With the end of the epidemic and the gradual recovery of the community, the Scouting activities has finally been fully resumed. Even though challenges arise during the epidemic, the enthusiasm of our leaders to promote Scouting and to lead our young people in community contribution has constantly brought positive changes and innovative ideas to Scout Association of Hong Kong (SAHK). These changes sparked SAHK and established significant progress in the past year, in the areas of Scout training, education and community involvement.

Leaders Training

SAHK is committed to strengthening the skills and competencies of our Scout leaders to face the challenges in the future. The Association, branches and districts have introduced activities which consist of online and offline training modes which flexibility for Scout leaders to participate in training and to pursue continuous learning. At the same time, facilities are constantly being optimized to cater for the development of the hybrid training mode.

Diversified Activities

SAHK actively promotes the Scout Movement and enhances the quality and social responsibility of young people. Scouting activities and training cover three areas: sea, land and air, providing diversified experimental learning activities experiences for young people. In the past year, we organized a number of innovation activities that enrich the Scout experience, such as, ISSF Air Pistol courses, Hong Kong Sea Scout 110th Anniversary Seaboree, Hong Kong Scout Aviation Day 2024 & Multicopter Drone Competition and Go Hiking x Clean Trails, as well as a number of activities related to meteorology, astronomy, geographic information and sustainable development, such as Astroboree – Geminid Meteor Shower Observing Car Camping and Rotary Carbon Reduction Video Competition. To encourage youth members to actively participate in various activities and training, and to equip relevant knowledge through first-hand experiences, SAHK not only provided a wide range of activities and training, such as leadership training, Scouting skills, first aid knowledge and social services, but also raised the mental health awareness, including the launch of the "Jockey Club Badges: Preparing Tomorrow's Leaders - Children Laughing Together" and the "Friendly Community - SOUL Keeper Scheme". This enables Scout members to learn and grow in different fields in a safe and healthy environment. Leaders are also attending relevant training to protect the physical, mental and spiritual health of young people.

Service to the Community

It is always the goal of SAHK to encourage Scout members to pay attention and care about the needy and to serve the community actively. During the year, all branches, regions, districts and Scout groups continued to organize different scale of social services to return to the community, such as cleaning beaches and mountains, visiting the elderly and helping the disadvantaged groups. After the hit of Super Typhoon Sula in Hong Kong, we also provided services such as cleaning up road debris and assisting the elderly with home repairs. Through different types of services and activities, which demonstrate the importance and significance of community participation. We hope the Scout members would utilise their ability and time to serve and contribute.

On the other hand, we continued to support the "Strive and Rise Programme" led by the Chief Secretary for Administration as the strategic partner of the second phase of the project. 123 Scout members were recommended to join the project as mentors to help young people to plan for personal development and financial support, to develop a positive outlook in life, to seize the opportunity to participate in Scouting activities and training, and to experience the fun of Scouting.

Apart from community services for the underprivileged, we are also preparing for the establishment of a Scout Special Response Team (SRT) to provide professional training for members to participate in rescue services in the future.

International Perspective

Our Scout members are always encouraged to participate in international exchange activities to broaden their horizons and exposure. In April 2023, we organized the Sustainable Development Goals Forum (SDGF) and the International Scout Youth Forum (ISYF). The SDGF was the first physical Scouting forum in the Asia-Pacific region after the pandemic and not only Scouts from the Asia-Pacific region were invited, but also other local uniform groups were joining us. The ISYF encompassed by over 40 youth members and young leaders from different countries/regions to discuss the challenges of Scouting, the development of the post-pandemic world and other youth-related issues.

The 25th World Scout Jamboree, a quadrennial international Scouting event, was held in Saemangeum, South Korea, from August 1 to 12, 2023, with 43,000 Scouts from over 158 countries and regions, and a delegation of 460 Scouts organized by SAHK. Although the campsite was stuffy and hot, and the trip even early ended due to the typhoon, the World Scout Jamboree was a unique experience for the youth members. It is a precious opportunity for them to interact with Scouts from all over the world and establish friendships, at the same time experiencing teamwork and how to tackle with difficulties.

In addition, we also strengthened communication and cultural exchange with the Mainland to foster our members' understanding of our country. During the year, we continued to participate in the "10,000 Miles Friendship Trek 2023" – "Seeking Opportunities and Creating Future – Beijing, Shanghai, Nanjing Journey" and "10,000 Miles Friendship Trek 2023" Part 2 – "Get the Opportunities, Create the Future – Step into the Great Bay Area" with other youth uniform groups in Hong Kong, where visiting different scenic spots in the country and exchanging views with the local youths. The "Beijing Internship Programme" which was temporarily suspended due to the outbreak of the epidemic, was resumed in 2023. Participants were given the rare opportunity to work as interns in Beijing enterprises and gain practical working experiences to shape for their future careers.

Development Strategy

In order to promote the Scout movement more effectively, we has established a Strategic Plan that will serve as the overarching directive for SAHK in the next four years. By setting a common direction with goals for all aspects of planning, promoting youth development, and thus attracting more young people to the Scout Movement, we target to reach a membership of 110,000 by 2027.

In this regard, we have launched the "Partnership Programmes" this year to actively collaborate with different local charitable institutions, school sponsoring bodies, social welfare organizations and religious groups. The cooperation would aim at achieving an increase in resource sharing, and providing more comprehensive development opportunities for our young people. In March 2024, we signed a Memorandum of Understanding (MOU) with Po Leung Kuk, which is the first step for the implementation of the Program. By strengthening our partnership to organize Scout Groups in primary and secondary schools and kindergartens under Po Leung Kuk, we will provide opportunities for young people to participate in Scouting and provide schools with appropriate support to assist staff and frontline leaders in conducting Scout assemblies. We will extend the Programme to more organizations, schools and housing projects to nurture more young people to become good citizens and contribute to the community.

Strategic Plan (2024 - 2027)

The Strategic Plan consists of the following 4 objectives and 10 strategies:

Objective (A) : Become the Best Youth Uniformed Group

Strategy (1) : Expansion of the Scouting Movement
Strategy (2) : Gain Recognition from the General Public

Objective (B) : Whole Person Development and Education

Strategy (3) : Youth Engagement
Strategy (4) : National Education
Strategy (5) : International Connections
Strategy (6) : Diversity and Inclusion
Strategy (7) : Sustainable Development Goals

Objective (C) : Good Governance

Strategy (8) : Implement Good Institutional Governance
Strategy (9) : Provide a Safe Environment

Objective (D) : Caring for the Society

Strategy (10) : Contributing to the Community

Strategic Plan (2024-2027)

Going forward, we will gradually implement the "Strategic Plan (2024-2027)" with a clear direction ahead and specific goals. We will also continue to support Scout Movement and work together to carry on the spirit and values of Scouting, so as to build a safe and sound learning environment for our young people and create more benefits to them.

Headquarters Branches

Programme Branch continued to provide guidance and assistance to youth members and leaders. To introduce Scout members the Chinese Foot Drill, Chinese Foot Drill Workshops and Chinese Foot Drill Courses for Foot Drill Instructor were organized. Relevant guidelines will be released in the coming year. For air activities, Scout's Aviation Specialist Comprehensive Development Scheme was launched to encourage more leaders to develop their interest in aviation. For further promotion of the basic knowledge of astronomy to Scout members, "Leader Handbook for the Cub Scout Astronomer Badge" was published after the "Course Book for the Scout Astronomer Badge" to provide guidelines for Cub Scout leaders to teach members the content of the Astronomy Badge.

Territory-wide Competitions

While Scout activities gradually resumed to normalcy, various territory-wide competitions were kicked off one after another. "Scout Regatta 2023" and "Hong Kong Chief Commissioner's Shield 2024" were successfully completed in the year under review, among which the Chief Commissioner's Shield was participated by the Silver Jubilee District for the first time. "Hong Kong Rover Scout Trophy Competition 2024" was commenced in year 2023/2024 and will be completed in year 2024/2025 together with "Hong Kong Venture Scout Competition 2024" and "Hong Kong Carlton Trophy Competition 2024".

International Exchange Activities

In order to broaden the horizons of our youth members, "2023 Kandersteg International Scout Centre Centenary Project – Kander100" was held in the last summer. Through different activities, our members met Scout members over the world and celebrated the 100th anniversary of the Kandersteg International Scout Centre. In addition, the "Scouts in One World" Young Leaders Programme - Finland Exchange Tour 2024 started in October 2023 with various trainings offered to members of the contingent before they went to Finland for an exchange activity at the end of March 2024. The programme has enriched their life experience, nurturing them to become leaders in the future.

New Experience

To celebrate the 110th anniversary of Hong Kong Sea Scouts, a series of celebration activities were organized. Highlights of these activities included the "Scout Regatta Carnival" which provided diverse and interactive experience for participants and the first-ever seaboree, "Hong Kong Sea Scout 110th Anniversary Seaboree". While car camping has gradually become popular, Programme Branch organized the "Astroboree – Geminid Meteor Shower Observing Car Camping" activity for the first time, allowing Scout members and their families to enjoy the nature in a new way. Apart from those activities for Scout members, being a strategic partner of the "Strive and Rise Programme", "Go Hiking@Strive and Rise Programme" and "Backwoods Cooking@Strive and Rise Programme" were arranged to let mentors and mentees experience the fun of Scouting.

Leaders' Training

During the year, 93 Wood Badge Courses (2,105 participants) and 44 Leader Skills Courses (722 participants) were organized by the Training Branch, while two training courses, two workshops and 20 examinations were held under the Scoutcraft Accreditation Scheme. As for combined staff training, two Basic Operation Courses were arranged. To tie in with the "Integration Arrangement of Scoutcraft Training", two "Campcraft Refresher Workshops" and one "Pioneering Refresher Workshop" were organized. Also, a "Teaching Aids Fun Day" was organized for sharing of experience in the production of teaching aids for Scout activities. A total of 2,674 participants have completed the "Safe from Harm Online Self-learning Course" while 100 adult members were awarded the Wood Badge.

Training on Top of Traditional Scout Skills

To meet the training needs of frontline leaders, a total of 36 training programmes in the areas of adventure, mental health, facilitation skills, spiritual development, special educational needs and Sustainable Development Goals (SDGs) were arranged.

In the year under review, 204 training programmes were arranged by the Hong Kong Training Team comprising 31 Leader Trainers, 62 Assistant Leader Trainers and 178 Leader Trainers. There were a total of 6,612 participants.

Wood Badge System Review

The new Wood Badge system not only consolidates the existing course contents but also add new contents. Furthermore, some of the Wood Badge courses will be conducted online through designated online learning platforms step by step in the future. Starting from the 2nd quarter of 2024, the General Information Course will be implemented in a blended learning mode, making use of the physical sessions to enhance participants' experience and sharing. In addition to providing a course guide for trainers' reference, two briefing sessions were held in March 2024 to enhance team members' understanding of the operation of the blended mode. The briefing sessions were attended by over 100 participants and have received positive responses.

