Brief Introduction

Scout Movement is founded in 1907 by Lord Robert Baden-Powell, known as B-P, in England. Scout activities were first brought to Hong Kong in 1909. In 1911, some British merchants and military personnel started organizing Scout Groups. Scout Movement is a voluntary non-political educational movement for young people globally. Nowadays, The World Organization of the Scout Movement is made up of more than 160 National Scout Organizations, from over 220 countries and territories, with Scout members (without distinction of race, religion, creed or gender) exceeding 40 million all over the world. Developing for over a century, Scout Association of Hong Kong is now the largest local youth uniformed group of about 100 thousand members.

Vision

To be the best voluntary organisation for the development of young people in Hong Kong for the betterment of our society.

Mission

To operate an education movement for young people providing them with challenging and progressive training programmes for their physical, intellectual, social, spiritual and aesthetic development.

Values

We recognize the importance of:

- individuals developing a sense of personal identity and self worth which leads to responsible citizenship;
- adults providing suitable role models for young people;
- respect for equality and fairness in dealings with all people; and
- the development of understanding between individuals towards world peace.

Chief Commissioner's Report

Cultivating young people to become good citizens has always been the core value of Scout Movement. By providing challenging and progressive programmes, we nurture the youth to become responsible persons and strive their best to contribute to the community. With years of hard work, 2018-2019 was a rewarding year with a newly completed Hong Kong Scout Centennial Building located at 23 Yat Sin Street in Wan Chai and a continuous increase in the total number of Scout members.

Support the World Vision

The first three-year short-term strategic plan was completed in late 2018. With the concerted efforts of our members, total number of Scout members reached 102,150 according to the Scout census in 2018. In order to support the World Vision, which is "By 2023 Scouting will be the world's leading educational youth movement, enabling 100 million young people to be active citizens creating positive change in their communities and in the world based on shared values", the Association has all along endeavoured to promote Scout Movement and enhance the Scout image with the objective to attract more people to join Scouting to make contribution to the community.

Our service target not only includes Hong Kong citizens, but also those young foreigners residing in Hong Kong. In October 2018, we successfully formed a Rover Scout Group for Indonesian domestic helpers, assisting them to adapt to the culture and living here by providing them with different skill training and basic knowledge in Scout meetings or other activities.

Do a Good Turn Every Day

Scout Members have always been participating in different community services and are well appreciated by the community. In the past year, apart from initiating integrated programmes for the disabilities, home visit to the elderly and some community events, we also took part in various activities organized by other organizations to show our support, such as Community Care Project, World Cleaning Day, Protection of Intellectual Property and Environmental Conservation, etc.

Annual Scout Blood Donation Day is one of our signature events. The response from Scout members and their friends and family was very encouraging. Hong Kong Red Cross presented Special Merit Award and Bronze Award of "Give Blood Alliance" to our Association for recognizing the support and efforts of Scouts.

Support for Frontline Leaders

The Occupation Permit of The Hong Kong Scout Centennial Building (our redevelopment project located in Wan Chai) was issued by the Buildings Department on 20 August 2018. Following this, Scout units started to move in and commence service. The new building has a wide range of facilities to provide better support for Scout members to engage in programme and training. The Opening Ceremony is scheduled to be held in April 2019 and will be officiated by The Hon Mrs Carrie LAM CHENG Yuet-ngor, GBM, GBS, the Chief Executive of HKSAR cum the Chief Scout of our Association. Taking this opportunity, let me express my heartfelt gratitude to Mr Anthony CHAN, the former Chief Commissioner, for his foresight on this redevelopment project.

Strengthen Communication

Success of Scouting relies significantly on effective communication among uniformed leaders, lay members and professional Scouters. To enhance internal communication, the Association headquarters organizes "Chief Commissioner Retreat" and "District Commissioners Workshop" annually. In addition, branches, regions and districts will also arrange various sharing, task force, focus groups and meetings to strengthen the communication.

Steadfast in our Faith

In the past year, I adopted a fair and pragmatic approach to listen to our stakeholders, to understand their difficulties and to address their needs and concerns. I hope that all our members would always uphold the fundamental values of Scouting. For the sake of sustainable development, we will continue to recruit more talents and join hands together to work for the youth education.

Last but not least, I would like to express my sincere gratitude to my team for their continuous support and trust all these years to work together for our commitment towards "Creating A Better World".

Scout Subsidy Schemes

The Association continues to support and encourage young people to participate in Scouting regardless of their family background or financial situation. Administration Branch, in this respect, handles the following three subsidy schemes to subsidize needy members on purchasing of uniforms and participation in training cum activities.

Samson Sun Scouting Fund	• Cumulative No. of Scouts Subsidized: 11,146 • Total Amount: $1,691,792.80
Home Affairs Bureau – Assistance Scheme operated by Uniformed Groups and The Hong Kong Award for Young People for Needy Student Members	• Cumulative No. of Scouts Subsidized: 16,817 • Total Amount: $3,567,794.00
Subsidy Scheme for Needy Youth Members' Training	• Cumulative No. of Scouts Subsidized: 1,329 • Total Amount: $222,245.00

(As at 31 March 2019)

Scout Raffle 2019

Raffle Campaign is organized annually to help Scout groups, districts, regions and other units of the Association raise funds for their training and activities. The Raffle Draw 2019 was held on 16 March 2019 at the lobby of the B P International House, with 101 lucky prize winners drawn by a team of esteemed Scouters, lay members and sponsors. For the purpose of encouraging Scout groups to participate in the Raffle Campaign, three awards namely "Best Performance Award", "Best Per Capita Performance Award" and "Best Improvement Award" were set up this year. During the Raffle Draw Ceremony, apart from receiving the aforementioned awards, the winning groups also drew out the prize winners.

