competitions among the four Association-wide Sectional Competitions held by the Association. Also, three members from the Region were selected to be Scout of the Year. As at the end of December 2024, the Region had 229 Scout groups and 13,534 members, a 3% and 2.2% increases respectively over last year. Since the Partnership Programme had been launched by the Association, four Po Leung Kuk's school were successfully established a Scout Group.

Gilwell Campsite

The online reservation system was officially launched in November 2024, allowing users to book campsites and various facilities online, including High Event and other camp services. A top rope belay system has been added to the Nature Challenge venue to enhance safety and efficiency. Furthermore, several improvements have been made to the campsite, including the installation of solar-powered lights and the replacement of perimeter fencing. The Region will continue to enhance the camp's facilities to increase its attractiveness.

East Kowloon Region

Strengthen Connections

To enhance operational capabilities and collaboration, Regional Headquarters is actively recruiting Scouters for various roles. The “Principals’ Gathering” was held on 27 November 2024, inviting principals and teachers from sponsoring authorities. The parent leaders and members shared insights on how schools support Scout members in holistic development. Attendees commended the event’s success and recommended further sessions in the coming future. Moreover, on 17 March 2025, a “Leaders’ Conference” specially for frontline leaders and presenting updates on the new Wood Badge Training Scheme and Review of Sectional Training Scheme, including timelines, further mission had encouraged them to participate more in regional activities.

Region fully supported our youth members in joining Youth Council of the Association. Their participation is instrumental in inspiring greater youth engagement and infusing new energy into the Scout Movement.

Recognition and Encouragement

On 1 December, the Region hosted its Annual Awards Ceremony to commend outstanding achievements. A total of 144 members were honoured for attaining their respective section’s highest awards, while 157 Scout Groups received distinction under the “Distinguished Group Award”, the “Best Development Scout Group Award” and the “Outstanding Scout Group Award” in the Scout Group Award Scheme. The Region actively endorses participation in the competitions held by the Association, extending commendations for exemplary performances in events including: Hong Kong Carlton Trophy Competition 2024, Hong Kong Rover Scout Trophy Competition 2024, and Hong Kong Scout Rally Footdrill Competition 2024. Additionally, 37 sponsoring authorities demonstrating long-standing support for Hong Kong Scout Movement were formally acknowledged for their sustained commitment.

The Jockey Club Scout “S.I.N.G.” Programme

Pak Sha Wan Tam Wah Ching Sea Activity Centre, having undergone subsidies by The Hong Kong Jockey Club Charities Trust, was refurbished in early 2024. Under this fund, a total of 41 SDGs related programs were delivered, including: geological & ecological guide trainers’ course, geo-heritage guided tours, mangrove exploration by kayak, territory-wide sparrow census, and nocturnal wildlife exploration tours. Furthermore, ongoing collaborating with the Agriculture, Fisheries and Conservation Department (AFCD) including : drainage clearance and path restoration workshops in country parks, traditional stone basket weaving sessions, sustainable trail maintenance camps, public lectures on “The Architecture of Long-distance Hiking Trails”. These initiatives collectively engaged over 20,000 participants. Additionally, our Rover Scouts developed the “GeoMaster” scheme — an integrated sustainable trail maintenance program incorporating public monitoring elements. Through a dedicated online platform, members of the public can assist the AFCD by real-time trail conditions and drainage issues whilst enjoying nature, thereby supporting proactive conservation efforts.

Pak Sha Wan Tam Wah Ching Sea Activity Centre

During the 2024-25, the Centre recorded over 18,000 in usage. Facility enhancements included the procurement of 40 standard boat paddles, funded through the Sir David Trench Fund for Recreation. However, from 1 January 2025, essential highway improvements along Hiram’s Highway necessitated the Lands Department’s reclamation of the Centre’s carpark and grassland areas. This has resulted in the abrupt cessation of the designated camping grounds – which is our core training facility. An anticipated reduction in utilization rates is projected as a consequence. In response, the Centre has implemented contingency measures including: launching enhanced promotional outreach, developing adaptive programming options, diversifying coastal and land-based activities for Scout units, educational institutions and community groups. These initiatives aim to mitigate operational impacts while maintaining service delivery standards.

Looking Ahead

The Region approaches its Golden Jubilee in 2025, marking a significant milestone in its history. In commemoration of this landmark occasion, a series of commemorative engagements has been devised to celebrate collectively with all members, leaders, and parents across the Region.

Planning for Expansion and Strengthening of Advantages

In response to the strategic plan of the Association, the New Territories Region has been actively liaising with various partners, including organizers of transitional housing and non-profit-making school sponsoring bodies, and has successfully started 14 new Scout Groups, putting in the best efforts to develop the Scout Movement. The Region has also planned the “Project Leaders Scout Leaders Recruitment Scheme” to nurture more Adult Leaders interested in joining Scouting. The scheme includes organizing an introductory training course to enable trainees to take their first step in the Wood Badge Training of Scouting as well as organizing various experiential workshops to teach Scouting activities such as Para-Balloon, Crafts, Games, Foot Drill, Knotting and Adventure Activities, etc. This will deepen their understanding of the Scout Movement and prepare them for the Scout meetings. The Region has also continued to follow up with them, including assisting Adult Leaders in applying for Scout Leader appointments and matching them to join suitable Scout Groups, etc., to enable leaders to put what they have learned into practice and contribute to the development of the Scout Movement.

Unforgettable Jamboree in Zhuhai

A total of 604 campers and camp staff from CHUNG Tsi-kuen Sub-camp of the New Territories Region participated in the WE@FUTURE Jamboree, which is the highest among all the regions. Among them, 103 youngsters came from Huizhou City and two Scouts from Thailand, all of them enjoyed the five days and four nights camping on Qiao Dopa Coast, Zhuhai. The New Territories region won prizes in sub-camp competitions, including third place in the Camp Gate Design Competition, first place in the Creative Pioneering Competition, and first place in the Video Recording Competition. The Sub-Camp Director Ms Cheryl CHAN Chau-yuk thanked the campers for their active participation and the camp staff for their dedication to the Jamboree, demonstrating the spirit of unity and solidarity, and successfully bringing an unforgettable camping experience to the campers.

Investing in the Future Preparing for Talent

The Region is also in full swing in planning various targeted projects for the coming year, including the “Challenge for Life 3.0” Future Leaders Development Programme, which aims to nurture Venture Scouts and Rover Scouts to become the pillars of the Scout Movement, and to enhance their understanding of the core values of the Scout Movement to prepare them for excellence in leadership in the future. The Region expects its members to overcome challenges and difficulties through organizing overseas exchanges, and to transform themselves from youth members to Scout leaders. In addition, the Region will organize the first-ever Scout Experience Camp to provide an unforgettable Scouting experience for students from schools that have not yet started their own Scout Groups, so that they will gain a better understanding of the Scout Movement and join us.