Quality Assurance of Training Course and Online Questionnaire System

E-questionnaires were adopted by the Training Branch and regions to collect participants' feedback on the Wood Badge Courses and Leader Skills Courses. In the past year, visits to 6 training courses were conducted while comprehensive evaluations of 137 training courses and 229 in-service trainings were completed. On the whole, all training programmes received positively feedback.

Sharing & Exchange

The Trainers' Gathering 2023 was held on 24 June at Hong Kong Scout Centennial Building with over 240 trainers attending the event. The event was conducted in the form of forums and presentations, with a keynote speech on "Future Trends in Adult Education" delivered by the Chairman of the Training Committee, Professor HO Shun-man, President of Hang Seng University of Hong Kong.

The "Scoutcraft Accreditation Scheme Annual Gathering 2023-2024" was held on 4 February with the theme of "Mountaineering Skills". Apart from Scout members, adult members of Hong Kong Girl Guides Association and Hong Kong Army Cadets Association were also invited to participate in the gathering to share knowledge and experience.

Publication

Printing of the Cub Scout Leaders' Handbook, the 4th edition of the Pioneering and the 3rd edition of Mountaineering Skills for the Scoutcraft Accreditation Scheme were completed. Apart from the printed copies of the books for sale at the Scout Shop, readers may also download the publications from the Association's website.

Adults in Scouting Branch

Adults in Scouting (AiS) Branch plays a key role in coordinating the Adults in Scouting Policy of the Association, recruiting leaders and providing support to manage Adult Members. AiS Branch also offers training courses and adventure education programmes which are recognized by external qualifications for both Scout members and the community, while the First Aid Team provides first aid training and services. The Branch also extends its services to library services, ensuring a wide range of support and resources for our leaders and members.

Leader Recruitment

AiS Branch organized the "New Leaders Matching Scheme" in the year of 2023/2024. A workshop was arranged to introduce basic information of the Scout Movement followed by matching participants with Scout groups.

Training and Activities

Bridging internal training to local education, Leadership Training Institute (LTI) has conducted five QF Level 3 learning programmes during the year which included one session of Certificate in Leadership Skills, one session of Certificate in Adventure Education: Principles and Application and three sessions of Certificate in Expedition Skills. Moreover, LTI kept working closely with tertiary institutions. While Credit-bearing courses: Leadership in Practice were organized for United College of the Chinese University of Hong Kong and the School of Professional Education and Executive Development of The Hong Kong Polytechnic University, a 200-hour Scout service exposure was given to two student interns from The Education University of Hong Kong. Also LTI extended the commitment to local community through "Hong Kong Scout Centennial Building – Care Community Project".

Wong Siu Sang Leadership Training Centre has offered 305 programmes for 11,562 participants during the year, among which, "Free Admission Trial Project" was well received and attended by 2,916 participants. Professional Vender Member of the Association for Challenge Course Technology from US was invited to deliver training for Instructors of the Centre in June 2023, of which seven Instructors obtained the Level 2 Challenge Course Practitioner qualification while 12 Instructors were recertified with the highest Challenge Course Manager qualification.

First Aid Training & Service

During the year, approximately 400 members have participated in various first aid trainings, which included three First Aid Certificate Courses and three Refresher Trainings for First Aid Certificate Course recognized by Labour Department, five CPR & AED courses and 12 First Aid Badge Training Courses for Scout Section. Additionally, our First Aid Service Team has served 44 major events with 24,500 participants in total, demonstrating our commitment to serve the community.

Library Services

Scout Association of Hong Kong Library continues to receive generous book donations, which further expand its collection to meet the needs of our members. The Discussion Zone has become a popular space for our youth members, fostering learning and social interaction in line with our vision to cultivate a dynamic and engaging environment that promotes continuous learning.

Development Branch

Scout Special Response Team

To encourage scout involvement and assistance in the rescue work of emergency incidents, Development Branch is establishing the Scout Special Response Team this year. Members aged 18 or above recruited will receive various types of rescue-related training, including land and water search and rescue, rope access skills, drone support, first-aid, logistic support and incident command, so as to participate in emergency call-out services, and assist the regular forces and government departments concerned. A briefing session was held on 28 March 2024 for interested Scout members and leaders.

Jockey Club Badges: Preparing Tomorrow's Leaders - "Smile Action Project"

Sponsored by The Hong Kong Jockey Club Charities Trust, a two-year innovative Social Programme "Jockey Club Badges: Preparing Tomorrow's Leaders" -"Smile Action Project" was launched this year. This project promotes awareness of mental health by carnivals, day camps, roving exhibitions, and Smile Action Ambassadors and Trainers training workshops to train up Scout members and leaders as soul keeper. Also, Scout members and the public learnt the ways to manage stress, achieving "early identification of emotional crises and early intervention".

Happy Family Campaign

Subsidized by The Home and Youth Affairs Bureau and Family Council, the Association continued to organize a series of "Happy Family Campaign" this year. Development Branch organized "Healthy Family" on 10 March 2024 to provide stall games, basic health check, sports experiences, subject talks and physical fitness test for approximately 470 Scout members and their family members; and "Beach Clean-up" on 24 March 2024 to deliver the importance of environmental protection to over 500 Scout members and their family members. Both said thematic activities promote communication and care among family members.

Other Community Services and Activities

Development Branch also organized various community services and activities, including "Intellectual Property Rights Fun Day", which was graced by officiating guests Ms HO Pui-shan CDSM CMSM, Commissioner of Customs and Excise, and Mr WONG Fuk-loi JP, Director of Intellectual Property, attracted nearly 1,200 Scout members and citizens to participate and learn the importance of intellectual property rights; "Care for Youth - Scout Experiential Day", provided leadership training and Scout activities for over 400 teenagers with financial needs; annual Mid-Autumn Elderly Visiting programme, delivered mooncakes and gifts, as well as our care and blessing to some 600 elderly.

Recruitment of Scout members and leaders

Apart from planned recruitment, Development Branch joined the four day Uniformed Groups Fair organized by the Education University of Hong Kong in September 2023 to recruit Scout members and leaders.

Promotion via Various Channels

Communications and Public Affairs (CPA) Branch continues to promote the Scout Movement and disseminate the latest Scout information via various channels. The up-to-date news of Scout units, event highlights and promotion videos were shared with Scout members and the public on different online platforms including the Association's website, Scout mobile app, Facebook page, Instagram page and YouTube channel.

Apart from social media, CPA Branch also promoted Hong Kong Scouting through local media, e.g. a newspaper supplement was published to report the event "Hong Kong Scout Rally 2023". Besides, to introduce the strategic plan of Hong Kong Scout Movement to the media, "Chief Commissioner Media Tea Reception" held on 2 November 2023 was well attended by around 30 representatives from more than 20 media organizations. Furthermore, the Association was invited to join the shooting of a TV programme HK Historical Sites. Dr Wilson LAI, Chief Commissioner, Mr David YIP, Chairman of the Association's Executive Committee, Ms Evita LEE, Chief Scout Executive and Miss WONG Lok-ching, Scout of the Year 2019, were interviewed to share with the audience the development of Hong Kong Scout Movement, the organization structure of the Association, the outlook of Hong Kong Scouting as well as fond Scout memories. The episodes were aired in January 2024 and received positive responses.

Scouting for Life

Scout Promise and Law are the core values of the Scout Movement, which encourage members to live up to the promise in their daily lives and in serving the community. To further promote the core values of the Scout Movement and encourage members to keep the promise of "Once a Scout, always a Scout", CPA Branch launched the Scout theme of the year "Scouting for Life" in 2022. By the end of the 24-month launching period in April 2024, around 30,600 people had participated in the two thematic activities "Scout Promise Action" and "Scouting for Life Implementation". Some events were also organized for the public, which were well received. A new Scout theme of the year will be launched in 2024 to promote Scout values to our members as well as the public.

Scout of the Year Selection

"Scout of the Year Selection" gives recognition to outstanding Scouts who set examples to their fellow youth members, and also arouses public awareness of the outstanding personality of Scouts. The Selection was first held in 1987 and a total of 206 youth members who excelled in schools and Scout training have been awarded. In 2022, four Scout members were selected as Scout of the Year and were presented the shoulder cords by the Guest of Honour Ms Michelle LI, Permanent Secretary for Education, in the presentation ceremony held on 26 August 2023.

Scout of the Year Association (SOYA) was founded in 2010 to gather all awardees to contribute to the Scout Movement and society. Members of SOYA actively participated in the organization of Scout events, such as "Hong Kong Scout Rally" and "Annual Fellowship Dinner". They also served in different committees of the Association including CPA Committee and Scout Supply Service Committee. SOYA held its 13th Annual Meeting on 26 August 2023 where members of the executive committee were elected.

Hong Kong Scout Band

During the year, the Hong Kong Scout Band participated in various Scout events, which included "39th Leaders' Mess Night – Guests' Night", "Hong Kong Scout Rally" and "Annual Fellowship Dinner", etc. The band also joined the activities organized by other parties, e.g. Cheung Chau Jiao Festival Parade and the Inaugural Ceremony of the Rotary Club of Hong Kong etc., to uphold the Scout mission of serving the community.

On 18 February 2024, the Scout Band organized "Founder's Day Scout Musical Rally" at Kowloon Park to celebrate the birthday of Lord Robert Baden-Powell, founder of the Scout Movement. A number of classical Scout melodies and popular pop songs were performed, which attracted a significant number of passers-by and successfully showcased the diversity of Scout activities to the public via marching band music.

International Scout Youth Forum on Scouting in the Post-Pandemic World: A Redefinition (29 April – 1 May 2023)

40 Scouts and young leaders aged 18 to 26 from Hong Kong, Japan, Thailand, Malaysia, Mongolia, Indonesia and the Philippines gathered in the Hong Kong Scout Centre in April 2023 to attend the International Scout Youth Forum on Scouting in the Post-Pandemic World: A Redefinition. The opening ceremony took place on the first day was officiated by Miss Alice MAK Mei-kuen, Secretary for Home and Youth Affairs. In addition to various talks and discussion sessions to identify the opportunities and challenges of Scouting in the post-pandemic world, the 3-day forum also included an educational city hunt which allowed participants to explore different landmarks in Hong Kong, followed by a Youth Declaration jointly signed by all participants, who have designed individual action plans for implementation in their own communities to rekindle Scouting in the post-pandemic world.

25th World Scout Jamboree (1 – 12 August 2023)

A contingent of 460 members represented Hong Kong to the 25th World Scout Jamboree held at SaeManGeum, South Korea. Themed "Draw Your Dream", the Jamboree was attended by around 43,000 Scout members from 158 countries and regions. Despite the heat wave and typhoon, our members have managed to overcome all hurdles together and gained rewarding experience of their lives.