Raising HK$6,410,000

Allocating back 85% of the proceeds to the selling units, their districts and regions

Total prize value HK$440,000

Staff Training

Staff are valuable assets of an organization. The Association always cares the all-round development of staff. This year, we organized the "Challenge Unlimited Executive Workshop" for managerial staff. It is a series of three modules' training which aimed at strengthening their communication skills and team collaboration. The first module was held this year. Through various interactive communicative activities, it helped unleash staff's potential and created a dynamic learning environment. In addition, a variety of pragmatic skill training programmes were also organized for non-managerial staff, one of which was the "Project Management Workshop" which enhanced their effectiveness of handling daily work. In the coming year, Personnel Branch will arrange more training workshops in order to help staff to cope with upcoming challenges.

Information Technology

Launching e-services to streamline work processes and optimize resources is one of the top priorities of the Association. IT Office has assisted different Scout units in developing and managing a range of software systems including Venue Booking System, Youth Membership Information System (YMIS), Association website reformation, Training Management System (TMS) and Scout Enrollment Management System (JOINUS). The Venue Booking System was launched in May 2018 for booking the venues at Hong Kong Scout Centre and Hong Kong Scout Centennial Building online. YMIS was also launched in November 2018 for registration of youth members, with unique Scout ID assigned to each of them for handling their Scouting related matters. Scout group leaders could also make use of this platform to manage Scout information of their youth members.

Development of Association Properties

Hong Kong Scout Centennial Building at 23 Yat Sin Street, Wanchai obtained the Occupation Permit in August 2018. Scout units, including Hong Kong Island Region, Leadership Training Institute, Aviation Training Centre, Wanchai District and AV Production Centre have started moving in and operated since March 2019.

To complement the youth programme and involvement policies of the World Organization of the Scout Movement (WOSM), Programme Branch has completed the translation of the *Youth Programme Policy* and *Youth Involvement Policy*.

Focus on Youth Development

Programme Branch encourages members to actively participate in the Scout Movement through various activities and training. In recognition of the Dragon Scout Award and Baden-Powell Award recipients, "Commendation for Dragon Scout Award and Baden-Powell Award Recipients 2018" was held in Central Government Offices, with the hope of enhancing the sense of belonging and success of the recipients while reinforcing the positive image of the Scout Movement. "Hong Kong Scout Moot (Rovers Centenary)" was held to celebrate and promote the 100th anniversary of the establishment of Rover Scout Section of the World Scout Movement. It was mainly planned by young leaders and youth members and fully embodied the spirit of "youth involvement in decision-making". To broaden the horizon of our members, "'Scouts in One World' Young Leaders Programme – Hungary Exchange Tour 2018", sponsored by Home Affairs Bureau and Committee on the Promotion of Civic Education, was organized. Participants gained valuable experience through interacting with Hungarian Scout members and young people.

We also organize territory-wide Scouting competitions to enhance the cohesiveness of members. "Hong Kong Rover Scout Trophy Competition 2018" and "Scout Regatta 2018 (Sea Scout Trophy)" were successfully held. For the first time, the Sea Scout Trophy was composed of five individual competitions, including Non-Scout Standard Boat event in order to increase the recognition of the championship.

Provide Diverse Activities

Programme Branch has also been actively cooperating with various government departments and external organizations. We co-organized "Clean shoreline, train the trainers" with the Environmental Protection Department, "Mountaineering Safety Promotion Day" with Civil Aid Service, " Grasshopper Scout, Cub Scout, Happy Bee, Brownie Guide Chinese and English Calligraphy Competition" with the Hong Kong Girl Guides Association, "Biodiversity Check@Mai Po" with the World Wildlife Fund Hong Kong, and "World Clean Up Day 2018" with Junior Chamber International Hong Kong, so as to provide a wide range of activities and training for our youth members.

Better World Framework

To effectively implement the Better World Framework concept of the WOSM, Programme Branch invited young leaders from different positions to act as coordinators to assist in the development of more efficient implementation strategies. In addition, through the "Messengers of Peace Project: International Day of Peace Celebration 2018 – Call for Projects", it is expected to encourage members and leaders to plan and participate in different meaningful activities to make contributions to the society.

Messengers of Peace

Leader Training and Wood Badge

In compliance with the development needs of Scout Movement, Wood Badge Training Scheme has been revised with effect from 1 April 2018. Under the new system, "General Information Course" emphasizes on the overview of Scouting and participation. "Basic Course" emphasizes on the unit operations and practical experience, and "Advanced Course" focuses on applying the theories into practice. Before the conferment of Wood Badge, leaders must complete two Leader Skill Courses. The Association encourages leaders to pursue continuous education and learning after completing the Wood Badge training.

During the year, the Hong Kong Training Team organized 88 Wood Badge Training Courses (1,951 participants), 45 Leader Skills Courses (799 participants), four Scoutcraft Accreditation Workshops (88 participants), 18 Scoutcraft Accreditation Examinations (29 participants), two Basic Operations Courses (60 participants), three Trainers' Basic Courses (89 participants) and one Course for Assistant Leader Trainers (30 participants). A total of 3,046 leaders enrolled for the courses, examinations and workshops. There were 145 leaders attained the Wood Badge.

Sharing Together

Gilwell Reunion was held in Tung Tsz Scout Centre on 8 September 2018, around 120 Wood Badge holders attended. Trainers' Gathering was held on 1 December 2018 at Hong Kong Scout Centre with the theme "How to apply e-learning in Leader Training" where over 170 participants attended. Social Gathering of Scoutcraft Accreditation Scheme was held on 3 March 2019 at Kam Tin Country Club under the theme "Campcraft" with around 100 attendances.