New Territories East Region

The year 2024-25 was fulfilling and fruitful with joy. The Region made much effort in strengthening connections between Scouts and various organizations as well as gearing up for a series of celebration programs for our 25th Anniversary. In Addition, the Region actively participated and well prepared for the WE@FUTURE Jamboree in December 2024, the first time ever Jamboree took place in Zhuhai China, which created an unique experience for all scouts and leaders.

“The 25th Anniversary Kick-off Ceremony” on 22 June 2024 launched a series of exciting events for celebrating the 25th anniversary of the New Territories East Region (NTER), including “Caring Together, Joyful Aging Carnival”, the “Hong Kong Scout (New Territories East) Dragon Boat NGAN Ming-sau Cup”, the “Old District Office (North) Open Day and Carnival”, as well as short film and photography competitions. More activities will continue in the coming year which enabling all members can experience the happiness moment together. To recognize members who have attained the Sectional Highest Awards in the past years since the Region was established, a plaque listing the recipients of the Awards was set up at the Regional Headquarters. During the Open Day and Carnival, awardees in the past 25 years were invited to attend the unveiling ceremony. Many of these former awardees are now parents and their children have also joined the Scout family. Some even followed their parents' footsteps and became one of the awardees as well. This truly showcased the spirit of Scouting passing down through generations.

For the Programmes implemented by the Association Headquarters, NTER is responsible for liaising and coordinating with Yan Chai Hospital and Hong Kong Buddhist Association. Briefing sessions were held during May to August 2024 and received positive feedbacks. After signing a Memorandum of Understanding with 10 educational institutions, the Region actively contacted schools under these institutions to introduce the Scout movement and provide supports. As of 31 December 2024, NTER has 214 Scout troops with a total membership of 8,915. The Region organized 48 youth activities and 20 leaders training courses, with 14 Scout leaders attained Wood Badge training and 87 youth members achieved the Sectional Highest Awards.

WE@FUTURE Jamboree was held from 23 to 27 December 2024, at Qi Ao Island in Zhuhai, China. New Territories East Region Henry TONG Sub-Camp has 235 leaders and members participated. This is the first Jamboree held in Zhuhai, China. Despite facing various challenges, leaders and commissioners have resolved them one by one whereas team spirit was well demonstrated. Moreover, NTER has achieved outstanding results in the Sub-Camp competitions, including the First Place in the Camp Gate Design Competition, Second Place in the Creative Pioneer Competition, and Third place in the Campfire Song Competition. These achievements not only affirmed the efforts of the campers and leaders, but also showed the creativity and teamwork of the entire Region.

In the coming year, the Region works towards the four major goals: Retaining and Expansion of Youths and Leaders, Resources Management, Strengthening Community Connections, and Encouraging Youth Participation. Working Groups have been established which aim to line up Districts to enhance connections between Scout Groups and various stakeholders in the community. NTER will continue to promote the Scout movement and cultivate Youths to retrieve and benefit to the Society.

Headquarters Subsidiaries

The Friends of Scouting

Adhering to the mission of “Creating favourable circumstances for young people to develop themselves and make contribution to the community”, The Friends of Scouting (FOS) strives to the Association in providing services to non-uniform youth and promoting the Scout Movement. The two children & youth services centres are dedicated to provide service to the youth and their families in Kai Yip and Long Ping. Together with the School Social Work Service Team, they provide stationing services to 17 schools. Also, Education Centre mainly offers various academic and interest courses, as well as continuing education courses to the community. Other than the above, FOS is the sponsor of 10 Scout Groups, and actively collaborates with units of the Association and external organizations to expand its scope of services to benefit more youth.

Concern the Mental Health of Youth

The “Friendly Community – SOUL KEEPER Scheme” is a key service of FOS. Through the “SOUL Keeper VR Game” (VR virtual reality), “SeeU · SOUL AR Application” (AR augmented reality), and interactive mental health booklets, the stakeholders are nurtured to identify the emotional needs or crises of youth at an early stage, and to provide necessary and timely support, so as to create a caring environment for building a mentally healthy and friendly community. The programme offers three levels of training: the Introductory Course (Level 1), the Coach Certification Course (Level 2), and the Instructor Certification Course (Level 3). In the past year, 21 instructors and 100 coaches have been trained at the Headquarters, universities, and local organizations, with 800 people completing the Introductory Course.

The School Social Work Service Unit continues to promote mental health through the “Gatekeeper Programme”. Through group activities with diverse themes, along with the use of “Tree Hole” cards and “Tree Hole” figurines, youth and teachers are encouraged to engage actively as gatekeepers, caring for their peers. This aimed to achieve mutual support and safeguard the mental health of youth.

Integrated Service for Children & youth

The projects of “Know the Future” and “Life Planning” provide hands-on experience in the workplace and career counselling for non-engaged youth in the community and in-school youth. These projects provided services to 36 secondary schools. In collaboration with the government and corporate entities in Zhuhai and Longgang District of Shenzhen, programmes on work experience and visits in Greater Bay Area were organized, enabling 200 students to explore education and employment opportunities in Hong Kong and the Mainland.

Children with special learning needs are also our key service target. “Leaping Kids – ADHD Students Support Scheme” and “Body Mind Spirit SEN Supporting Program” were launched for children with hyperactive, attention-deficit, or autistic and their parents. Also, FOS and Training Branch jointly organized training courses to frontline leaders to improve their skills in supporting members with SEN.

School Social Work Service

The School Social Work Service Unit provides stationing service for 10 secondary schools and the scope of services includes individual counselling, group and developmental work, parent education and community service. This year, 378 programmes/groups with a total attendance of 38,661 were held and 1,138 cases were handled by the unit.

Comprehensive Education Service

The Education Centre organized a total of 293 courses, including 134 subvented courses (39 courses of Adult Education and 95 courses funded by Employees Retraining Board (ERB)) and 159 non-subvented courses (mainly child and youth course). The total number of enrolment was 3,704. With increasing demand in the labour market, 95 training courses funded by ERB were launched last year. Placement service was provided for the graduates after completion of the courses.

The Baden-Powell Scout Club of Hong Kong

The Baden-Powell Scout Club aims to strengthen the connection and friendship among active and retired Scouts, encourage them to adhere to the Scout Promise and Law, and to uphold the commitment of “Once a Scout, Always a Scout.”