The 66th Jamboree-On-The-Air (JOTA) cum the 27th Jamboree-On-The-Internet (JOTI) (20-22 October 2023)

Themed "Youth Leadership in Peace", the 66th Jamboree-On-The-Air cum the 27th Jamboree-On-The-Internet was held in the Hong Kong Scout Centre. Attended by 1,207 participants, the JOTA-JOTI featured not only radio communication activities but also seminars, creative STEM workshops and a coloring competition for Grasshopper Scouts and Cub Scouts, amongst other activities targeted at all 5 Scout Sections. In particular, 109 entries were received in the coloring competition, many of which were outstanding pieces. The seminars focused on spiritual development and nature, both of which are important components in Scout training. On 21 October 2023, an online cultural exchange activity was held in collaboration with Scouts from Wales of UK, Mexico, Lebanon and Egypt, and was joined by 60 local and overseas Scouts.

Visit to the World Scout Bureau Asia-Pacific Support Centre (22-24 January 2024)

A delegation of Scout Association of Hong Kong led by Chief Commissioner Dr Wilson LAI Wai-sang paid visit to the World Scout Bureau Asia-Pacific Support Centre in Manila, the Philippines. The delegation met the Chairman of the Asia-Pacific Regional Scout Committee and other key staff members to introduce the Association's Strategic Plan (2024-2027) and discuss about various topics of Scouting. The delegation also visited the Headquarters of the Boy Scouts of the Philippines and exchanged ideas on strategic development directions.

Memorandum of Cooperation with Youth Federations in Sichuan

The Association once again signed the Memorandum of Cooperation with Mianyang and Deyang Youth Federations. The Memorandum marked our continuous commitment to the youth in the Mainland after the Sichuan Youth Quality Training Project, by rendering support to the training of local volunteers and organizing exchange activities for the youth in Hong Kong and Sichuan between 2023 and 2028.

Beijing Internship Programme 2023

With the support from the "Funding Scheme for Youth Internship in the Mainland" by the Youth Development Commission, our Association, in collaboration with The Hong Kong Girl Guides Association, re-launched the internship programme after the pandemic. From 1 to 30 June 2023, a total of 13 young adults aged 18 to 24 participated in a one-month internship programme at nine prestigious corporates in Beijing, covering the fields of marketing, media, data analysis, public transport, 3D design, communications, post-production, cultural fusion, software development and social services. Some of the participants even had further two-week internship in related local enterprises after returning to Hong Kong and experienced the different workplace cultures between Beijing and Hong Kong.

"10,000 Miles Friendship Trek" Activities

With the theme of the "10,000 Miles Friendship Trek 2023" programme as "Seeking Opportunities and Creating Future – Beijing, Shanghai, Wuxi Journey", 23 members and leaders of our Association together with members of 13 local youth uniformed groups formed a delegation with over 300 members to visit various cities in the Mainland from 22 to 30 July 2023 . Furthermore, 10 members and leaders of our Association and 70 members from 8 youth uniformed groups joined part 2 of the "10,000 Miles Friendship Trek 2023" programme themed "Get the Opportunities, Create the Future – Step into the Great Bay Area". The activity took place at Shenzhen and Zhuhai on 27-30 December 2023. In addition to sightseeing and excursion, the participants also interacted with mainland students to gain a deeper understanding of the nation and to make friends with young people from different places.

Hong Kong Scout Sichuan Animal Protection and Disaster Relief Experience Programme

Subsidized by the "Funding Scheme for Youth Exchange in the Mainland" by the Youth Development Commission, 20 young members and leaders of our Association visited Sichuan Province from 24 to 31 December 2023 to learn about the animal protection and conservation work in Sichuan, the support provided by the HKSAR government and our Association after the Wenchuan earthquake. There was also a session for participants to interact with local volunteers and Hong Kong youths working and studying in the area, allowing them to have a more comprehensive understanding of the local social situation.

The Greater Bay Area Exchange Programme

In order to provide opportunity for Scout members from single-parent and underprivileged families to explore the Mainland, a total of 45 people including Cub Scouts, Scouts, Venture Scouts, parents and leaders were subsidized by the Home and Youth Affairs Bureau to visit various places of the "One-Hour Living Circle" in Greater Bay Area, namely Zhuhai, Zhongshan, Foshan, Zhaoqing, Guangzhou, Dongguan and Shenzhen from 29 March to 1 April 2024. Through the journey, they had better understanding of the development of the Mainland.

Scout Association of Hong Kong·Hong Kong Palace Museum – Carrying the Cultural Tradition Forward Programme

In collaboration with Hong Kong Palace Museum ("HKPM"), the "Carrying the Cultural Tradition Forward Programme" was launched in August 2022. The 3rd to 5th sessions of basic training with the theme of eight-flag system of Qing Dynasty and royal costumes were held in May and September 2023 and January 2024, allowing 85 youth members to have an in-depth understanding of the Chinese culture, art and history. Besides, the Cultural Heritage Instructor Training was organized for the first time this year. Under the guidance of docents from the HKPM, 21 leaders visited the exhibition areas and learned docent skills, setting the foundation for further training in the future. In September 2023, 4 members from our Association have successfully completed the "The HKPM Student Ambassador Programme" hosted by the HKPM and become official docents of the museum.

Development of Association Properties

In 2023, Estate Branch participated in the CLP's "Electrical Equipment Upgrade Scheme" and received funding from the "CLP Community Energy Saving Fund" to purchase more energy efficient LED light tubes to replace the lighting at the common areas of the Hong Kong Scout Centre. In addition, Estate Branch continues upgrading the audiovisual (AV) projection systems in the function rooms at the Scout Centre. This year, we completed replacing old projectors with ones in high definition in Chamson Chau Congregation Hall on 11th floor and the Boardroom on 10th floor. At the same time, enhancement works were carried out on the projection systems in rooms 502 and 503 of the Hong Kong Scout Centennial Building. The enhancement did not only cover the replacement with HD projectors, but also included enlarging the size of the projection screens.

On the other hand, the telephone system at the Hong Kong Scout Centre has also undergone improvements. To address issues with the aging system and poor call quality, the telecom server was upgraded to increase the line capacity, and enhance the system compatibility with new model phone set.

Beyond upgrades to energy-saving equipment and telephone system, Estate Branch carried out decorative enhancements to the function room 1105 at the Hong Kong Scout Centre. Completed in the first quarter of 2024, a feature wall with clean lines was designed to uplift the aesthetic of the space

Capital Works for Campsites and Activity Centres

Estate Branch oversees the Association subsidized improvement projects for campsites and activity centres. The beneficiary projects this year included the renovation work at the HKIR 7th Group Headquarter and Sha Tin West District Headquarter, the roof parapet wall improvement at the Shap Pat Heung District Headquarter as well as the re-roofing and spalling repairing at Wong Siu Sang Leadership Training Centre.

Besides, the Estate Branch has working closely with the Tai Tam Scout Centre on the two large-scale projects, including the renovation of the campsite funded by the Hong Kong Jockey Club Charities Trust and the construction of the Sea Activity Centre funded by the Development Bureau.

Scout Raffle Campaign 2024

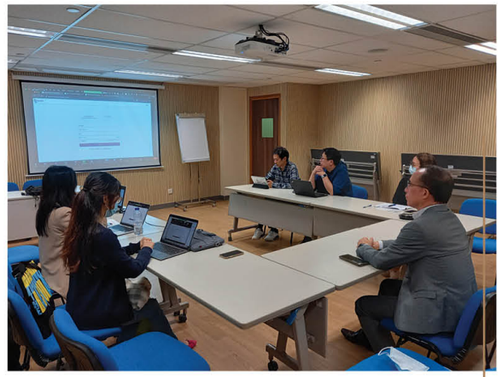

Raffle Campaign is organized annually to help Scout groups, districts, regions and other units of the Association raise funds for their training and activities. The Raffle Draw and Award Presentation Ceremony 2024 was held on 16 March 2024 at the lobby of the B P International House. 101 lucky prize winners were drawn by a team of esteemed scouters, lay members and sponsors. “Best Performance Award”, “Best Per Capita Performance Award” and “Best Improvement Award” were also presented to those participating Groups with outstanding sales performance.

“Hong Kong Volunteer Award” 2023

The “Hong Kong Volunteer Award” is co-organized by the Home and Youth Affairs Bureau and the Agency for Volunteer Service. At the Hong Kong Volunteer Award Presentation Ceremony 2023 held earlier, the Association received the “Top Ten Highest Volunteer Hour (Non-Commercial Organization)” and the “Excellence Gold Award”. We also had several Scout members being bestowed individual awards, including the “Top Three Highest Volunteer Hours Award (Youth Group)” and the “JC VOLUNTEER TOGETHER New Star Volunteer Top Three Highest Hours Award”. Moreover, Mr WOO Cheuk-ho, our Scout Leader, was commended the “Heroic Volunteer Award” in recognition of his selfless acts in the Plaza Hollywood incident.

Strengthening Information Technology Application and Management

The revamp of the Scout Membership Information System has entered the final stage. When the system is launched, individual adult members will be issued a personal login account and Scout ID, facilitating them to access personal particulars and Scouting records in the system. The enhancement of the Online Enrolment and Payment System is also near completion. The Association and Regions will be able to collect participation fees of activities, training courses, etc. from members through electronic means. Both systems will improve user experience.

This year, the Association invested more resources in the application of information technology. Information Technology Branch coordinated and kick-started four system development projects, including Scout Learning System, Scout Archives Management System, Certificate Generation and Verification System and E-message System. It is anticipated that such projects will further expedite the digital transformation of the Association, improve efficiency and services, and support the execution of the Association’s Strategic Plan. Among the projects, a relatively large-scale development is Scout Learning System. It aims to more comprehensively and efficiently manage members’ learning journeys. Members will be enabled to master well their learning progress and acquire more knowledge and skills through the system anytime and anywhere to achieve continuous learning.

On the other hand, we continued the strengthening of information technology policy and management, including the update of the Policy Circular “Information Technology Security” in October 2023, and the ongoing review and improvement of information technology security measures and effectiveness in execution. We also supported the maintenance of various systems, including the Association’s Website, “Hong Kong Scouts” Mobile App, Youth Member Information System, Scout Enrolment System (aka “Join-Us”), Training Management System and Venue Booking Management System, etc., that facilitated the routine operation of relevant units.

Hong Kong Island Region

In the past year, we have faced various challenges, but with everyone's effort and struggle, Hong Kong Island Region has continued to develop steadily.

Align with development strategies to achieve synergy

In line with Scout Association of Hong Kong's Strategic Plan for the next four years, which includes four "objectives" and ten "strategies", Hong Kong Island Region held a "Regional Commissioners' Retreat" on 23rd January, 2024 and formulated 32 "actions" plan. Through cross-departmental cooperation and good use of resources, the team's performance can be improved and the synergy effect of "one plus one is greater than two" can be exerted to achieve fruitful results for the future development of Scouting in Hong Kong Island Region.