Training Resources

To provide various kinds of reference materials to Adult leaders, Training Branch published *Yesterday for Tomorrow: Salute to All Trainers of Hong Kong* and *Scout Basic Skills Handbook (6th edition)*.

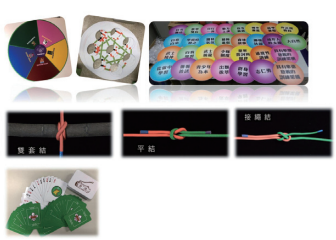

Overseas Exchanges

Over the year, Training Branch delegated Training Team members to participate in various overseas training courses. Among them, two Training Team members joined the Asia-Pacific Region (APR) Workshop on Quality Training of Adults in Singapore. Besides eight Training Team members participated in the APR Course for Leader Trainers organized by APR held in Philippines and APR Course for Assistant Leader Trainers organized by The Singapore Scout Association. At the same time, Training Branch deployed two Leader Trainers and one Leader Trainer respectively as the course staff to assist in the two aforementioned courses. In addition, a Leader Trainer has been deployed to assist in the Course for Assistant Leader Trainer organized by the General Association of the Scouts of China.

Quality Assurance of Training Courses

Training Branch has developed Quality Assurance Scheme to ensure and enhance quality of Leader Training Courses. Over the year, we completed evalutations on 92 Training Courses, six Course Visits and 225 In-Service Trainings.

Training Aids Production

The Training Aids Production Team initiated *General Information Course interactive learning materials* and Cub Scout badges playing cards. The cards can be used in training courses and activities. The team also produced training videos of *Knotting* and *Army Knife* and can be used as online learning materials.

Scouts Serves the Community

To realize the theme of "Scouts Serve the Community", Development & Adult Resources Branch continued to coordinate a series of community services to convey our concern to the needy into action. The subtheme of the year was disability inclusion. One of the highlights was "Rehab & ID Power at Ocean Park" co-organized with The Friends of Scouting in November 2018. The service attracted some 1,600 Scouts, disabled and elderly in which our Scouts accompanied the disabled and elderly to visit Ocean Park Hong Kong. Another service was the Inclusion Day Camp held in March 2019 to celebrate the Lunar New Year. The camp was attended by over 500 Scouts, disabled and carers.

Elderly Service

In the year under review, the Foundation Fund for the Aged subsidized 22 elderly services which benefited nearly 4,000 elderly. In celebration of the Mid-Autumn Festival, Development & Adult Resources Branch organized the visit to elderly singletons and cohabitants once again in September 2018. A total of 600 people paid visit to 300 residences to distribute goody bags and handmade healthy mooncakes to the seniors and expressed our love and care to them.

Happy Family Campaign

With the subsidy from Home Affairs Bureau and the Family Council, the Association arranged seven activities under the theme of Happy Family Campaign to promulgate the fundamental values of love, care and harmony family. One of the programmes was "Healthy Family" organized by Development & Adult Resources Branch in July 2018. The activity raised the health awareness of 170 Scout families by conducting basic health check and disseminating health and home safety information, thus to facilitate the relationship of those families by communication, love and care.

Scheme for Supporting School-based Scout Groups

A total of 12 Scout groups were supported by the "Scheme for Supporting School-based Scout Groups" in the past year. Short-term instructors visited these Scout groups in school hours to assist the inexperienced leaders in understanding the purpose and method of Scouting, and to provide guidance in the areas of administration, planning and organizing sectional unit meetings. The scheme was well received by the participating Scout groups and Scout districts.

Leader Recruitment

The Leader Orientation Programme was organized twice in the past year. A total of 34 people have completed a 3-month basic Scout training which included theory and practical sessions. Among them, 22 participants became frontline leaders to render services through the programme. On the other hand, the New Leaders Matching Scheme kept on introducing Scouting to potential leaders followed by the matching with Scout groups, which enabled the participants to commence their service in the Scout Movement.

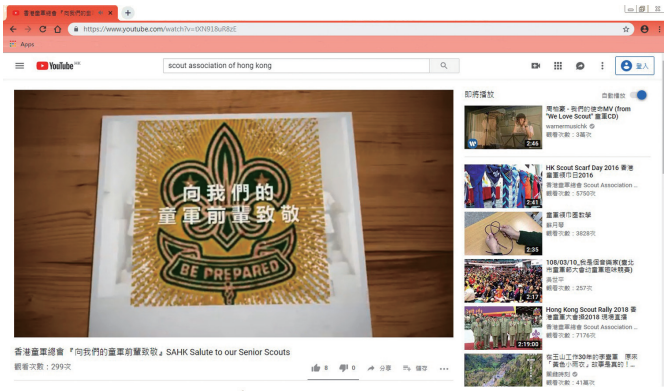

First Aid Training & Service

With an additional chapter of AED, the second edition of *First Aid Manual* was published in 2019. There were 13 First Aid Certificate Courses approved by the Commissioner of Labour and 21 First Aid Badge Training Courses for Scout Section were arranged and trained around 600 people. Furthermore, our First Aid Team continued to serve large-scale events at various levels. Among the 45 activities we have served in the year under review, the number of team members deployed were 392.

Promoting Scout Movement

Public Relations Branch uses various social platforms to promote Scout Movement and project a unique image of Hong Kong Scouting. The Association's Facebook page is the main platform for disseminating Scouting news. Promotion and highlights of local activities apart, major events and Scout conferences of World Organization of the Scout Movement (WOSM) and Asia-Pacific Region were also shared on the Facebook page. Promotional trailers and event highlights were uploaded to the Association's YouTube channel while videos with different themes were produced. Particularly, the "Salute to Old Scouters" video series was well received. Some of the old Scouters were invited to share their Scouting lives which was a new way to introduce Hong Kong Scouting to the public. Moreover, different souvenirs, e.g. coin bags and masking tapes, were produced to help promote the Scout image and recruit more young people to join the Scout family.