45th Anniversary Celebration

Over the past year, the Club marked a significant milestone – its 45th anniversary. To commemorate this occasion, a “45th Anniversary Celebrations Preparatory Committee” was formed in 2023. More than 10 events and services of varying scales were organised throughout 2024-25, drawing more than 2,000 participants. These highlighted celebrations included: Macau Exchange Tour, Ningxia Wine Tour, Volunteer Service Exchange Programme in Sanshui District, Foshan, Service Team Fellowship Day, and the “Buddies Camp 2025”, etc. One of the most popular events, the “Scout Badge Exchange and Sales Event”, was held in October 2024 attracting 742 participants, reflecting members' enthusiasm for Scout badges. Furthermore, nearly 400 members attended the “45th Anniversary Gala Dinner and 2024/2025 Executive Committee Inauguration Ceremony”. In late March 2025, around 200 members joined together at the Tung Tsz Scout Centre to participate in the “45th Anniversary Closing Ceremony” to witness the conclusion of all the celebrations.

Community Service

The Club's service team exemplified the Scouting spirit of “Doing a Good Turn Every Day” through their actions. Recognitions were gained from various sectors of the society. This year, total service hours approached 3,000 hours, including:

- Collaborated with Sik Sik Yuen to jointly organise a gift bag distribution and Cantonese opera concert for over 300 elderly residents;
- Participated and provided support for the “Scout National Security Day”, with a total of 60 members contributing 324 service hours;
- Supported the merchandise operation during the WE@FUTURE Jamboree, with 150 members contributing over 2,000 service hours.

Membership Affairs

Membership continued to grow steadily with the establishment of additional sub-Clubs, bringing the total number of members to 2,300. In 2024, the Club was honored to be appointed by the Hong Kong Police Force as “SafeCity Ambassador”, with the objective to disseminate up-to-date information and practical guidance of crime prevention to our members. This collaboration reflects our shared commitment to building a safe city and fulfilling the mission of “Duty to the Country”.

Looking ahead, the Baden-Powell Scout Club will continue to encourage members to keep the Scout Promise to “Help Other People”, to participate actively in community services. The Club will also strive its best to strengthen its impact across different community sectors, leveraging members' experience and professional qualifications to connect with and inspire young Scouts to care for the society.

The Scout Shop of Hong Kong

Over the past year, the Scout Shop of Hong Kong has continued to serve our members by offering official uniforms, outdoor gear, books, and a wide range of souvenirs. In addition to our physical stores in Jordan (Main Store) and Wanchai (branch), we operate an online shopping platform (www.hkscoutshop.org.hk) to provide members with convenient shopping options. Product updates and promotional offers are also shared regularly through our official Facebook page.

New Product Highlight

In support of the Association's new initiative, we introduced a newly designed Scout jacket in Autumn 2024. This versatile piece was created for everyday wear, outdoor activities, and training. To promote this new item, we ran two promotional campaigns during September – October and November – December. The response was overwhelming.

Exclusive Member Offers

To thank our members for their continued support, we offered in-store discounts on selected outdoor equipment. Upon presenting a valid Scout membership card, members could enjoy 15% off a wide selection of outdoor gear from selected brands.

Online Shopping Delivery Promotion

As September to December marks our peak sales season each year. To reduce in-store waiting times and encourage the use of online shopping, we introduced a local shipping discount during September to December 2024. During this promotion, the local delivery fee for the first kilogram was reduced from HK\$35 to HK\$18. As a result, the number of online orders during this period more than doubled year-on-year, reflecting customers' growing preference for our digital shopping channel.

Looking Ahead

In the coming year, we plan to upgrade our retail management system to offer an even more convenient shopping experience. In response to the increasing demand for digital services, we will also redesign our online shopping platform to enhance convenience and usability for all members.

The Commissioners' Club

Established in 1994, the Commissioners' Club has more than 6,200 members. The purpose of the club is to provide a well-furnished and comfortable venue for adult scout members to gather and cultivate their friendship.

New Club Plaque

To complement the new style of the Chinese Restaurant, the Commissioner's Club had meticulously designed a new plaque and displayed it along the corridor. It recorded the list of the Founding Members & Life Members, Commissioner's Club Preparatory Working Group Members, list of Chairmen and Responsible Commissioners and the Executive Committee (2024-2026) Members. The plaque unveiling ceremony was officiated by the Chief Commissioner Dr Wilson LAI; Deputy Chief Commissioner (Operations) Mr Jason NG, Chairman of the Commissioner's Club Mr Michael Cheung; and Assistant Chief Commissioner (Clubs and Performing Affairs) Mr Paulinus LO.

總監俱樂部會訊

2022年是人生中最難過的一年，一生至愛的妻子離我而去，我的心情非常低落，晚上總是睡到半夜便起來，輾轉反側亦無法入睡，導致情緒非常波動。

某夜半夜未眠，醒來上網瀏覽，無意間於youtube中有一段有關禪繞畫的影片，深深地吸引著我，原來只需利用一些簡單線條，就能畫出一幅屬於自己的創作畫。於是我就嘗試去畫畫，在畫畫過程中不單令我心情平復下來，還令我情緒安穩很多，就這樣開始了我的禪繞畫愛好。

身邊好友鼓勵我分享禪繞畫體驗，就在9月份，獲總監俱樂部邀請協助主持及分享「禪繞畫初體驗」，共14位學員參與，開班學員們能與我一樣，經歷到畫禪繞畫時所帶來身心靈的全人發展。

禪繞畫是以一筆一畫構成圖案，讓大家在畫畫過程中處於放鬆、專心及專注的狀態，心情達致平靜，情緒得以平復。

禪繞畫非常簡單易學，可隨時創作，只要你有一紙一筆，就可以隨心創作。它幫助你能放鬆、靜心、恬靜及撫慰心靈。

文：李太金先生

畫禪繞畫大致上可分為八個步驟：

- 1 感恩和感謝：調整一下自己的呼吸，感謝紙與筆，亦感謝自己可擁有這麼美好的創作時光。
- 2 在角落上畫四個點：克服對一張白紙的恐懼。
- 3 畫邊框：用鉛筆輕輕將四個點連接起來形成一個四邊形。
- 4 畫暗線：用鉛筆輕輕地在邊框內畫出一些線條當作間隔，這樣你就可以舒服地畫出各種圖案來填滿這些間隔。
- 5 填入圖樣：將圖樣畫入已畫的暗線中。
- 6 打陰影：在畫好的圖樣上打陰影。
- 7 署名落款及日期。
- 8 感謝與欣賞：拿起已完成的作品，用一臂之遙的距離，轉動畫作，再以不同方向欣賞自己的創作，感謝自己完成了及經歷過的一切美好。

就在此刻，大家一起動手創作出屬於自己的獨一無二禪繞畫。

Activities

The club hosted the "Brownsea Lounge Night 2024" on 15 November 2024, and the "Lunar New Year Spring Reception" on 7 February 2025. Both events were fully attended, with a lively atmosphere. In addition, a total of 356 members gathered at the annual fellowship dinner and had an enjoyable evening.