Reorganize the Region's structure to enhance effectiveness

To continue the support for frontline leaders as our key task, we have reorganized the Region's structure, and set up a "District Support" section and "Scout Group Development" section in the Operations Department to support each District in developing new Scout Groups and Sections, and strive to retain members. The total number of members in the Region was 9,975 in 2023. In order to ensure the sustainable development of Hong Kong Island Region, the reorganized Administration Department has added the functions of "strategy" and "resource development" to help shape development directions and improve work effectiveness.

Excellent service enhances the image of Scouting

During Typhoon Saola Signal No. 10 hitting Hong Kong, many places in Hong Kong Island were hit by landslides. On 9th September, 2023 (Saturday), a "Hong Kong Island Region - Emergency Community Service" was conducted in Chai Wan District. The entire project took only 20 hours from planning to execution, and successfully recruited 180 Scout members, leaders and their family members from the five sections to complete this special service. In addition, the "Standard Chartered Hong Kong Marathon 2024" has recruited more than 1,000 members to participate in the service. By serving the community, it embodies the core values of the Scout Movement and allows the public to better understand the mission and contribution of Scouting. In the past year, Region, Districts and Scout Groups, participated in 223 community services, with 4,334 attendees and more than 32,821 total service hours. Scout services have been recognized by cooperative organizations and beneficiaries, improving the image of Scouting in the outside world.

High quality training and excellent leaders

A good leader must not only identify with the significance and philosophy of Scout Movement, but also be well equipped. This year, we have organized 34 training courses and workshops with a total of 516 participants, enabling leaders to improve their skills through practice. In addition, 28 leaders have completed the Wood Badge training. These achievements are attributed to the full preparation of each training team member, the pursuit of high quality, and the efforts to continuously improve the training courses and activity content. The training work in Hong Kong Island Region has achieved good results and evaluation.

Distinguish performance and comprehensive training

The two iconic events of the Region: "Island Scout Day" and "Island Scout Trail Walk" also continue to inject new elements to meet the needs of young people and innovate and change. The Region also held a variety of activities and trainings, covering various fields such as sea, land and air. 127 activities, training courses and competitions were held with a total of 7,316 participants. This year, 124 Cub Scouts, 32 Scouts, 14 Venture Scouts and 5 Rover Scouts were awarded the Golden Bauhinia Award, Chief Scout's Award, Dragon Scout Award and Baden-Powell Award respectively. In the Hong Kong Scout Competition, Hong Kong Island Region continued to achieve excellent results. The 1st Hong Kong Group and 10th Hong Kong Group won the Championship and Merit Award in the 2024 Chief Commissioner's Shield Competition (Cub Scout Section). Each Scout member had demonstrated excellent skills and teamwork spirit and is truly worthy of appreciation and praise.

Expansion project towards a new milestone

Currently, we are also actively carrying out the expansion project of the Tai Tam Scout Centre (SCENES CENTRE). By upgrading the facilities of the Tai Tam Scout Centre, we will offer a more comfortable and convenient environment for Scout members, provide high-quality education for young people, and make contributions to the community. We look forward to the successful completion of the expansion project and taking the Tai Tam Scout Centre to a new stage of development.

Overall, Hong Kong Island Region has been committed to supporting frontline leaders, improving the effectiveness of leadership training and serving the community in the past year. Through various activities, training and improved facilities, the Region continues to improve the training level of Scout members and creates a harmonious scout environment. Hong Kong Island Region will continue to work hard to ensure the development and growth of Scouting in Hong Kong Island. We hope that members of the Hong Kong Island Region will work together as one and work hand in hand to accomplish more success and achievements!

Kowloon Region

Re-Organization

To cope with the direction of Association's development, the organization chart and naming of commissioners' posts of the Kowloon Region were reorganized and made effective from 1 December 2023. At the same time, the job descriptions of the subject commissioners were updated to enable volunteers to have clear role and function to enhance the work efficiency.

Development Strategy

In early 2024, the Association devised its 4-year Strategic Plan covering 2024 to 2027. The Region held "The Regional Commissioner's Retreat 2024" on 13 to 14 January 2024 to review our action plans, check for compliance with the Strategic Plan and tune the coming three years of the schemes aiming at fulfilling the targets.

Also, after the "Parent Leaders Sharing" held in July 2023, the "Group Scout Leaders Seminar" was held on 24 March 2024 enabling leaders to review the prevailing problems and search for the solutions. And taking the opportunities, the Group Scout Leaders were briefed with the Strategic Plan and shared with them the message that we were going forward side by side with our frontline leaders.

Regional Events and Services

The Region held the "Kowloon Region Rally 2023" on 15 October 2023 to award 81 Outstanding Group Scouters, 371 Outstanding Scout Groups. Besides, 24 leaders were awarded Regional Commissioner's Commendation.

The Region held the "Community Care Service Day" on 12 November 2023 with nine districts including Hung Hom district, Ho Man Tin district, Kowloon City district, Kowloon Tong district, Mong Kok district, Sham Mong district, Sham Shui Po East district, Sham Shui Po West district and Yau Tsim district to carry out community services. The action involved more than 800 scouts, leaders and lay members to visit and provide services at 15 spots, reaching some 2,300 elderly and people in need promoting community care from Scouts to the public. Besides, 250 families coming from some 500 scouts and their family members participated the "2023-2024 Happy Family Campaign – Rural Historical Exploration Trip" on 3 March 2024. The activity promoted the family core values set out by Family Council, and also enabled the public to understand the diversity of Scouting activities throughout the trip.

The "Leaders' Mess Night 2023 - Guests' Night" and the "Chinese New Year Spring Reception cum Dinner" were respectively held on 15 May 2023 and 18 February 2024 for which lay members, regional and districts staff actively participated and gathered to build up cooperation and friendship.

Two mainland exchange programs were held respectively in November and December 2023. The "Zhuhai Aerospace Innovative Technology Trip" enabled Scout members to experience recent development of the country and reinforced their national identities; while the "Walking into Guilin 2023" encouraged members to personally set foot on their country, and to understand and witness her achievements bringing to the citizens. The participants made their Scouting life fruitful and broaden their horizons by learning the different culture and team experiences.

Region's Statistics

As at the end of December 2023, the Region had a total of 13,247 members from which 10,249 were youth members and 1,774 were Group scouters. There were 229 Scout groups and 519 sectional units. The number of Scouts achieving the sectional highest awards reached 307, including 234 Golden Bauhinia Awardees, 56 Chief Scout's Awardees, 12 Dragon Scout Awardees and five Baden-Powell Awardees. Besides, a total of 18 leaders successfully attained the Wood Badge.

East Kowloon Region

The training and activities of the East Kowloon Region gradually resumed to normalcy after the pandemic. Highlights of some of these activities over the last year are as follows:

Joint Inauguration Ceremony of Regional Venture Scout Council & Rover Scout Council

In response to the "World Scout Youth Involvement Policy" and the Youth Involvement in Decision Making Policy of the Association, the Region has established Venture Scout Council and Rover Scout Council in 2023. The inauguration ceremony of both councils was held on 18 January 2024 and attended by some 100 guests. The councils are committed to strengthening the connection and network among Venture Scouts and Rover Scouts of the Region for further development of the Scout Movement.

Sustainable Hiking Trails

A renewal of permit was granted to our Region by Agriculture, Fisheries and Conservation Department which allowed Scout members led by trained leaders to conduct simple trail repair works. The service areas were extended to those named trails within Country Parks all over Hong Kong. In the year under review, 4 activities with a total of 76 participants were organized which put the concept of "sustainable hiking trails" into practice. These activities included a roped net weaving workshop for making rock assemblage to be used at trail maintenance, an overnight camp as well as 2 services to repair nature trails and clear trail drainages.

Opening Ceremony of Jockey Club Scout "S.I.N.G." Programme cum 40th Anniversary of PSW Fun Day

To celebrate the completion of refurbishment project and the 40th anniversary of Pak Sha Wan Tam Wah Ching Sea Activity Centre (PSW), Jockey Club Scout "S.I.N.G." Programme Opening Ceremony cum 40th Anniversary of PSW Fun Day was organized on 12 November 2023. In recognition of the generosity of The Hong Kong Jockey Club Charities Trust to fund the innovation work and the 3-year project for promotion of SDGs and social integration, a commemorative plaque of gratitude was placed at the Centre. The plaque was unveiled by our officiating guests accompanied by lion dance during the kick-off ceremony. On the other hand, the funfair has attracted more than 800 participants who have enjoyed a wide variety of activities. Those sea activities ranged from standard boat, canoe, dragon boat and sailing boat while the land activities included emerging sports, various DIY workshops, exhibition and game stalls of classic Scout activities.

The 3-year Jockey Club Scout "S.I.N.G." Programme began with a guided geo tour around Sai Kung by canoe in March 2024. Many more exciting activities and trainings will be arranged for our Scout members, their families and friends so as to raise their awareness of sustainable development as social integration.

Pak Sha Wan Tam Wah Ching Sea Activity Centre

Following the completion of the renovation work, most of the activities took place at PSW in the upper half year were sea activities, the full resumption of activities in September 2023 has enabled our campers to enjoy the new equipment and facilities of the camp site. Once again, the Centre has received subsidy from Sir David Trench Fund for Recreation in the past year. 40 pieces of dragon boat paddle and 9 sets of Standup Paddle were purchased to further upgrade our equipment of our sea activities. The total number of visitors of PSW over the year were 16,689 people.

New Territories Region

"Heritage and Innovation" 65th Anniversary Activities

2023 marks the 65th Anniversary of New Territories Region. The Region organized various activities under the theme "Heritage and Innovation" aimed at promoting Scouting, nurturing youth and making a positive impact on society. These events received widespread participations and support, showcasing a diverse range of Scout activities and training to the public.

Celebrations included the "NTR Race- Fun Fun Walk 65 Adventure Race", which not only trained Scouts in perseverance and teamwork but also advocated for the principle of "Leave no trace" to arouse member's awareness of environmental protection. The "NTR Creation-Pioneering Battle Challenge" provided a platform for scout members for competing skills on traditional scoutcraft. Through the competition, members unleash their creativity, resulting in many unexpected pioneering projects. The "NTR Challenges - Fun Day on Sea, Land and Air" included competitions in water activities, land training, and simulated flying experiences, reflecting Scouts' progressiveness and diversity in activities and training programme.

Scout Service for Caring People

The New Territories region, along with 11 districts, partnered with non-profit organizations in the community to launch a three-year service scheme, co-organizing community activities to support individuals in need. The kick-off ceremony took place in April 2023, with 12 collaborating community organizations, including Sage Sun Kwai Hing Gardens Day Care Centre For The Elderly, Hong Chi Winifred Mary Cheung Morninghope School, Hong Kong Lutheran Social Service ONE Support Service Centre for Ethnic Minorities. The Scout Service Scheme is one of the regional core projects, with 510 Scout members participating in services in the first year, benefiting over 2,100 individuals. The region will continue organizing various types of services over the next two years to support more people in need.