Scouting Be With You

Responding to WOSM and Asia-Pacific Regional Scout Committee's "Vision in 2023" and the short-/mid-/long-term strategic plan of the Association, Public Relations Branch launched a new Theme of the Year "Scouting Be With You -- Join Scouts, expand the horizon" in 2018-2019 to expand membership, enhance Scout image and strengthen cohesion among members in particular. Scout members participated in the "Enhance Scout Image Action" and designed theme-related promotional materials, while Scout units were encouraged to organize theme-related activities for youth members, former Scouters and the public. By the end of March 2019, over 23,200 people had joined various theme-related events.

Scout of The Year

Scout of The Year Selection was held annually since 1987 to give recognition to outstanding Scouts who set examples to their fellow youth members. In 2018, eight Scout members were selected as Scout of the Year, making a total of 190 in 32 years. Apart from excellent performances in schools and Scout training, the Scouts of the Year also took part in social services and joined Scout of the Year Association (SOYA) to contribute to Scout Movement and society. The 9th Annual Meeting of SOYA was held on 26 May 2018 where members of the executive committee were elected.

Hong Kong Scout Band

Since its establishment in 1967, Hong Kong Scout Band has strengthened itself into a 100-Member Band comprising a brass band and a pipe band. On 23 February 2019, the Scout Band organized "Founder's Day Scout Musical Rally" at Kowloon Park. Hong Kong Island Region Scout Band and New Territories Region Scout Band cum 21st Islands Group Band were also invited to join, together they performed various famous melodies and classical Scout songs. The Musical Rally attracted a lot of audience and showed the diversity of Scout activities to the public. Besides Scouting events, the Scout Band also participated in musical performances hosted by other parties, e.g. "Hong Kong Sevens" held on 7 April 2018 and a joint concert with The Scout Association of Macau Scout Band and Zhongshan Wind Orchestra on 12-13 May 2018. On the other hand, different interest classes, including saxophone class and bagpipe class, were organized to provide ongoing musical training to Scout members.

International Branch as always links up with other National Scout Organizations around the world. In the year under review, we sent different delegations with about 1,800 Scouts to 27 countries and regions to take part in various Jamborees, workshops and other training programmes while received some 600 Scouts from 15 countries and regions.

26th APR Scout Conference cum 9th APR Scout Youth Forum

On 15-20 October 2018, we organized a 26-member delegation to attend the 26th APR Scout Conference held in Manila, Philippines. Over 600 representatives from 26 National Scout Organizations (NSOs) attended. The theme of the Conference was "Growth and Stability". Scouting was linked to Sustainable Development Goals (SDGs) with the objective to improve issues of poverty, violence and inequality.

Youth involvement is significant in creating a better world. Nine of our Scout members attended the 9th APR Scout Youth Forum on 9-12 October 2018 which was also held in Philippines. In response to the same theme of the Conference, our youth members, together with more than 120 youth representatives from other NSOs, made recommendations on "Youth Engagement", "Impact of Scouting in Young People" and "SDGs in Scouting" for the Conference's consideration.

Besides, Mr TAM Ho-king, Venture Scout of 40th Tuen Mun East Group, won the First Runner-up of APR Award for Outstanding Scouts during the Conference. Mr Edwin CHOW Yik-man, Assistant Headquarters Scouter of Programme Branch was elected from the Youth Forum as a member of APR Young Adult Member Group. It is hoped that these two youth members not only serve as a role model but would also voice for the youth members in future.

Messenger of Peace Hero

World Organization of the Scout Movement (WOSM) established the Messengers of Peace Heroes Award to recognize distinguished Scouts, aged between 16 and 26, making significant contributions towards promotion of peace. Miss Helen FUNG Hiu-lam, Rover Scout of 242nd Hong Kong Group and Scout of the Year in 2017, was honoured with the Award at a ceremony at United Nations Headquarters in New York during the International Peace Day on 21 September 2018. Being the then Chairlady of the 5th Rover Scout Council, Helen led a team of Rover Scouts to implement a project for South Asian youth came from families with financial difficulties, assisting them to adapt to the society, as well as to experience Scouting and learn valuable life skills.

61st Jamboree-On-The-Air (JOTA) cum 22nd Jamboree-On-The-Internet (JOTI)

"Jamboree-On-The-Air-Jamboree-On-The-Internet" ("JOTA-JOTI") is an annual international event hosted by WOSM for Scouts around the world to develop mutual understanding on each other's culture despite of the geographical barriers. In 2018, the event was organized on 20-21 October. It was themed "Life on Land" which aimed at encouraging Scout members by using communications technologies to explore the importance of terrestrial ecological conservation to exchange ideas on environmental protection. It was the first time we organized the event in a non-Scout venue, HKTA YYI Chan Lui Chung Tak Memorial School, to give the youth a fresh feeling.

Overseas Activities Reunion

With the aim of providing a platform for the Scout members who joined overseas activities in the past summer to share their experiences as well as to express our gratitude to Contingent Leaders and involved Scout leaders, the Overseas Activities Reunion was firstly organized by International Branch on 22 December 2018. Among all the contingents' sharing, the 5th Korea International Patrol Jamboree's presentation was the most exquisite, thus would be uploaded on the Association's Facebook page. In the future, we will strengthen promotion so as to attract more youth members to participate in various international activities, thus broaden their horizons.