The Commissioner's Club was honored to have Mr LI Tai-fu, Specialist Trainer (Leader Trainer), to host and share a workshop on "Introduction to Zentangle" on 3 September 2024. The workshop attracted 14 members to join. Zentangle is a form of creative drawing without specific patterns, allowing members to enjoy a calm and relaxing moment while creating their artwork.

Member Exclusive

Every Friday evening, the club hosts "Joyful Drink Night" at Brownsea Lounge to enable members to enjoy the stunning views of Victoria Harbour while spending a relaxing evening. Members may invite friends to join as well at a sponsorship fee of HK\$30 per guest.

The club issues newsletters to members quarterly. Apart from inviting experts of different fields to do sharing, the editorial team keeps on exploring trendy news to share with members and to keep them updated.

Operation

Over the past year, B P International House (BPIH) adopted a flexible and responsive business strategy, making timely adjustments to meet evolving market demands and sustain steady operational progress. In 2024, room occupancy rates recorded a modest increase, and overall business performance remained stable.

Accommodation and Facilities

BPIH implemented a diversified development strategy in 2024, leveraging multi-channel marketing to strengthen both domestic and international customer bases. BPIH expanded the business clientele and upgraded conference and event facilities, with the Gordon Wu Hall successfully hosting prominent events such as “Asian Cup Cadets & Junior Hong Kong 2024” and “Hong Kong Watch Guild Show”. These initiatives reinforced BPIH's professional image in the market. BPIH also introduced long-stay and holiday promotions to effectively cater to the local market. The commitment to service excellence was once again recognized in 2024 with several accolades, including Trip.com Group's “Top Production Hotel”, Meituan Hotel's “Outstanding Partner Award”, the Rakuten Travel Silver Award, and the Agoda Gold Circle Award.

BPIH continued to enhance the dining and facility services in 2024. Cafe by the Park and Flamingo Lounge introduced themed dining options to suit customer preferences, while the official launch of the mobile app in June 2024 provided the newest updates on offers and information. In November, BPIH upgraded the EV charging facilities to provide a smoother charging experience for guests.

Community Services

BPIH is dedicated to environmental sustainability, taking part in WWF's Earth Hour every March and supporting the government's Energy Saving Charter with energy-saving initiatives from June to September. BPIH is equally committed to nurturing future talent, partnering with the Friends of Scouting to provide tours and internships for young people to develop their skills and broaden their horizons. Through these efforts, BPIH actively upholds its corporate social responsibility.

Looking Ahead

BPIH remains optimistic about the recovery of the hospitality industry. Despite uncertainties in the global economy in 2025, BPIH will adapt its strategies to seize new market opportunities and overcome challenges. BPIH is also striving hard to explore and promote smart tourism technologies. Plans are also underway for the development of an executive lounge and upgraded basement facilities. Looking ahead, BPIH remains committed to staying agile and delivering exceptional service to guests.

Independent auditor's report
To the Council of Scout Association of Hong Kong
(Incorporated under the Scout Association of Hong Kong Ordinance)

Opinion
We have audited the consolidated financial statements of Scout Association of Hong Kong (the "Association") and its subsidiary (the "Group") set out on pages 4 to 60, which comprise the consolidated statement of financial position as at 31 March 2025, and the consolidated statement of income and expenditure, the consolidated statement of comprehensive income, the consolidated statement of changes in funds and reserves and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Group as at 31 March 2025, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

Basis for opinion
We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the consolidated financial statements and auditor's report thereon
The Executive Committee members are responsible for the preparation of the consolidated financial statements that give a true and fair view in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Executive Committee members for the consolidated financial statements
The Executive Committee members are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA, and for such internal control as the Executive Committee members determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Executive Committee members are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Executive Committee members either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

Independent auditor's report (continued)
To the Council of Scout Association of Hong Kong
(Incorporated under the Scout Association of Hong Kong Ordinance)

Auditor's responsibilities for the audit of the consolidated financial statements
Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Committee members.
- Conclude on the appropriateness of the Executive Committee members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

Independent auditor's report (continued)
To the Council of Scout Association of Hong Kong
(Incorporated under the Scout Association of Hong Kong Ordinance)

Auditor's responsibilities for the audit of the consolidated financial statements (continued)
We communicate with the Executive Committee members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the matters communicated with the Executive Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Cheung Fuk Yuet (practising certificate number: P08224).

SCOUT ASSOCIATION OF HONG KONG
NOTES TO FINANCIAL STATEMENTS (continued)
31 March 2025

1. GENERAL INFORMATION (continued)

(c) Information about the subsidiary

Particulars of the Group's principal subsidiary is as follows:

Name	incorporation/ registration and business	ordinary/ registered share capital	Percentage of equity attributable to the Association	Principal activities
Baden-Powell International Limited	Hong Kong	HK\$10,000	100	Hostel operation

2.1 STATEMENT OF COMPLIANCE

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA").

2.2 BASIS OF PREPARATION

These consolidated financial statements have been prepared under the historical cost convention, except for financial assets at fair value through other comprehensive income and financial assets at fair value through profit or loss, which have been measured at fair value. These consolidated financial statements are presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest thousand except when otherwise indicated.

Basis of consolidation

The consolidated financial statements include the financial statements of the Association and its subsidiary (collectively referred to as the "Group") for the year ended 31 March 2025. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Association. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

Generally, there is a presumption that a majority of voting rights results in control. When the Association has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The financial statements of the subsidiary is prepared for the same reporting period as the Association, using consistent accounting policies. The results of subsidiary is consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

12

SCOUT ASSOCIATION OF HONG KONG
NOTES TO FINANCIAL STATEMENTS (continued)
31 March 2025

2.2 BASIS OF PREPARATION (continued)

Basis of consolidation (continued)

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, any non-controlling interest and the exchange fluctuation reserve; and recognises the fair value of any investment retained and any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

2.3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following revised HKFRSs for the first time for the current year's financial statements.