Vibrant Scout Life

This year, the Region held numerous sectional competition and sporting activities, enhancing communication and skills exchange among members. Notably, competitions for Grasshopper Scout were held for the first time in many years, showcasing the energy and passion of the kids. The Venture Scout section organized activities with a theme of road safety driving fun, allowing members to gain practical road safety knowledge through simulated driving tests, racing games and real go-carts experiences.

The rest sections also gradually integrated traditional Scouting skills with emerging sports, providing youth members with opportunities to experience challenging activities and build confidence.

Promoting Scout Development

In line with the Association's 2024-2027 Strategic Plan, the Region actively reached out to various school sponsors, community organizations and NGOs operating transitional housing projects to collaborate in establishing Scout Groups. We aimed at nurturing youths' development in all aspects through non-formal education and Scout training methods. Meanwhile, the Region has launched the Project-Leader Recruitment Scheme recruiting parents and school staffs to be a scout leader, supporting existing Scout Groups in expanding their services to cultivate youth into responsible citizens together.

In the year of 2023/2024, The New Territories Region organized varuous activities and projects that successfully connected a diverse array of participants and supporters. These activities not only enriched scout members' life but also conveyed the values and contributions of Scout Movement to society. The Region will continue to strive in line with the Association's development strategies and make greater contribution to the growth of Scouting.

New Territories East Region

Overview

In 2023-2024, after the COVID-19 epidemic, the society returned to normal and various activities were held as usual. The New Territories East Region (NTER) has implemented different plans to recruit leaders and youth members, regain the vitality and motivation of the region, and push the development of the region to a higher level.

As at 31 December 2023, NTER had a total of 8,706 members and 211 Scout groups. NTER organized 28 activities for youth members and 18 leader training courses. There were 11 leaders successfully completed their wood badge training. A total of 169 youth members successfully attained the Sectional Highest Awards.

Re-organization

In order to develop various regional tasks more effectively, a Special Duty Department and the International and Mainland Affairs Department were established in NTER this year. The Special Duty Department is responsible for promoting various Chinese-style foot drill activities and organizing regional foot drill and the flag party. The International and Mainland Affairs Department is responsible for planning and coordinating all overseas and mainland exchange activities in the region.

Membership Development

At the same time, the region established the "V START" Program in January 2024 to strengthen the connection between Scout members and Scout districts/ region. The "V START", standing for "the journey of developing a Venture Scout", will organize a series of activities to allow scout members of the right age to be promoted to the Venture scout section to experience the activities of the Venture scouts and strengthen their sense of belonging to the Scout activities, and hence extending their Scouting life and achieving the effect of member retention.

Community Service

In September 2023, a once-in-a-century heavy rain caused severe flooding and landslides in many places in Hong Kong. The North District was seriously affected and the situation was dire. NTER proactively arranged a team of 7 leaders and helped local elderlies to clean up their living places including cleaned up puddles and silt, disposed damaged furniture, electrical appliances, and assessed the home needs of the elderly so that relevant welfare departments could provide support. In addition to regular services, members of NTER also actively participated in various community services and were on call at any time to provide support to the community and display the Scout service spirit.

Looking ahead

The regional strategic plan for the new year will continue to develop the Scouting movement, support scout groups, and strengthen external and internal relations. In order to effectively achieve various strategic goals, 10 task forces were established in areas including retaining and recruiting youth members, establishing new groups, providing group support, enhancing Scout image, promoting Chinese-style foot drills, promoting youth engagement, advocating a diverse and inclusive culture, contributing to the community and enhancing community engagement, contacting and recruiting leaders and parent leaders and understanding the needs of leaders and members of different sections. All commissioners in NTER will participate in task forces and report progress every three months, hoping to complete various regional strategic goals systematically.

The Friends of Scouting

Under the mission of “Creating favourable circumstances for young people to develop themselves and make contribution to the community”, the Friends of Scouting (FOS) assists the Association in extending the services to non-uniform youth. Two service centres for children & youth located at Kai Yip and Long Ping are dedicated to providing services to youth and their families in their districts. Together with the School Social Work Service Team, they also provide stationing service to 17 schools. FOS is currently being the sponsor of 10 Scout Groups, and through Education Centre to offer various academic and interest courses. It also launches a number of continuing education courses to expand the Association’s services.

Concern the Mental Health of Youth

Mental health of youth has always been our top priority. The two Children & Youth Centres launched the “Friendly Community – SOUL Keeper Scheme” by using various tools, including “SOUL Keeper VR Game”, “SeeU·SOUL AR App”, and “SOUL Keeper Story Book”. These helped stakeholders to identify the emotional needs or crisis of youth at an early stage, and to provide necessary support, so as to create a caring environment for building a mentally healthy and friendly community for youth.

The key task of School Social Work Service Unit was “self-care”. In order to strengthen student’s support network, the “Give me Five” programme enhanced the self-care awareness of teachers, parents and students, and educated them about self-care practices, cultivated healthy lifestyle habits, and conveyed caring messages.

Integrated Children & Youth Service

“Know the Future” Project and “Life Planning” Project provided hands-on experience in the workplace and career counselling for non-engaged youth in the community and in-school youth. These programmes provided support services to 36 secondary schools, and arranged job tasting for approximately 200 secondary students before they left school. Furthermore, in collaboration with Mainland Affairs Branch, an one-month internship programme was organized for youth to gain practical experience at workplace and living experience in the Mainland.

“Leaping Kids – ADHD Students Support Scheme” was launched for children with attention deficit/ hyperactivity disorder (ADHD) or autism spectrum disorders and their parents. Also, FOS and Training Branch jointly organized a training course to provide training to frontline leaders to improve their skills in supporting members with SEN.

School Social Work Service

The School Social Work Service Unit provides stationing service for 10 secondary schools and the scope of services includes individual counselling, group and developmental work, parent education and community service. This year, 411 programmes/groups with a total attendance of 35,379 were held and 1,180 cases were handled by the unit.

Comprehensive Education Service

The Education Centre organized a total of 346 courses, including 164 subvented courses (44 courses of Adult Education and 120 courses funded by Employees Retraining Board (ERB)) and 182 non-subvented courses (mainly child and youth courses). The total number of enrolment was 4,229. In view of the shortage of labour under pandemic, the Centre was authorised to launch 120 training classes funded by ERB. Placement service was provided for the graduates with completion of the courses.

The Baden-Powell Scout Club of Hong Kong

The Baden-Powell Scout Club of Hong Kong aims to strengthen the connection between active and retired members, encourage the adherence to the Scout Promise and Law in daily life, promote the fine traditions of Scouting, support and promote various activities of the Scout Association of Hong Kong.

The Baden-Powell Scout Club Service Team

After the pandemic, the Baden-Powell Scout Club Service Team actively participated in various services and supports, including the "Citywide Heritage Rice Dumplings for Public Welfare" event in 2023, which set a record for “online and offline rice dumpling production” in the Guinness World Records. Besides, there was the Mid-Autumn visit to elderly care homes, where team members delivered mooncakes and gift bags to the elderly as presents of good wishes.

Entering the Baden-Powell Club’s 45th Anniversary

To celebrate the 45th anniversary, the Club set up a plaque of "Long Service Five-Star and Four-Star Medal" recipients at the clubhouse to commend our honorary and life members for their contribution to the Scout movement for over half a century. In addition, a celebration event jointly organised with Sub-Clubs called "Sub-Clubs Gathering at Victoria Harbour Night" was successfully concluded with enthusiastic participation of and joyful exchanges among the members.

Diversified Activities, Lectures, and Workshops

Throughout this year, we continued to organize a series of activities, lectures, and workshops of various types to cultivate diverse interests among our members. Interest classes included music, erhu, and Tai Chi classes, with over 2,600 participants. Additionally, there were leathercraft workshops, eye health lectures and Daffodil bulbs cutting, providing members with a variety of activities.

The Scout Shop of Hong Kong

The Scout Shop of Hong Kong sells mainly Scout uniforms and activity supplies, and offers a variety of Scout-themed souvenirs, books, and outdoor products. In addition to physical stores located in Jordan and Wan Chai, online shopping service is also provided at www.hkscoutshop.org.hk. The Scout Shop updates regularly the Facebook page with the latest product information and shopping offers, and strengthens publicity through the electronic screen in the lobby of the Hong Kong Scout Centre.

Improved uniform products

The Scout Shop followed up on multiple recommendations from the Association's uniform review task force. The sourcing and supply of improved uniform beret, leather woggle, and first-tiered leather belts, etc. have been completed.

Unique Scout souvenirs

This year, the Scout Shop sourced a range of unique World Scout souvenirs, including various commemorative badges, keychains, woggles, board games and books, which were very popular. Among them, the "Hello Kitty and Scouts" series of commemorative badges and keychains were quickly sold out with overwhelming response.

Exclusive Scout discounts

The Scout Shop continues the collaboration with various outdoor product suppliers. Scout members who present their valid membership document at the stores can enjoy a 15% discount on the designated brands. Additionally, selected outdoor products, including tents, backpacks, sleeping bags, outdoor hats, sun protection sleeves, and so on, are offered at discounts up to 30%.

Online shopping

As online shopping becomes more popular, the Scout Shop has made continuous effort to enhance the services, including the feasibility to lower the local delivery charges and the continuous offer of the minimum purchase amount for online orders. Currently, over 4,600 individuals have registered as members of the online shop. Furthermore, postal services provided by Hongkong Post for overseas regions have gradually resumed normal in the past year and online orders were received from places such as Spain, Malta, the United Kingdom and Slovenia.

Looking ahead

In the coming year, the Scout Shop will continue to source and develop more unique Scout-themed products and actively seek collaboration with various outdoor product suppliers to launch more product offers for Scout members.

The Commissioners' Club

Established in 1994, the Commissioners' Club now boasts a membership of more than 6,000. Its purpose is to provide a well-furnished and comfortable venue for adult scout members to gather and cultivate their friendship.

Commissioners' Club Extension

To provide a more comfortable venue for its members, the Club has, during the year, expanded its Chinese restaurant area. In addition to renovating the former Gilwell Corner to two private rooms and a multi-purpose activity room, the corridor has also been renovated and refurnished to offer members a refreshed and comfortable environment.

Social Activities

"Charming Ancient Buildings - Peaceful Saunter" and "Leathercraft Experience Workshop" were held in April and July 2023 respectively, to enhance communication and connections among members. "Brownsea Lounge Night" was revived on 19 January 2024 after many years of absence, with 85 members and scout leaders attending, rekindling the fellowship of Scouting within distance from the picturesque Victoria Harbour. The Lunar New Year Fellowship Dinner held on 8 March 2024 had a full house attendance. Executive committee members prepared many gifts for the lucky draw, which heightened the atmosphere to a perfect ending.

Members' Benefit

"Joyful Free Drink" sessions provide free beers and sodas every Friday evening at the Brownsea Lounge, an ideal occasion for members to enjoy the scenic nightscape of the harbour and relax with fellow Scouts and friends under some live rhythmic jazz music. Members can bring their relatives and friends along for a supplement of $30 each.