In the year under review, over 1,000 members visited different Mainland provinces to carry out service projects and cultural exchange activities, including two main events – "10,000 Miles Friendship Trek 2018" and a series of "Into the Greater Bay Area" Tour. In the same period, 300 Mainland youths and representatives of youth units were received.

10,000 Miles Friendship Trek 2018

Introduced since Year 2002, "10,000 Miles Friendship Trek" enables participants to enhance the knowledge of our homeland. A joint delegation of over 200 members coming from our Association and other 13 local Youth Uniformed Groups travelled to Foshan, Guilin, Kaili and Guiyang from 21 to 29 July 2018 to explore Lingnan Culture and Technology Development, as well as to exchange with local youth. Both the world's largest filled-aperture radio telescope – "FAST", nicknamed "The Eye of Heaven", located in Pingtang and the advanced of Big Data Base in Guiyang widened participants' horizon. This year's "Youth Meet under the National flag" distinguished itself from previous years' as it was the first time our delegates not only be the audience of the flag-raising ceremony, but also formed a flag-raising team with Mainland youth.

Into the Greater Bay Area – Zhuhai, Shenzhen and Huizhou Tour

As a continuation of the "Into the Greater Bay Area" series, Mainland Affairs Branch has arranged visits to Zhuhai, Shenzhen and Huizhou respectively for over 100 members since May 2018. Through visiting Mainland enterprises and large-scale infrastructures, as well as participating in exchange programmes with local youth federations, participants learnt advanced technology in Shenzhen, environmental protection technology in Huizhou, and opportunities brought by the Hong Kong-Zhuhai-Macao Bridge and Guangzhou-Shenzhen-Hong Kong Express Rail Link to the surrounding towns. It was worth to mention that our Association was the first Uniform Group to visit the Hong Kong-Zhuhai-Macao Bridge before its official opening. We will continue to organize similar tours to enable members to grasp the development concept of the Greater Bay Area.

Mainland Affairs Ambassador Training Project

Mainland Affairs Branch carried out "Mainland Affairs Ambassador Training Project" in August 2018 to recruit potential leaders and nurture talents. Through fruitful sharing, Scoutcrafts refreshing and applied learning activities, senior leaders' experiences in organizing Mainland exchange activities were passed onto the newly joined Scout Leaders and "Ambassadors". "Into the Greater Bay Area – Zhuhai Tour" was their practical demonstration of how to put theory into practice. The accumulated experience gained from this final project not only strengthened their personal development, their feedback could also help to enhance and energize the Branch's future events to better meet the needs of our youth.

Sichuan Train the Trainers Service Project

To sustain the goal of "Sichuan Youth Quality Training Project" and deepen the development of youth activities between Hong Kong and Sichuan, the Association continued to support the Mianyang and the Deyang Youth Federation to promote youth development work in 2018. Our Service Team organized a workshop from 1 to 5 May 2018 in Sichuan for 32 volunteers from Deyang City Youth and Children Palace and 30 volunteers from Mianyang City Youth Activities Centre, teaching them the skills of conducting activities and trainings. Among them, 16 well-performed candidates were recommended to come to Hong Kong to receive training on leading adventure activities which was the Hong Kong's Qualifications Framework level 3 "Certificate in Adventure Education: Principles and Application Course" conducted from 19 to 24 August 2018 at Wong Siu Sang Leadership Training Centre. All participants expressed that they were benefited a lot and enabled them to help more people in need in Sichuan.

Regions

Celebrating the 50th Anniversary

2018 has been a very meaningful year for the Hong Kong Island Region (HKIR). The Region not only organized a series of 50th anniversary celebratory activities but also relocated its Regional Headquarters office back to Hong Kong Scout Centennial Building at Wan Chai.

"The Island Scout Golden Jubilee Tattoo cum Island Scout Golden Jubilee Day" was successfully held at SummerFest @ Central Harbourfront. The theme of the event was "Celebrating the Achievements of the 50 Years, Inheritance of Youth and Creating the Future", which echoed to the "Waste Reduction Campaign" of the Environmental Protection Department and promoted the idea of "Waste Reduction" through different kind of activities. The event has successfully promoted the Scout Movement to the public and attracted over 11,000 participants.

Environmental Protection and Social Services

The Region has actively cooperated with other organizations in promoting environmental protection and community services in the past year. We have organized a large-scale community service project at Peng Chau and a series of workshops and seminars. Over the year, 8,249 HKIR Scout members participated in more than 397 social service projects, with a total service hours of 70,603 hours.

Quality Training for Leaders

In the past year, the Training Department of the Region organized 29 training courses and workshops. A total of 785 leaders participated in these training opportunities. On the other hand, 24 Scout leaders attained the Wood Badges. The Region appreciates the selfless dedication of the training team members, with their serious attitude on training standard together with the care and sympathy approach toward the trainees, the level of standard on leader training has been maintained.

Expanding the Scout Movement through Youth Participation

In 2018, the total number of members in Hong Kong Island Region was 12,206. To achieve the developmental goals on recruitment and retention of members of the Scout Association of Hong Kong, the Region has promoted the Scout Movement through different channels. For instance, we piloted a scheme to encourage former members to join the Scout Movement again. With the establishment of the Venture Scout Council and the Rover Scout Council, the Region has invited youth members and young leaders to join as members of the Regional Executive Committee and its Sub-Committees. A total of 112 events, training courses and competitions were held and attended by 17,216 participants. In this year, we have a good number of youth members attained the highest awards in their respective sections, including 186 Golden Bauhinia Awardees, 24 Chief Scout's Awardees, 20 Dragon Scout Awardees, and one Baden-Powell Awardee.