Amendments to HKFRS 16	<i>Lease Liability in a Sale and Leaseback</i>
Amendments to HKAS 1	<i>Classification of Liabilities as Current or Non-current (the "2020 Amendments")</i>
Amendments to HKAS 1	<i>Non-current Liabilities with Covenants (the "2022 Amendments")</i>
Amendments to HKAS 7 and HKFRS 7	<i>Supplier Finance Arrangements</i>

The nature and the impact of the revised HKFRSs are described below:

- (a) Amendments to HKFRS 16 specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains. Since the Group has no sale and leaseback transactions with variable lease payments that do not depend on an index or a rate occurring from the date of initial application of HKFRS 16, the amendments did not have any impact on the financial position or performance of the Group.

2.4 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (Continued)

Further information about those HKFRSs that are expected to be applicable to the Group is described below.

HKFRS 18 replaces HKAS 1 *Presentation of Financial Statements*. While a number of sections have been brought forward from HKAS 1 with limited changes, HKFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Entities are required to classify all income and expenses within the statement of profit or loss into one of the five categories: operating, investing, financing, income taxes and discontinued operations and to present two new defined subtotals. It also requires disclosures about management-defined performance measures in a single note and introduces enhanced requirements on the grouping (aggregation and disaggregation) and the location of information in both the primary financial statements and the notes. Some requirements previously included in HKAS 1 are moved to HKAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors*, which is renamed as HKAS 8 *Basis of Preparation of Financial Statements*. As a consequence of the issuance of HKFRS 18, limited, but widely applicable, amendments are made to HKAS 7 *Statement of Cash Flows*, HKAS 33 *Earnings per Share* and HKAS 34 *Interim Financial Reporting*. In addition, there are minor consequential amendments to other HKFRSs. HKFRS 18 and the consequential amendments to other HKFRSs are effective for annual periods beginning on or after 1 January 2027 with earlier application permitted. Retrospective application is required. The Group is currently analysing the new requirements and assessing the impact of HKFRS 18 on the presentation and disclosure of the Group's consolidated financial statements.

HKFRS 19 allows eligible entities to elect to apply reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other HKFRSs. To be eligible, at the end of the reporting period, an entity must be a subsidiary as defined in HKFRS 10 *Consolidated Financial Statements*, cannot have public accountability and must have a parent (ultimate or intermediate) that prepares consolidated financial statements available for public use which comply with HKFRSs. Earlier application is permitted. The Group is currently considering the application of HKFRS 19 in the consolidated financial statements.

Amendments to HKFRS 9 and HKFRS 7 clarify the date on which a financial asset or financial liability is derecognised and introduce an accounting policy option to derecognise a financial liability that is settled through an electronic payment system before the settlement date if specified criteria are met. The amendments clarify how to assess the contractual cash flow characteristics of financial assets with environmental, social and governance and other similar contingent features. Moreover, the amendments clarify the requirements for classifying financial assets with non-recourse features and contractually linked instruments. The amendments also include additional disclosures for investments in equity instruments designated at fair value through other comprehensive income and financial instruments with contingent features. The amendments shall be applied retrospectively with an adjustment to opening retained profits (or other component of equity) at the initial application date. Prior periods are not required to be restated and can only be restated without the use of hindsight. Earlier application of either all the amendments at the same time or only the amendments related to the classification of financial assets is permitted. The amendments are not expected to have any significant impact on the Group's consolidated financial statements.

2.3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

- (b) The 2020 Amendments clarify the requirements for classifying liabilities as current or non-current, including what is meant by a right to defer settlement and that a right to defer must exist at the end of the reporting period. Classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement. The amendments also clarify that a liability can be settled in its own equity instruments, and that only if a conversion option in a convertible liability is itself accounted for as an equity instrument would the terms of a liability not impact its classification. The 2022 Amendments further clarify that, among covenants of a liability arising from a loan arrangement, only those with which an entity must comply on or before the reporting date affect the classification of that liability as current or non-current. Additional disclosures are required for non-current liabilities that are subject to the entity complying with future covenants within 12 months after the reporting period. The Group has reassessed the terms and conditions of its liabilities as at 1 April 2023 and 2024 and concluded that the classification of its liabilities as current or non-current remained unchanged upon initial application of the amendments. Accordingly, the amendments did not have any impact on the financial position or performance of the Group.
- (c) Amendments to HKAS 7 and HKFRS 7 clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk. As the Group does not have supplier finance arrangements, the amendments did not have any impact on the Group's consolidated financial statements.

2.4 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not early applied any of the revised HKFRSs that have been issued but are not yet effective for the accounting year ended 31 March 2025 in these consolidated financial statements. Among these HKFRSs, the following are expected to be relevant to the Group's consolidated financial statements upon becoming effective:

HKFRS 18	<i>Presentation and Disclosure in Financial Statements</i> ¹
HKFRS 19	<i>Subsidiaries without Public Accountability: Disclosures</i> ¹
Amendments to HKFRS 9 and HKFRS 7	<i>Amendments to the Classification and Measurement of Financial Instruments</i> ¹
Amendments to HKFRS 10 and HKAS 28	<i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i> ²
Amendments to HKAS 21	<i>Lack of Exchangeability</i> ³
Annual Improvements to HKFRS Accounting Standards – Volume 11	<i>Amendments to HKFRS 1, HKFRS 7, HKFRS 9, HKFRS 10 and HKAS 7</i> ⁴

¹ Effective for annual periods beginning on or after 1 January 2025

² Effective for annual periods beginning on or after 1 January 2026

³ Effective for annual/reporting periods beginning on or after 1 January 2027

⁴ No mandatory effective date yet determined but available for adoption

2.4 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (Continued)

Amendments to HKFRS 10 and HKAS 28 address an inconsistency between the requirements in HKFRS 10 and in HKAS 28 in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The amendments require a full recognition of a gain or loss resulting from a downstream transaction when the sale or contribution of assets constitutes a business. For a transaction involving assets that do not constitute a business, a gain or loss resulting from the transaction is recognised in the investor's profit or loss only to the extent of the unrelated investor's interest in that associate or joint venture. The amendments are to be applied prospectively. The previous mandatory effective date of amendments to HKFRS 10 and HKAS 28 was removed by the HKICPA. However, the amendments are available for adoption now.

Amendments to HKAS 21 specify how an entity shall assess whether a currency is exchangeable into another currency and how it shall estimate a spot exchange rate at a measurement date when exchangeability is lacking. The amendments require disclosures of information that enable users of consolidated financial statements to understand the impact of a currency not being exchangeable. Earlier application is permitted. When applying the amendments, an entity cannot restate comparative information. Any cumulative effect of initially applying the amendments shall be recognised as an adjustment to the opening balance of retained profits or to the cumulative amount of translation differences accumulated in a separate component of equity, where appropriate, at the date of initial application. The amendments are not expected to have any significant impact on the Group's consolidated financial statements.