Operation

Since Hong Kong fully reopened its borders and lifted pandemic restrictions in early 2023, the tourism and hotel industry has seen notable improvement. The Hong Kong Tourism Board anticipates around 46 million visitors to the city in 2024, a 35% increase from the previous year. BPIH has remained responsive to market dynamics, adopting a proactive approach to adapt its operational strategies accordingly. Furthermore, its advantageous proximity to the Hong Kong section of the High-Speed rail has created new opportunities. As a result, BPIH has maintained a trajectory of consistent growth in occupancy rates throughout 2023, reflecting its stable performance amid evolving market conditions.

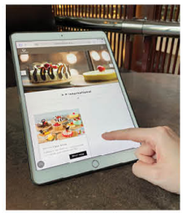

Accommodation and Facilities

BPIH actively fosters relationships with clients from local, mainland, and international markets, utilizing various sales methods and strengthening its online presence. BPIH also remains committed to serving the local market by offering a range of long-term accommodation options tailored for local customers. In recognition of its outstanding efforts and exceptional services, BPIH received multiple awards in 2023, including the “2023 Meituan Annual Excellence Service Hotel”, “Agoda Gold Circle Award 2023” and Trip.com’s “2023 Top Producing Hotel Award”.

Cafe by the Park and Flamingo Lounge debuted new themed dining options and online services, featuring specialty cake orders and exclusive festive offers. In October 2023, BPIH's website was fully updated with optimized layouts for smoother browsing. Additionally, new EV Charging stations were installed in July 2023 to meet the growing demand for electric vehicle charging. The optimization of lighting in the Gordon Wu Hall was completed in early 2024.

Community Services

BPIH demonstrates dedication to environmental stewardship by joining the annual "Earth Hour" event in March and implementing energy-saving practices from June to September in line with Hong Kong's "Energy Saving Charter" program. Additionally, in collaboration with The Friends of Scouting, BPIH nurtures young talent through tailored programs like tours, internships, and mentorships, providing valuable industry insights and practical experience to facilitate career advancement.

Looking Ahead

In the post-pandemic period, the recovery of the tourism and hotel industry takes time and requires resilience in the face of challenges such as labour shortages and rising energy costs. BPIH anticipates ongoing challenges in 2024 but believes in driving progress through innovation. With support, particularly from the tourism and cultural initiatives of the Greater Bay Area, we're committed to capitalizing on new opportunities for sustained business growth. Looking ahead, we are laying the groundwork for the introduction of our mobile app, acknowledging its potential for enhancing customer engagement. We will also upgrade the EV charging facility to align with sustainability and improve customer satisfaction.

Independent auditor's report
To the Council of Scout Association of Hong Kong
(Incorporated under the Scout Association of Hong Kong Ordinance)

Opinion
We have audited the financial statements of Scout Association of Hong Kong (the "Association") set out on pages 4 to 54, which comprise the statement of financial position as at 31 March 2024, and the statement of income and expenditure, the statement of comprehensive income, the statement of changes in funds and reserves and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Association as at 31 March 2024, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

Basis for opinion
We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Association in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and auditor's report thereon
The Executive Committee members are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Executive Committee members for the financial statements
The Executive Committee members are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA, and for such internal control as the Executive Committee members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Executive Committee members are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Executive Committee members either intend to liquidate the Association or to cease operations or have no realistic alternative but to do so.

Independent auditor's report (continued)
To the Council of Scout Association of Hong Kong
(Incorporated under the Scout Association of Hong Kong Ordinance)

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Committee members.
- Conclude on the appropriateness of the Executive Committee members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Auditor's responsibilities for the audit of the financial statements (continued)
We communicate with the Executive Committee members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

SCOUT ASSOCIATION OF HONG KONG

NOTES TO FINANCIAL STATEMENTS (continued)

31 March 2024

2.1 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA").

2.2 BASIS OF PREPARATION

These financial statements have been prepared under the historical cost convention, except for financial assets at fair value through other comprehensive income and financial assets at fair value through profit or loss, which have been measured at fair value. These financial statements are presented in Hong Kong dollars ("HK$") and all values are rounded to the nearest thousand except when otherwise indicated.

2.3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Association has adopted the following new and revised HKFRSs, which are applicable to the Association for the first time in the current year's financial statements.

Amendments to HKAS 1 and HKFRS Practice Statement 2	*Disclosure of Accounting Policies*
Amendments to HKAS 8	*Definition of Accounting Estimates*
Amendments to HKAS 12	*Deferred Tax related to Assets and Liabilities arising from a Single Transaction*
Amendments to HKAS 12	*International Tax Reform – Pillar Two Model Rules*

Amendments to HKAS 1 and HKFRS Practice Statement 2 *Disclosure of Accounting Policies*
Amendments to HKAS 1 require entities to disclose their material accounting policy information rather than their significant accounting policies. Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. Amendments to HKFRS Practice Statement 2 *Making Materiality Judgements* provide non-mandatory guidance on how to apply the concept of materiality to accounting policy disclosures. The Association has disclosed the material accounting policy information in note 2.5 to the financial statements. The amendments did not have any impact on the measurement, recognition or presentation of any item in the Association's financial statements.

Amendments to HKAS 8 *Definition of Accounting Estimates*
Amendments to HKAS 8 clarify the distinction between changes in accounting estimates and changes in accounting policies. Accounting estimates are defined as monetary amounts in financial statements that are subject to measurement uncertainty. The amendments also clarify how entities use measurement techniques and inputs to develop accounting estimates. Since the Association's approach and policy align with the amendments, the amendments had no impact on the Association's financial statements.

2.3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

Amendments to HKAS 12 *Deferred Tax related to Assets and Liabilities arising from a Single Transaction*
Amendments to HKAS 12 narrow the scope of the initial recognition exception in HKAS 12 so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences, such as leases and decommissioning obligations. Therefore, entities are required to recognise a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability for temporary differences arising from these transactions. The amendments had no impact on the Association's financial statements.

Amendments to HKAS 12 *International Tax Reform – Pillar Two Model Rules*
Amendments to HKAS 12 introduce a mandatory temporary exception from the recognition and disclosure of deferred taxes arising from the implementation of the Pillar Two model rules published by the Organisation for Economic Co-operation and Development. The amendments also introduce disclosure requirements for the affected entities to help users of the financial statements better understand the entities' exposure to Pillar Two income taxes, including the disclosure of current tax related to Pillar Two income taxes separately in the periods when Pillar Two legislation is effective and the disclosure of known or reasonably estimable information of their exposure to Pillar Two income taxes in periods in which the legislation is enacted or substantively enacted but not yet in effect. The Association has applied the amendments retrospectively. Since the Association did not fall within the scope of the Pillar Two model rules, the amendments did not have any impact to the Association.

2.4 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Association has not early applied any of the revised HKFRSs that have been issued but are not yet effective for the accounting year ended 31 March 2024 in these financial statements. Among these HKFRSs, the following are expected to be relevant to the Association's financial statements upon becoming effective:

Amendments to HKAS 1	*Classification of Liabilities as Current or Non-current* (the "2020 Amendments") [1,3]
Amendments to HKAS 1	*Non-current Liabilities with Covenants* (the "2022 Amendments") [1]
Amendments to HKAS 21	*Lack of Exchangeability*[2]

[1] Effective for annual periods beginning on or after 1 January 2024
[2] Effective for annual periods beginning on or after 1 January 2025
[3] As a consequence of the 2020 Amendments and 2022 Amendments, Hong Kong Interpretation 5 *Presentation of Financial Statements - Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause* was revised to align the corresponding wording with no change in conclusion

The 2020 Amendments clarify the requirements for classifying liabilities as current or non-current, including what is meant by a right to defer settlement and that a right to defer must exist at the end of the reporting period. Classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement. The amendments also clarify that a liability can be settled in its own equity instruments, and that only if a conversion option in a convertible liability is itself accounted for as an equity instrument would the terms of a liability not impact its classification. The 2022 Amendments further clarify that, among covenants of a liability arising from a loan arrangement, only those with which an entity must comply on or before the reporting date affect the classification of that liability as current or non-current. Additional disclosures are required for non-current liabilities that are subject to the entity complying with future covenants within 12 months after the reporting period. The amendments shall be applied retrospectively with early application permitted. An entity that applies the 2020 Amendments early is required to apply simultaneously the 2022 Amendments, and vice versa. The Association is currently assessing the impact of the amendments and whether existing loan agreements may require revision. Based on a preliminary assessment, the amendments are not expected to have any significant impact on the Association's financial statements.

Amendments to HKAS 21 specify how an entity shall assess whether a currency is exchangeable into another currency and how it shall estimate a spot exchange rate at a measurement date when exchangeability is lacking. The amendments require disclosures of information that enable users of financial statements to understand the impact of a currency not being exchangeable. Earlier application is permitted. When applying the amendments, an entity cannot restate comparative information. Any cumulative effect of initially applying the amendments shall be recognized as an adjustment to the opening balance of retained profits or to the cumulative amount of translation differences accumulated in a separate component of equity, where appropriate, at the date of initial application. The amendments are not expected to have any significant impact on the Association's financial statements.

2.5 MATERIAL ACCOUNTING POLICIES

Fair value measurement
The Association measures its financial assets at fair value through profit or loss, equity investments designated at fair value through other comprehensive income at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities
Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Association determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Related parties
A party is considered to be related to the Association if:

(a) the party is a person or close member of that person's family and that person
(i) has control or joint control over the Association;
(ii) has significant influence over the Association; or
(iii) is a member of the key management personnel of the Association;
or

(b) the party is an entity where any of the following conditions applies:
(i) the entity and the Association are members of the same group;
(ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
(iii) the entity and the Association are joint ventures of the same third party;
(iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
(v) the entity is a post-employment benefit plan for the benefit of employees of either the Association or an entity related to the Association;
(vi) the entity is controlled or jointly controlled by a person identified in (a);
(vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
(viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Association.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Property, plant and equipment and depreciation
Items of property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to income and expenditure in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Association recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Owned assets	
Buildings	50 years
Leasehold improvements	Over the shorter of the lease terms and 8 years
Machinery, motor vehicles, furniture, fixtures and computer equipment	3 years to 15 years
Programme and training equipment	4 years
Right-of-use assets	
Leasehold land	Over the lease terms
Other properties leased for own use	Over the lease terms

The gain or loss on disposal of items of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset and is recognised in income and expenditure.

The assets' residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in income and expenditure in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Impairment of non-financial assets
The Association assesses at the end of each reporting period whether there is an indication that a non-financial asset may be impaired. If such an indication exists, the Association makes an estimate of the asset's recoverable amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the assets. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e., a cash-generating unit).

An impairment loss is recognised in income and expenditure whenever the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. The impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. A reversal of the impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. The reversal of the impairment loss is credited to income and expenditure in the year in which it arises.