Campsite Development Plans and Initiatives

The enhancement projects at the Tai Tam Scout Centre have been successfully completed. The opening of a new Challenge Rope Course and the Tai Tam Corner were well received by campers. The Centre is striving for the accreditation by World Organization of the Scout Movement as a Scout Centre of Excellence for Nature and Environment (SCENES) Centre. Besides, the Centre has also devised plans to upgrade its campfire circle and establish a Gilwell Corner, a Spiritual Corner, and a Clockface Orienteering site. There were 43,736 people using the Tai Tam Scout Centre in the past year, and the utilization rate was close to 100%.

Coming Home

The Region Headquarters has relocated back to Wan Chai. In the upcoming years, the Region will carry out a series of creative activities and training with the theme of "Come Home" at the Hong Kong Scout Centennial Building to encourage HKIR members to visit the new Regional Headquarters to feel and regain the lively atmosphere of the past.

Beyond 50th Anniversary

The Region held a series of activities to celebrate its 50th anniversary in 2018. To make it more special and memorable, the Regional staff overcame challenges and organized different kinds of activities last year, at the same time, mutual understanding and sense of brotherhood among them have been enhanced, which lay down the foundation of development in the future.

Diversified Programmes

Wide variety of activities and events were held in Hong Kong, Mainland China and overseas countries. Local events included Sports Day cum Fun Day, Talent & Music Show, and the Regional Jamboree; Mainland events included Sichuan Service & Exchange Programme, and Adventure Exploration in Guang Xi; Overseas event included the Backpack Trip in Switzerland which was subvented by Exchange Programme of Home Affairs Bureau. The success of the above activities and events were resulted from the team spirit and hard work of the Region.

Help and Serve

"Service Day" is the signature annual event of the Region. A force of some 667 volunteers from nine districts including some extension Scouts served the community by its own way simultaneously at different areas. The services included visiting the elderly, organizing interactive games, performing drama, preparing festival food and party activities, serving 1,418 people.

Region's Statistics

As at the end of December 2018, the Region had a total of 16,154 members and 233 Scout groups with some decrements, the Region and districts have reviewed the situation and launched the retaining and recruitment scheme. This year, 4,229 participants attended 92 Scouting events, training courses and competitions. The number of Scouts achieving the highest award reached 395, including 328 Golden Bauhinia Awardees, 45 Chief Scout's Awardees, 16 Dragon Scout Awardees and six Baden-Powell Awardees. A total of 44 leaders successfully attained the Wood Badges. The overall results were satisfactory.

New Milestone

A Baden-Powell Landmark Stone was placed at the Gilwell Campsite to commemorate the Founder of the Scout Movement. The extract of the last message of Robert Stephenson Smyth Baden-Powell was engraved on the Stone, conveying the message that youth shall establish a habit of admiring the natural environment and everything. It also reminds Scouts to put "A Scout makes good use of time and is careful of possessions and property" into practice and love our Gilwell Campsite.

Diversified Learning

East Kowloon Region encourages young members to develop their strengths and potential to their fullest through participating various Regional programmes, trainings, competitions and interest groups. One of the interest groups – Aviation Activities Group held a visit to Government Flying Service (GFS), which helped to deepen participants' understanding of GFS operation and got familiar with helicopter. The Region also organized challenging activities such as Carlton Trophy Selection, Wild Walker and Regional Archery Competition 2019 to provide opportunities for Scout members to exchange ideas, enhance Scout members' leadership skills and team spirit and promote environmental awareness.

Improvement of Facilities

In order to have a better environment and provide more open space for meetings, trainings and activities in Wo Lok Office, renovation works including ceiling restoration, wall painting, power system upgrade and electric gates replacement etc. were carried out. Besides, the Region has made good use of technology by using an instant messaging programme "WhatsApp" to broadcast information such as monthly circulars and emergency announcements to speed up dissemination of messages and more convenience for Scout members.

Celebrating the 35th Anniversary of Pak Sha Wan Tam Wah Ching Sea Activity Centre

Pak Sha Wan Tam Wah Ching Sea Activity Centre (The Centre) was established in 1983 and has become one of the most important sea activity centres for Scout training and activities. To celebrate its 35th anniversary, a Fun-day which provided a series of innovative sea and land activities, was organized on 11 November 2018. Scout members and their families experienced some camp services and brand-new recreational facilities. In the evening, a traditional banquet was held and guests from different generations were invited to share their stories about the Centre with our young leaders. The Region treasurers and appreciates the selfless devotion of a group of leaders and sea activity coaches who serve the youth and support the Scout Movement continuously.

Pak Sha Wan Tam Wah Ching Sea Activity Centre

The Centre was closed for a few days because of the damage created by typhoon Mangkhut in September 2018. The Centre was able to resume normal shortly with the help of Regional Sea Activity Instructor Unit and service Scouts. Besides, with the grant by Sir David Trench Fund for Recreation (Main Fund) Non-capital Works Project, a small dragon boat, an automated external defibrillator and buoyancy aids were purchased last year. In order to increase the attractiveness of sea activities, the Centre held a Sailing Long Trip to Tai O, participants operated the Rajula, a 43-feet sailing boat, and powerboat to Tai O to enjoy the sunset. Moreover, for the first time, "Pak Sha Wan Stand Up Canoe Races 2018" was organized with satisfactory results. In future, the Centre will keep on improving its facilities to provide a better environment to campers.