Annual Improvements to HKFRS Accounting Standards – Volume 11 set out amendments to HKFRS 1, HKFRS 7 (and the accompanying *Guidance on implementing HKFRS 7*), HKFRS 9, HKFRS 10 and HKAS 7. Details of the amendments that are expected to be applicable to the Group are as follows:

- HKFRS 7 *Financial Instruments: Disclosures*: The amendments have updated certain wording in paragraph B38 of HKFRS 7 and paragraphs IG1, IG14 and IG20B of the *Guidance on implementing HKFRS 7* for the purpose of simplification or achieving consistency with other paragraphs in the standard and/or with the concepts and terminology used in other standards. In addition, the amendments clarify that the *Guidance on implementing HKFRS 7* does not necessarily illustrate all the requirements in the referenced paragraphs of HKFRS 7 nor does it create additional requirements. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's consolidated financial statements.
- HKFRS 9 *Financial Instruments*: The amendments clarify that when a lessee has determined that a lease liability has been extinguished in accordance with HKFRS 9, the lessee is required to apply paragraph 3.3.3 of HKFRS 9 and recognise any resulting gain or loss in profit or loss. In addition, the amendments have updated certain wording in paragraph 5.1.3 of HKFRS 9 and Appendix A of HKFRS 9 to remove potential confusion. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's consolidated financial statements.
- HKAS 7 *Statement of Cash Flows*: The amendments replace the term "cost method" with "at cost" in paragraph 37 of HKAS 7 following the prior deletion of the definition of "cost method". Earlier application is permitted. The amendments are not expected to have any impact on the Group's consolidated financial statements.

2.5 MATERIAL ACCOUNTING POLICIES

Business combinations
Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

Fair value measurement
The Group measures its financial assets at fair value through profit or loss, equity investments designated at fair value through other comprehensive income at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities
Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Property, plant and equipment and depreciation (continued)
Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

<i>Owned assets</i>	
Buildings	50 years
Leasehold improvements	Over the shorter of the lease terms and 8 years
Machinery, motor vehicles, furniture, fixtures and computer equipment	3 years to 15 years
Programme and training equipment	4 years

<i>Right-of-use assets</i>	
Leasehold land	Over the lease terms
Other properties leased for own use	Over the lease terms

The gain or loss on disposal of items of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset and is recognised in income and expenditure.

The assets' residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in income and expenditure in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Related parties
A party is considered to be related to the Group if:

- (a) the party is a person or close member of that person's family and that person
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group;
- or
- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Group are members of the same group or organisation;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group.

Property, plant and equipment and depreciation
Items of property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to income and expenditure in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Impairment of non-financial assets
The Group assesses at the end of each reporting period whether there is an indication that a non-financial asset may be impaired. If such an indication exists, the Group makes an estimate of the asset's recoverable amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the assets. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e., a cash-generating unit).

An impairment loss is recognised in income and expenditure whenever the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. The impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. A reversal of the impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. The reversal of the impairment loss is credited to income and expenditure in the year in which it arises.

Leases
Group as a lessee
A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to obtain substantially all of the economic benefits from use of the identified asset and the right to direct the use of the identified asset. All leases with a term of more than 12 months are recognised as assets representing the right of use of the underlying asset and liabilities representing the obligation to make lease payments, unless the underlying asset is of low value. Both the assets and the liabilities are initially measured on a present value basis. Right-of-use assets are recognised under property, plant and equipment and are measured at cost less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of the lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the shorter of the useful lives of the assets and the lease terms. Lease liabilities are initially measured at the present value of lease payments to be made under the lease terms and subsequently adjusted by the effect of the interest on and the settlement of the lease liabilities, and the re-measurement arising from any reassessment of the lease liabilities or lease modifications.

Group as a lessor
Where the Group is the lessor, assets leased by the Group are included in non-current assets, and rentals receivable are credited to income and expenditure on the straight-line basis over the lease terms.

SCOUT ASSOCIATION OF HONG KONG

NOTES TO FINANCIAL STATEMENTS (continued)

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Financial assets
Trade receivables that do not contain a significant financial component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financial component are measured at the transaction price determined under HKFRS 15. All the other financial assets are initially recognised at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss. Purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace are recognised on the trade date, that is, the date that the Group commits to purchase or sell the assets.

(a) **Classification and measurement**
Debt instruments are measured at amortised cost using the effective interest rate method, subject to impairment if the assets are held for the collection of contractual cash flows where those contractual cash flows represent solely payments of principal and interest.

Debt instruments that do not meet the criteria for amortised cost or as financial assets at fair value through other comprehensive income are measured at fair value through profit or loss. Interest income for these financial assets is included in finance income.

Equity investments are measured at fair value through profit or loss unless, on initial recognition, the Group has irrevocably elected to designate such investments that are not held for trading as equity investments at fair value through other comprehensive income. Dividends of such investments are recognised in profit or loss when the Group's right to receive payment is established. Changes in the fair value of such investments are recognised in other comprehensive income and are never recycled to profit or loss even when the assets are sold.

(b) **Impairment**
The Group applies the expected credit loss model on all the financial assets that are subject to impairment. For trade receivables without a significant financing component, the Group applies the simplified approach which requires impairment allowances to be measured at lifetime expected credit losses.

For other financial assets, impairment allowances are recognised under the general approach where expected credit losses are recognised in two stages. For credit exposures where there has not been a significant increase in credit risk since initial recognition, the Group is required to provide for credit losses that result from possible default events within the next 12 months. For those credit exposures where there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure irrespective of the timing of the default.

The Group considers that a default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more appropriate default criterion should be applied.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Income tax
Income tax comprises current and deferred tax. Income tax relating to items recognised outside income and expenditure is recognised outside income and expenditure, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- (a) when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences; and
- (b) in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- (a) when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences; and
- (b) in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

SCOUT ASSOCIATION OF HONG KONG

NOTES TO FINANCIAL STATEMENTS (continued)

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Financial assets (continued)
(c) **Derecognition**
Financial assets are derecognised when the rights to receive cash flows from the assets have expired; or where the Group has transferred its contractual rights to receive the cash flows of the financial assets and has transferred substantially all the risks and rewards of ownership; or where control is not retained.

Financial liabilities
Financial liabilities include lease liabilities, trade payables, other payables, accruals and amounts due to related parties. They are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, they are subsequently measured at amortised cost using the effective interest rate method.

Financial liabilities are derecognised when they are extinguished, i.e., when the obligation is discharged or cancelled, or expires.