Leases
Lessee
A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to obtain substantially all of the economic benefits from use of the identified asset and the right to direct the use of the identified asset. All leases with a term of more than 12 months are recognised as assets representing the right of use of the underlying asset and liabilities representing the obligation to make lease payments, unless the underlying asset is of low value. Both the assets and the liabilities are initially measured on a present value basis. Right-of-use assets are recognised under property, plant and equipment and are measured at cost less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of the lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the shorter of the useful lives of the assets and the lease terms. Lease liabilities are initially measured at the present value of lease payments to be made under the lease terms and subsequently adjusted by the effect of the interest on and the settlement of the lease liabilities, and the re-measurement arising from any reassessment of the lease liabilities or lease modifications.

Lessor
Where the Association is the lessor, assets leased by the Association are included in non-current assets, and rentals receivable are credited to income and expenditure on the straight-line basis over the lease terms.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Financial assets (continued)
(c) Derecognition
Financial assets are derecognised when the rights to receive cash flows from the assets have expired; or where the Association has transferred its contractual rights to receive the cash flows of the financial assets and has transferred substantially all the risks and rewards of ownership; or where control is not retained.

Financial liabilities
Financial liabilities include lease liabilities, trade payables, other payables, accruals and amounts due to related parties. They are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, they are subsequently measured at amortised cost using the effective interest rate method.

Financial liabilities are derecognised when they are extinguished, i.e., when the obligation is discharged or cancelled, or expires.

Offsetting of financial instruments
Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Inventories
Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

Cash and cash equivalents
Cash and cash equivalents in the statement of financial position comprise cash on hand and at banks, and short-term highly liquid deposits with a maturity of generally within three months that are readily convertible into known amounts of cash, subject to an insignificant risk of changes in value and held for the purpose of meeting short-term cash commitments.

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash on hand and at banks, and short-term deposits, as defined above, less bank overdrafts which are repayable on demand and form an integral part of the Association's cash management.

Provisions
A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in income and expenditure.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Financial assets
Trade receivables that do not contain a significant financial component or for which the Association has applied the practical expedient of not adjusting the effect of a significant financial component are measured at the transaction price determined under HKFRS 15. All the other financial assets are initially recognised at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss. Purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace are recognised on the trade date, that is, the date that the Association commits to purchase or sell the assets.

(a) Classification and measurement
Debt instruments are measured at amortised cost using the effective interest rate method, subject to impairment if the assets are held for the collection of contractual cash flows where those contractual cash flows represent solely payments of principal and interest.

Debt instruments that do not meet the criteria for amortised cost or as financial assets at fair value through other comprehensive income are measured at fair value through profit or loss. Interest income for these financial assets is included in finance income.

Equity investments are measured at fair value through profit or loss unless, on initial recognition, the Association has irrevocably elected to designate such investments that are not held for trading as equity investments at fair value through other comprehensive income. Dividends of such investments are recognised in profit or loss when the Association's right to receive payment is established. Changes in the fair value of such investments are recognised in other comprehensive income and are never recycled to profit or loss even when the assets are sold.

(b) Impairment
The Association applies the expected credit loss model on all the financial assets that are subject to impairment. For trade receivables without a significant financing component, the Association applies the simplified approach which requires impairment allowances to be measured at lifetime expected credit losses.

For other financial assets, impairment allowances are recognised under the general approach where expected credit losses are recognised in two stages. For credit exposures where there has not been a significant increase in credit risk since initial recognition, the Association is required to provide for credit losses that result from possible default events within the next 12 months. For those credit exposures where there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure irrespective of the timing of the default.

The Association considers that a default has occurred when a financial asset is more than 90 days past due unless the Association has reasonable and supportable information to demonstrate that a more appropriate default criterion should be applied.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Income tax
Income tax comprises current and deferred tax. Income tax relating to items recognised outside income and expenditure is recognised outside income and expenditure, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Association operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

(a) when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences; and

(b) in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

(a) when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences; and

(b) in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Income tax (continued)
Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Association has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Revenue recognition
Revenue from contracts with customers

Revenue from contracts with customers is recognised when the control of goods or services is transferred to the customers, at an amount that reflects the consideration to which the Association expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Association will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer with a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Association and the customer at contract inception. When the contract contains a financing component which provides the Association with a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Revenue recognition (continued)
Revenue from contracts with customers (continued)

(a) Hostel room and hall revenue
Revenue from hostel room and hall is recognised when the services have been rendered. Hostel room and hall revenue are recognised over the stay of customers within the hostel and usage of the hall, respectively. The Association receives deposits from customers when the reservation is made. The deposits received from the contracts prior to meeting the criteria for revenue recognition are recognised as contract liabilities. Prices invoiced to the customers are representative of their stand-alone selling prices.

(b) Sale of merchandise, food and beverages
Revenue from the sale of merchandise, food and beverages is recognised at the point in time when the control of the assets is transferred to the customer, generally when the customer takes possession of and accepts the merchandise, food and beverages.

(c) Others
Revenue from the rendering of services is recognised when the services have been rendered.

Revenue from other sources
Subventions and donations are recognised when there is a reasonable assurance that the Association will comply with all conditions attaching to it and that the subventions and donations will be received.

License income is recognised on a time proportion basis over the lease terms.

Income from fund raising activities is recognised when the events are completed.

Other income
Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

Dividend income is recognised when the shareholders' right to receive payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Association and the amount of the dividend can be measured reliably.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Contract liabilities
A contract liability is the obligation to transfer goods or services to a customer for which the Association has received consideration (or an amount of consideration that is due) from the customer. If a customer pays the consideration before the Association transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Association performs under the contract.

Foreign currency transactions
Transactions in foreign currencies are translated into the functional currency of the Association using the exchange rates prevailing at the dates of the transactions. Exchange differences arising from the settlement of such transactions and from the retranslation at the year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in income and expenditure.

Employee benefits
The Association pays contributions to a defined contribution retirement scheme and a mandatory provident fund scheme ("MPF scheme") in Hong Kong. The assets of the schemes are held in separate trustee administered funds. The defined contribution retirement scheme and MPF scheme are funded by payments from employees and the Association. The Association's contributions to the defined contribution retirement scheme and MPF scheme are based on a fixed percentage of the employees' basic salary.

The Association has no further payment obligations once the contributions have been paid. The contributions are recognised as an employee benefit expense when they are due and, for the defined contribution retirement scheme, are reduced by contributions forfeited by those employees who leave the defined contribution retirement scheme prior to vesting fully in the contributions. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Designated funds

The Tai Tam Scout Centre Development Fund is represented by funds available for development of the Tai Tam Scout Centre.

(v) Wong Fuk Hong Memorial Fund
The Wong Fuk Hong Memorial Fund is represented by funds available for the development of the Scout Movement in the HKSAR.

Replacement reserve
The Replacement reserve is to provide for future capital expenditure relating to B P International House. The provision for the current year is HK$25,000,000 (2023: HK$25,000,000) which has been approved by the Board of Management of B P International House. If capital expenditure from this reserve is capitalised as property, plant and equipment, an equal amount will be transferred out of this reserve into the Replacement amortisation reserve.

Replacement amortisation reserve
The Replacement amortisation reserve is represented by the net book value of property, plant and equipment funded by the Replacement reserve. Transfers from the Replacement reserve represent additions of HK$4,770,000 (2023: HK$2,792,000) during the year. Transfers to the Accumulated fund represent the corresponding depreciation charged for the year.

The gains or losses arising from the disposal of property, plant and equipment are credited/(charged) to income and expenditure. The net book value of the disposed assets is transferred from the Accumulated fund to the Replacement amortisation reserve.

Sinking fund
The Sinking fund is represented by funds provided for future redevelopment of the Hong Kong Scout Centre building of the Association. The provision for the current year is HK$19,000,000 (2023: HK$19,000,000).

3. SIGNIFICANT ACCOUNTING JUDGEMENTS

Judgements
In the process of applying the Association's accounting policies, management has made the following judgements apart from those involving estimations which have the most significant effect on the amounts recognised in the financial statements.

Income taxes
Significant judgements on the future tax treatment of certain transactions are required in determining income tax provisions. The Association carefully evaluates tax implications of transactions and tax provisions are recorded accordingly. The tax treatment of such transactions is reconsidered periodically to take into account all changes in tax legislation.

9. PROPERTY, PLANT AND EQUIPMENT (continued)

Notes:

(a) The Association's right of use of leasehold land represents prepaid lease payments. The leasehold land, together with the owned buildings, is held for own use.

Leasehold land includes a piece of land owned by the Association which was bequeathed by the late Mr. Wong Fuk Hong and is held under a medium-term lease and situated at Lot 3934 RP, 3936, 4679 and 4680 RP in Demarcation District No. 51 in Fanling, the New Territories. It is stated at a nominal value of HK$4 in the financial statements.

Leasehold land also includes the following parcels of land which were donated to the Association in previous years for no consideration. They are stated at a nominal value of HK$1 in the financial statements.

Location of leasehold land	Lease period
1. Inland Lot No. 8961, North Point, Hong Kong	Up to year 2024
2. Lot No. 131 in DD 60, Au Tau, Yuen Long, New Territories	Up to year 2024
3. Tai Po Town Lot No. 190, Tai Po, New Territories	Up to year 2025
4. New Kowloon Inland Lot No. 6530, Kowloon Tong, Kowloon	Up to year 2026

11. Rural Building Lot No. 873, Tai Tam, Hong Kong	Up to year 2060

(b) The Association holds several buildings and is the registered owner of these property interests, including the whole or part of undivided share in the underlying land. Lump sum payments were made upfront to acquire these property interests from their previous registered owners, and there are no ongoing payments to be made under the terms of the land lease, other than payments based on rateable values set by the relevant government authorities. These payments vary from time to time and are payable to the relevant government authorities.

(c) The Association leases certain of its offices and centres through tenancy agreements. Leases for these assets are negotiated for terms of three years with extension options. All the lease payments are fixed and are usually reviewed every 3 years to reflect market rentals.

(d) At 31 March 2024, the Association had right-of-used assets, including leasehold land and other properties leased for own use, with an aggregate carrying amount of HK$14,361,000 (2023: HK$17,033,000).

Financial assets included in current assets		(361,209)	(192,925)
Financial assets included in non-current assets		511,421	503,537

Notes:

(i) The above equity investments were irrevocably designated at fair value through other comprehensive income as the Association considers these investments to be strategic in nature.

(ii) The unlisted funds were made with creditworthy licensed corporation and foundation. During the year, the Association entered into an agreement with The World Scout Foundation, a related party of the Association, to invest in the fund managed by The World Scout Foundation. The Association also invested in the fund managed by a licensed corporation. The above unlisted funds were mandatorily classified as financial assets at fair value through profit or loss as their contractual cash flows are not solely payments of principal and interest.