NTR's 60th Anniversary — Contributing to Community

With a series of activities held to celebrate the Region's 60th anniversary, 2018 was indeed a busy and fruitful year for the New Territories Region (NTR). In order to commemorate such a milestone, the Region launched a 6-month long elderly service campaign along with various competitions and activities echoing the "Rural-Urban Integration" theme of 2018. With the support from the Yan Chai Hospital Social Services Department, members and leaders from all 11 districts served the elderly through visitations and meaningful interactions that not only attended to their needs but also deepened their understanding and interests towards Scouting during the "All-round Caring Elderly Services Project" from April to October 2018. Throughout the whole programme, over 1,100 elderly were served by our members. Both elderly and Scout members were eager to attend the Poon Choi Feast reunion in November 2018 with 60 tables signifying the longevity of both the elderly and the NTR – a perfect grand finale for such a meaningful campaign.

In the addition to elderly service campaign, "Urban-Rural Integration Culinary Competition cum Poon Choi Feast" and "Micro Movie Competition for Heritage Conservation", both highlighted the importance of conservation through innovation, were held in April and September 2018 respectively. The "Urban-Rural Integration Culinary Competition cum Poon Choi Feast" was a cooking competition held in a traditional walled village showcasing the Scout's cooking skills, while the "Micro Movie Competition for Heritage Conservation" aimed at promoting the importance on cultural conservation of historic sites by encouraging people to reflect upon the balance between the urban development and the concept of conservation. "The Closing Ceremony for 60th Anniversary Events cum Carnival" held in the Tai Tong Organic Ecopark in December 2018 marked the ending of the year-long celebrations. The peaceful ecopark was filled with a range of vibrant activities relating to Scouting such as solar engraving, amateur radio, seas activities, flight simulation, performances of police dogs and lion dance, and park orienteering which allowed both Scout members and their families to experience such exciting events.

Training Strengthened for Our Young Leaders

To have more youth involvement in our Scout development, NTR established the Rover Scout Council and the Venture Scout Council in December 2018. The Maroon Beret of Venture Scouts represents spirit of adventure while the Dark Green Beret of Rover Scouts represents braveness and loyalty. With the expectation of the active participation in initiating and planning community services programmes, the leadership skills and organization skills of the council members will be strengthened through the idea of "Learning by Doing". Furthermore, The Region formed an advisory team, coupled with experienced Training Team members, to share the Scouting experience with young leaders so as to cultivate more talented training team members.

Looking Ahead

Renovations at the NTR Headquarters will be starting soon. Besides the refurbishment of the basic facilities, the new layout with movable partitions will provide flexibility for different activities and training. To promote the idea of "Contributing to Community", NTR takes the lead to work with other regions and the Development & Adult Resources Branch to organize different services and activities to improve the image of Scouting by paying it forward to our society.

New Territories East Region

New Territories East Region (NTER) has gone through another year of success with nearly 20 major events completed. Both the increase in diversity of the activities and number of participants revealed a further boost to the development of the New Territories East Region Scout Movement.

Increasing number of Wood Badges holders and highest awardees

As at 31 December 2018, members of the Region has reached 11,695 with a total of 218 Scout groups. The Region organized 35 youth activities and 18 leader training courses with 21 leaders successfully completed the Wood Badge Training. The number of Scouts achieving the highest awards reached 273, showing an increase of 44 when compared with last year's figures. The overall results were encouraging.

Giving support to young members

Cultivating talent of youth members through training activities has always been the major focus of the Region. Trainings were provided to NTER Teams to equip them with better skills and a high morale ready for the Carlton Trophy Competition. Besides, care and support were given to the NTER candidates during the process of "Scout of the Year Selection" which resulted in four members being selected as "Scout of the Year" last year.

Goal-oriented Strategic Planning

The implementation of the Region strategic action plan was in its seventh year. Despite the presence of unpredicted factors and hindrances, most action plans for on-going projects had been rolled out with good results. The success was mainly due to the perseverance and unconditional devotion of all members.

Moving Forward with Innovation

Numerous large-scale events completed with success in 2018-2019. A first-ever Musical Performance, an entertaining yet educational show involving over 100 Scout performers, presented the vivid and realistic depiction of parents' expectation on their Scout children nowadays. The annual fundraising walk for all units of the Region was first held in Hok Tau Reservoir Family Walk trail. The change was well received by the participants as it provided a refreshing and enjoyable experience in countryside.

Expanding membership as top priority

Expansion of membership has always been the Region's highly prioritized mission. Apart from the annual "Troop Troop Camp" which provided Scout experience to Cub Scouts in advance, a new membership Scheme named as "S-Alliance Scheme" for Cub Scouts was launched. It is expected participants will be attracted to stay active in the team via continual participation of Scout events and training, and in the long run retaining and encouraging them to join the Scout Section.

To celebrate the remarkable 20th anniversary of the Region next year, a series of events including sectional competitions, NTER Dragon Boat Racing, Musical Performance, Troop Troop Camp, Movie Gala, The Old North District Office Open Day, NTER Footdrill Competition cum Carnival, Fund Raising Walk, Community Services for the Elderly, 20th Anniversary Jamboree of NTER and a band show will be organized.

Adventurous, Innovative, Faithful and Energetic are the characteristics of NTER Scouts. "Unlock Our Dream" is the theme for the Region's 20th anniversary. With this theme in mind of all NTER Scouts, the Scout Movement of the Region will soar to a new height.

Headquarters Subsidiaries

As the internal training unit of the Association, Leadership Training Institute (LTI) provides quality leadership training and adventure education to Scout leaders, professional Scouters and youth members. It also provides services to the general public so as to benefit more young people.

Accredited Learning Programmes under Hong Kong Qualifications Framework (QF) Level 3

LTI successfully passed the learning programme re-accreditation exercise of Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ) in 2018 with the validity until 28 February 2023 and will continue to conduct three QF Level 3 learning programmes, namely *Certificate in Leadership Skills*, *Certificate in Expedition Skills* and *Certificate in Adventure Education: Principles and Application*. In 2018-2019, a total of 69 learners being awarded with QF Level 3 certificates.