Offsetting of financial instruments
Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Inventories
Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

Cash and cash equivalents
Cash and cash equivalents in the statement of financial position comprise cash on hand and at banks, and short-term highly liquid deposits with a maturity of generally within three months that are readily convertible into known amounts of cash, subject to an insignificant risk of changes in value and held for the purpose of meeting short-term cash commitments.

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash on hand and at banks, and short-term deposits, as defined above, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

Provisions
A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in income and expenditure.

SCOUT ASSOCIATION OF HONG KONG

NOTES TO FINANCIAL STATEMENTS (continued)

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Income tax (continued)
Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Revenue recognition
Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer with a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. When the contract contains a financing component which provides the Group with a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

	Financial assets included in current assets	(436,201)	(361,209)	
	Financial assets included in non-current assets	470,742	511,421	
	Notes:			
	(i) The above equity investments were irrevocably designated at fair value through other comprehensive income as the Group considers these investments to be strategic in nature.			
	(ii) The unlisted funds were made with creditworthy licensed corporation and foundation. The Group entered into an agreement with The World Scout Foundation, a related party of the Group, to invest in the fund managed by The World Scout Foundation in 2023/2024. The Group also invested in the fund managed by a licensed corporation. The above unlisted funds were mandatorily classified as financial assets at fair value through profit or loss as their contractual cash flows are not solely payments of principal and interest.			
	(iii) The Group appointed a licensed corporation as an investment manager to invest on behalf of the Group, in order to preserve the Group's capital and seek for a steady and stable return in the long run. The above equity and debt investments were mandatorily classified as financial assets at fair value through profit or loss as the investment manager will monitor the market condition and adjust the investment strategy of the equity and debt investments, when necessary.

9.	PROPERTY, PLANT AND EQUIPMENT (continued)			
	Notes:			
	(a) The Group's right of use of leasehold land represents prepaid lease payments. The leasehold land, together with the owned buildings, is held for own use.			
	Leasehold land includes a piece of land owned by the Group which was bequeathed by the late Mr. Wong Fuk Hong and is held under a medium-term lease and situated at Lot 3934 RP, 3936, 4679 and 4680 RP in Demarcation District No. 51 in Fanling, the New Territories. It is stated at a nominal value of HK\$4 in the consolidated financial statements.			
	Leasehold land also includes the following parcels of land which were donated to the Group in previous years for no consideration. They are stated at a nominal value of HK\$1 in the consolidated financial statements.			
	Location of leasehold land		Lease period	
	1. Inland Lot No. 8961, North Point, Hong Kong		Up to year 2025	
	2. Lot No. 131 in DD 60, Au Tau, Yuen Long, New Territories		Up to year 2025	
	3. Tai Po Town Lot No. 190, Tai Po, New Territories		Up to year 2025	
	4. New Kowloon Inland Lot No. 6530, Kowloon Tong, Kowloon		Up to year 2026	
	5. Lot No. 1207 in DD 217, Sai Kung, New Territories		Up to year 2027	
	6. 4th & 5th of Tang Shiu Kiu Scout & Guide Centre, Kwai Chung, New Territories		Up to year 2027	
	7. Sha Tin Town Lot No. 591, Sha Tin, New Territories		Up to year 2027	
	8. Sha Tin Town Lot No. 592, Sha Tin, New Territories		Up to year 2027	
	9. Inland Lot No. 8261, Wan Chai, Hong Kong		Up to year 2047	
	10. Flat A & B on 7 th Floor, Lee Ka Industrial Building, No. 8 Ng Fong Street, Kowloon		Up to year 2047	
	11. Rural Building Lot No. 873, Tai Tam, Hong Kong		Up to year 2060	
	(b) The Group holds several buildings and is the registered owner of these property interests, including the whole or part of undivided share in the underlying land. Lump sum payments were made upfront to acquire these property interests from their previous registered owners, and there are no ongoing payments to be made under the terms of the land lease, other than payments based on rateable values set by the relevant government authorities. These payments vary from time to time and are payable to the relevant government authorities.			
	(c) The Group leases certain of its offices and centres through tenancy agreements. Leases for these assets are negotiated for terms of three years with extension options. All the lease payments are fixed and are usually reviewed every 3 years to reflect market rentals.			
	(d) At 31 March 2025, the Group had right-of-use assets, including leasehold land and other properties leased for own use, with an aggregate carrying amount of HK\$11,689,000 (2024: HK\$14,361,000).

10.	OTHER FINANCIAL ASSETS (Continued)			
	Notes: (Continued)			
	(iv) The above listed debt investments were classified as financial assets at amortised cost as their contractual cash flows are solely payments of principal and interest.			
	Impairment assessment of debt investments at amortised cost			
	As at 31 March 2025, none of the debt investments were overdue (2024: Nil) and all the debt investments were categorised within Stage 1 for the measurement of expected credit losses. The debt instruments are bonds issued by corporations that are graded as investment grade among rating agencies, therefore the loss allowance for the impairment of these debt investments was considered to be not significant to the Group during the years ended 31 March 2025 and 2024.			
11.	INVENTORIES			
		2025 HK\$'000	2024 HK\$'000	
	Food and beverages	973	993

12. RECEIVABLES, DEPOSITS AND PREPAYMENTS (Continued)

Notes:	
(i)	The Group's customers normally settle their bills in a timely manner and the Group's trade receivables as at the end of the reporting period aged less than three months. As such, the Group's exposure to credit risk is insignificant and management of the Group was of the opinion that the expected credit losses of these trade receivables are minimal.
(ii)	The carrying amounts of other receivables approximated to their fair values as at 31 March 2025 and 2024. Their recoverability was assessed with reference to the credit status of the debtors, and the expected credit loss as at 31 March 2025 and 2024 is considered to be minimal.
(iii)	Other receivables include the net balances of HK\$17,988,000 (2024: HK\$10,906,000) and HK\$1,481,000 (2024: HK\$1,504,000) for capital redevelopment of Tai Tam Scout Centre and Pak Sha Wan Tam Wah Ching Sea Activity Centre respectively. During the year, donation received from The Hong Kong Jockey Club Charities Trust for these two projects were HK\$11,007,000 (2024: HK\$4,950,000) and HK\$3,393,000 (2024: HK\$26,247,000).

13. AMOUNTS DUE FROM/TO RELATED PARTIES

Related parties represent other Scout Units, mainly the Friends of Scouting, Commissioners' Club, the Baden-Powell Scout Club of Hong Kong, Education Centre, Asia-Pacific Regional Scout Foundation, Scout Districts and Scout Groups.

The balance due from/to related parties are unsecured, interest-free and recoverable/repayable on demand.