(iii) The Association appointed a licensed corporation as an investment manager to invest on behalf of the Association, in order to preserve the Association's capital and seek for a steady and stable return in the long run. The above equity and debt investments were mandatory classified as financial assets at fair value through profit or loss as the investment manager will monitor the market condition and adjust the investment strategy of the equity and debt investments, when necessary.

10. OTHER FINANCIAL ASSETS (Continued)

Notes: (Continued)

(iv) The above listed debt investments were classified as financial assets at amortised cost as their contractual cash flows are solely payments of principal and interest.

Impairment assessment of debt investments at amortised cost

As at 31 March 2024, none of the debt investments were overdue (2023: Nil) and all the debt investments were categorised within Stage 1 for the measurement of expected credit losses. The debt instruments are bonds issued by corporations that are graded as investment grade among rating agencies, therefore the loss allowance for the impairment of these debt investments was considered to be not significant to the Association during the years ended 31 March 2024 and 2023.

11. INVENTORIES

	2024 HK$'000	2023 HK$'000
Food and beverages	993	733

Deposits		673	6,829
Prepayments		5,512	13,851
Total		38,529	62,005

The credit period granted by the Association is generally within one month. The Association seeks to maintain strict control over its outstanding receivables and has a credit control department to minimise the credit risk and overdue balances are reviewed regularly. Trade receivables are non-interest-bearing.

SCOUT ASSOCIATION OF HONG KONG

NOTES TO FINANCIAL STATEMENTS (continued)

31 March 2024

12. RECEIVABLES, DEPOSITS AND PREPAYMENTS (Continued)

Notes:

(i) The Association's customers normally settle their bills in a timely manner and the Association's trade receivables as at the end of the reporting period aged less than three months. As such, the Association's exposure to credit risk is insignificant and management of the Association was of the opinion that the expected credit losses of these trade receivables are minimal.

(ii) The carrying amounts of other receivables approximated to their fair values as at 31 March 2024 and 2023. Their recoverability was assessed with reference to the credit status of the debtors, and the expected credit loss as at 31 March 2024 and 2023 is considered to be minimal.

(iii) Other receivables include the net balances of HK$10,906,000 (2023: HK$996,000) and HK$1,504,000 (2023: HK$12,298,000) for capital redevelopment of Tai Tam Scout Centre and Pak Sha Wan Tam Wah Ching Sea Activity Centre respectively. During the year, donation received from The Hong Kong Jockey Club Charities Trust for these two projects were HK$4,950,000 (2023: HK$3,752,000) and HK$26,247,000 (2023: HK$868,000).

13. AMOUNTS DUE FROM/TO RELATED PARTIES

Related parties represent other Scout Units, mainly the Friends of Scouting, Commissioners' Club, the Baden-Powell Scout Club of Hong Kong, Education Centre, Asia-Pacific Regional Scout Foundation, Scout Districts and Scout Groups.

The balance due from/to related parties are unsecured, interest-free and recoverable/repayable on demand.

21. FINANCIAL INSTRUMENTS BY CATEGORY

Except for equity investments which are categorised as financial assets at fair value through other comprehensive income and financial assets at fair value through profit and loss, the financial assets of the Association comprise debt investments, trade and other receivables, deposits, amounts due from related parties and cash and bank balances which are categorised as financial assets at amortised cost. The carrying amounts of these financial assets are the amounts shown in the statement of financial position or notes to the financial statements.

The financial liabilities of the Association comprise trade and other payables, contract liabilities, lease liability, and amounts due to related parties which are categorised as financial liabilities at amortised cost. The carrying amounts of these financial liabilities are the amounts shown in the statement of financial position or notes to the financial statements.

22. FAIR VALUE HIERARCHY OF FINANCIAL ASSETS AND LIABILITIES

Fair value hierarchy

The following tables illustrate the fair value measurement hierarchy of the Association's financial instruments as at 31 March 2024 and 2023:

As at 31 March 2024

Total	255,024	113,862	-	368,886

There have been no transfers between Level 1 and Level 2 during the year (2023: Nil). The fair values of listed equity investments in Hong Kong are derived from quoted prices in active markets.

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main risks arising from the Association's financial instruments are foreign currency risk, credit risk and liquidity risk. The Executive Committee members review and agree policies for managing such risk and it is summarised below.

Foreign currency risk

In the opinion of the Executive Committee, the Hong Kong dollar to United States dollar exchange rate is reasonably stable under the Linked Exchange Rate System. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies and, therefore, the Association considers the risk of movements in exchange rates between the Hong Kong dollar and the United States dollar to be insignificant. In respect of balances denominated in Renminbi, the Association ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary to address short-term imbalances.

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Foreign currency risk (continued)

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in RMB exchange rate, with all other variables held constant, of the Association's surplus for the year and total funds (due to changes in the fair values of monetary assets and liabilities).

	Increase/ (decrease) in RMB rate %	Increase/ (decrease) in surplus and total fund HK$'000
2024		
If the Hong Kong dollar weakens against the RMB	5	368
If the Hong Kong dollar strengthen against the RMB	(5)	(368)
2023		
If the Hong Kong dollar weakens against the RMB	5	5,681
If the Hong Kong dollar strengthen against the RMB	(5)	(5,681)

Equity price risk

The Association's equity investments are listed on the Stock Exchange of Hong Kong and have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations. The portfolio is diversified in terms of industry distribution, in accordance with the limits set by the Association.

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Equity price risk (continued)

The following table demonstrates the sensitivity to every 5% change in the fair values of the equity investments, with all other variables held constant and before any impact on tax, based on their carrying amounts at the end of the reporting period. For the purpose of this analysis, for the equity investments at fair value through other comprehensive income, the impact is deemed to be on the investment revaluation reserve.

	Carrying amount of equity investments HK$'000	Increase/ (decrease) in profit before tax HK$'000	Increase/ (decrease) in equity HK$'000
2024			
Investments listed in:			
Hong Kong – Equity investments at fair value through other comprehensive income	59,111	-	2,956
Overseas – Equity investments at fair value through profit or loss	103,132	5,157	-
2023			
Investments listed in:			
Hong Kong – Equity investments at fair value through other comprehensive income	69,900	-	3,495
Overseas – Equity investments at fair value through profit or loss	94,670	4,734	-

Interest rate risk

The Association is exposed to fair value interest rate risk in relation to debt instruments at amortised cost and at fair value through profit or loss. The Association mitigates the risk by monitoring closely the movements in interest rates and has not used any derivative to hedge its exposure to interest rate risk.

The Association is exposed to cash flow interest rate risk through the impact of rate changes on interest bearing financial assets. Interest bearing financial assets are mainly cash and deposits at banks which are all short term in nature. Therefore, any future variations in interest rates will not have a significant impact on the results of the Association.

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Credit risk

The Association's credit risk is primarily attributable to listed debt investments, cash and bank deposits and receivables. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

Investments are normally only in liquid securities quoted on a recognised stock exchange and with counterparties that have high credit ratings.

Cash and bank deposits are placed with financial institutions with sound credit ratings to minimise credit exposure.

Maximum exposure and year-end staging as at 31 March 2024

The table below shows the credit quality and the maximum exposure to credit risk based on the Association's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 March 2024. The amounts presented are gross carrying amounts for financial assets.

	12-month expected credit losses	Lifetime expected credit losses			
	Stage 1 HK$'000	Stage 2 HK$'000	Stage 3 HK$'000	Simplified approach HK$'000	Total HK$'000
Trade receivables	-	-	-	5,111	5,111

Total	844,526	-	-	5,111	849,637

* The credit quality of the financial assets included in other receivables and financial assets measured at amortised cost in other financial assets is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be "doubtful".

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Credit risk (continued)

Maximum exposure and year-end staging as at 31 March 2023

The table below shows the credit quality and the maximum exposure to credit risk based on the Association's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 March 2023. The amounts presented are gross carrying amounts for financial assets.

	12-month expected credit losses	Lifetime expected credit losses

Cash and cash equivalent - Not yet past due	428,374	-	-	-	428,374
Total	796,146	-	-	1,750	797,896

* The credit quality of the financial assets included in other receivables and financial assets measured at amortised cost in other financial assets is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be "doubtful".

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient liquid cash. Due to the nature of the underlying operations, the Association aims to maintain flexibility in funding by keeping sufficient cash and bank balances to fulfil its commitments and current working capital requirements.

The remaining contractual maturities at the end of the reporting period of the Association's financial liabilities are within one year or on demand.

In order to manage the above liquidity demands, at 31 March 2024, cash and cash equivalents amounting to HK$360,897,000 (2023: HK$342,625,000) is considered readily realisable.

Capital management

The primary objective of the Association's capital management is to safeguard the Association's ability to continue as a going concern in order to maintain an optimal capital structure.

24. APPROVAL OF THE FINANCIAL STATEMENTS

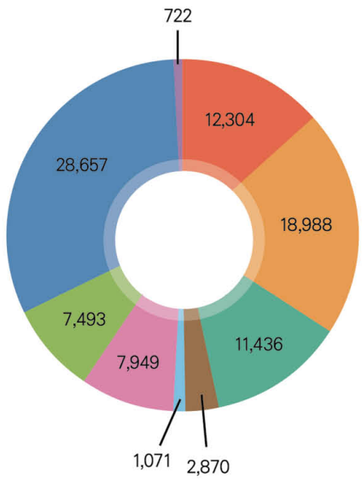

The financial statements were approved and authorised for issue by the Executive Committee members on 4 July 2024.

Brief Introduction

Scout Movement is founded in 1907 by Lord Robert Baden-Powell, known as B-P, in England. Scout activities were first brought to Hong Kong in 1909. In 1911, some British merchants and military personnel started organizing Scout Groups. Scout Movement is a voluntary non-political educational movement for young people globally. Nowadays, The World Organization of the Scout Movement is made up of more than 170 National Scout Organizations, from over 220 countries and territories, with Scout members (without distinction of race, religion, creed or gender) exceeding 50 million all over the world. Developing for over a century, Scout Association of Hong Kong is the largest local youth uniformed group.

Vision

To be the best voluntary organisation for the development of young people in Hong Kong for the betterment of our society.

Scout Promise

On my honour, I promise that I will do my best to do my duty to God and to my Country to help other people and to keep the Scout Law.

Mission

To operate an education movement for young people providing them with challenging and progressive training programmes for their physical, intellectual, social, spiritual and aesthetic development.

Values

We recognize the importance for adults to act as role models to nurture young people :

- to develop a sense of self-worth, national identity and civic responsibility ;
- to respect equality and fairness in dealings with all people ;
- to appreciate diversity and inclusion, to possess global perspectives, and to promote world peace and sustainable development.

Scout Law:

1. A Scout is to be trusted.
2. A Scout is loyal.
3. A Scout is friendly and considerate.
4. A Scout belongs to the world-wide family of Scouts.
5. A Scout has courage in all difficulties.
6. A Scout makes good use of time and is careful of possessions and property.
7. A Scout has self respect and respect for others.