21. FINANCIAL INSTRUMENTS BY CATEGORY

Except for equity investments which are categorised as financial assets at fair value through profit and loss, the financial assets of the Group comprise debt investments, trade and other receivables, deposits, amounts due from related parties and cash and bank balances which are categorised as financial assets at amortised cost. The carrying amounts of these financial assets are the amounts shown in the consolidated statement of financial position or notes to the financial statements.

The financial liabilities of the Group comprise trade and other payables, contract liabilities, lease liability, and amounts due to related parties which are categorised as financial liabilities at amortised cost. The carrying amounts of these financial liabilities are the amounts shown in the consolidated statement of financial position or notes to the financial statements.

There have been no transfers between Level 1 and Level 2 during the year (2024: Nil). The fair values of listed equity investments in Hong Kong are derived from quoted prices in active markets.

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main risks arising from the Group's financial instruments are foreign currency risk, equity price risk, interest rate risk, credit risk and liquidity risk. The Executive Committee members review and agree policies for managing such risk and it is summarised below.

Foreign currency risk

In the opinion of the Executive Committee, the Hong Kong dollar to United States dollar exchange rate is reasonably stable under the Linked Exchange Rate System. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies and, therefore, the Group considers the risk of movements in exchange rates between the Hong Kong dollar and the United States dollar to be insignificant. In respect of balances denominated in Renminbi, the Group ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary to address short-term imbalances.

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Foreign currency risk (continued)

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in RMB exchange rate, with all other variables held constant, of the Group's surplus for the year and total funds (due to changes in the fair values of monetary assets and liabilities).

	Increase/ (decrease) in RMB rate %	Increase/ (decrease) in surplus and total fund HK\$'000
2025		
If the Hong Kong dollar weakens against the RMB	5	545
If the Hong Kong dollar strengthens against the RMB	(5)	(545)
2024		
If the Hong Kong dollar weakens against the RMB	5	368
If the Hong Kong dollar strengthens against the RMB	(5)	(368)

Equity price risk

The Group's equity investments are listed on the Stock Exchange of Hong Kong and have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations. The portfolio is diversified in terms of industry distribution, in accordance with the limits set by the Group.

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Credit risk

The Group's credit risk is primarily attributable to listed debt investments, cash and bank deposits and receivables. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

Investments are normally only in liquid securities quoted on a recognised stock exchange and with counterparties that have high credit ratings.

Cash and bank deposits are placed with financial institutions with sound credit ratings to minimise credit exposure.

Maximum exposure and year-end staging as at 31 March 2025

The table below shows the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 March 2025. The amounts presented are gross carrying amounts for financial assets.

	12-month expected credit losses	Lifetime expected credit losses	Simplified approach	Total
	Stage 1 HK\$'000	Stage 2 HK\$'000	Stage 3 HK\$'000	HK\$'000
Trade receivables	-	-	-	3,995
Financial assets included in other receivables and due from related parties	-	-	-	3,995
- Normal*	76,081	-	-	76,081
Financial assets measured at amortised cost included in other financial assets	511,236	-	-	511,236
- Normal*	511,236	-	-	511,236
Cash and cash equivalent	368,739	-	-	368,739
- Not yet past due	368,739	-	-	368,739
Total	956,056	-	3,995	960,051

* The credit quality of the financial assets included in other receivables and financial assets measured at amortised cost in other financial assets is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be "doubtful".

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Equity price risk (continued)

The following table demonstrates the sensitivity to every 5% change in the fair values of the equity investments, with all other variables held constant and before any impact on tax, based on their carrying amounts at the end of the reporting period. For the purpose of this analysis, for the equity investments at fair value through other comprehensive income, the impact is deemed to be on the investment revaluation reserve.

	Carrying amount of equity investments HK\$'000	Increase/ (decrease) in profit before tax HK\$'000	Increase/ (decrease) in equity HK\$'000
2025			
Investments listed in:			
Hong Kong – Equity investments	56,021	-	2,801
at fair value through other comprehensive income			
Overseas – Equity investments at fair value through profit or loss	73,046	3,652	-
2024			
Investments listed in:			
Hong Kong – Equity investments	59,111	-	2,956
at fair value through other comprehensive income			
Overseas – Equity investments at fair value through profit or loss	103,132	5,157	-

Interest rate risk

The Group is exposed to fair value interest rate risk in relation to debt instruments at amortised cost and at fair value through profit or loss. The Group mitigates the risk by monitoring closely the movements in interest rates and has not used any derivative to hedge its exposure to interest rate risk.

The Group is exposed to cash flow interest rate risk through the impact of rate changes on interest bearing financial assets. Interest bearing financial assets are mainly cash and deposits at banks which are all short term in nature. Therefore, any future variations in interest rates will not have a significant impact on the results of the Group.

- Not yet past due	378,392	-	-	378,392
Total	844,526	-	5,111	849,637

* The credit quality of the financial assets included in other receivables and financial assets measured at amortised cost in other financial assets is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be "doubtful".

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient liquid cash. Due to the nature of the underlying operations, the Group aims to maintain flexibility in funding by keeping sufficient cash and bank balances to fulfil its commitments and current working capital requirements.

The remaining contractual maturities at the end of the reporting period of the Group's financial liabilities are within one year or on demand.

In order to manage the above liquidity demands, at 31 March 2025, cash and cash equivalents amounting to HK\$343,134,000 (2024: HK\$360,897,000) is considered readily realisable.

Capital management

The primary objective of the Group's capital management is to safeguard the Group's ability to continue as a going concern in order to maintain an optimal capital structure.

Brief Introduction

Scout Movement is founded in 1907 by Lord Robert Baden-Powell, known as B-P, in England. Scout activities were first brought to Hong Kong in 1909. In 1911, some British merchants and military personnel started organizing Scout Groups. Scout Movement is a voluntary non-political educational movement for young people globally. Nowadays, The World Organization of the Scout Movement is made up of more than 170 National Scout Organizations, from over 220 countries and territories, with Scout members (without distinction of race, religion, creed or gender) exceeding 57 million all over the world. Developing for over a century, Scout Association of Hong Kong is the largest local youth uniformed group.

Vision

To be the best voluntary organisation for the development of young people in Hong Kong for the betterment of our society.

Mission

To operate an education movement for young people providing them with challenging and progressive training programmes for their physical, intellectual, social, spiritual and aesthetic development.

Values

We recognize the importance for adults to act as role models to nurture young people:

- to develop a sense of self-worth, national identity and civic responsibility;
- to respect equality and fairness in dealings with all people;
- to appreciate diversity and inclusion, to possess global perspectives, and to promote world peace and sustainable development.

Scout Promise

On my honour, I promise that I will do my best to do my duty to God and to my Country to help other people and to keep the Scout Law.

Scout Law