Leadership Training for Tertiary Students

LTI programmes were renowned in the academic sector. It has been invited to design and deliver a general education course, "Leadership in Practice", to students of United College of The Chinese University of Hong Kong since 2008. Throughout the year, 57 students successfully completed the Course. LTI also collaborated with PolyU-SPEED to organize a credit bearing general education course on leadership, and 238 students successfully completed the study in 2018-2019.

Scout Association of Hong Kong Library (SAHK Library)

SAHK Library strives to provide readers with a variety of reference materials and a cozy environment in which it has a reading area, a discussion zone, a self-service circulation station and a new library management system. The Library was relocated to 8th floor of the Hong Kong Scout Centennial Building and is expected to provide a better experience for readers.

Wong Siu Sang Leadership Training Centre

To celebrate its 10th anniversary, Wong Siu Sang Leadership Training Centre organized the Carnival and Renaming Ceremony on 22 April 2018. Furthermore, a Floor Curling Experience Night was held for the Instructor Team on 15 March 2019. In 2018-2019, the Centre offered 161 programmes with a total of 5,842 participants.

Scout Association of Hong Kong Aviation Training Centre (ATC)

ATC dedicates to promote the Association's principle on the coexistence of specialization and popularization of air activities and to assist in different Aircrew Badge training courses for Venture Scouts. In 2018-2019, ATC provided 732 hours flight simulation hours training to 141 participants. It also held five Flight Technique Enhancement Workshops and nine Flight Experience Days to provide experiential opportunities to interested members thus popularizing air activities.

Throughout the year, ATC assisted five members to achieve different stages of pilot licenses/ qualifications. Among them, one obtained private pilot license, three completed their first solo flight training, while the remaining one was preparing for the license examination.

Cathay Dragon Aviation Certificate Programme (CDACP)

The Association continued to work as a co-organiser of CDACP. Seven members graduated from the 2018's Certificate Programme while 10 Scout members were accepted into 2019's Programme. It was delighted to report that two Scout graduates were hired by Cathay Pacific Airways as cadet pilots, and will start their training in Australia in July 2019.

Hong Kong Scout Centennial Building

With the completion of Hong Kong Scout Centennial Building, LTI's office and SAHK Library were relocated to 10th and 8th floors of the Building respectively in late February 2019. Furthermore, following the Association's policy on the development of Air Scouts and air activities, an additional facility of the Aviation Training Centre was set up at 10th floor and will commence services in the first quarter of 2019.

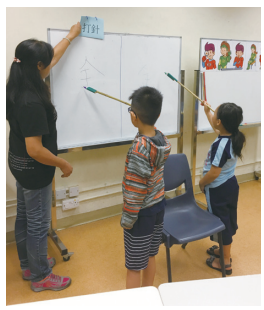

The Friends of Scouting (FOS) is a subsidiary of Scout Association of Hong Kong. It assists the Association in extending its services to non-uniform youth and providing social service to meet the needs of the community. "Creating favourable circumstances for young people to develop themselves and make contribution to the community" is FOS's mission statement. The services of FOS include integrated children & youth service, school social work service and comprehensive education service. There are also 10 Scout groups under the sponsorship of FOS.

Integrated Children & Youth Service

To prevent youth suicide, "Music Caring with love" project was launched by the Children & Youth Service Centres located in Kowloon Bay and Yuen Long. It was a community base project to strengthen the family protection for the youth through enhancing communication among family members. Through old song new lyrics competition and music video production, participated youth had a better understanding on the importance of family and life. Furthermore, micro film production, flashing corner and facebook message were used to arouse the public awareness on youth mental health.

"Active Heart of Children", "Happy Learning Together" and "Active Space" were the projects to provide services to Attention Deficit/ Hyperactivity Disorder (ADHD) children or Specific Learning Disability children and their parents. This year, Mindfulness Intervention was applied on the basis of original method to the Special Education Needs (SEN) secondary school students. Besides, FOS also offered various support services, such as "Know the Future" project for non-engaged youth and "Life Planning" project for students to enhance youth life planning in response to the needs of youth. "Life Planning" project and "Healthy School" subvented by Beat Drugs Fund offered service for 28 secondary schools and five secondary schools respectively.

School Social Work Service

The School Social Work Team provides stationing service for 10 secondary schools in Yuen Long and Tuen Mun. Services include individual counselling, group and developmental work, parent education and community service. In 2018-2019, the common theme for the schools we served was "Mental Health", which aimed to raise attention and knowledge about youth mental health in school and emphasized the importance of youth mental health. Our school social workers organized 273 programmes/groups with a total attendance of 40,548 and handled 938 cases. We also provided professional trainings to the teachers of six schools that we served. On the whole, the School Social Work Team achieved the targets and our work was highly appreciated by the schools.

"Joyful@School Campaign"

Under the subvention scheme of "Joyful@School Campaign", three youth service units offered activities, workshops and seminars to students, teachers and parents from 24 secondary schools to eliminate the emotional problems of young people.

Comprehensive Education Service

The Education Centre organized various academic and interest courses to provide learning opportunities to people of different walks of life. A total of 551 courses from April 2018 to March 2019 were conducted, including 417 non-subvented courses and 134 subvented courses comprising 42 courses of Adult Education, 67 courses funded by Employees Retraining Board (ERB) and 25 sign language courses. The total number of enrollment was 5,860 of which 52% were children and youth. Our centre has been awarded with "ERB Outstanding Course Management Award" in the "ERB Annual Award Presentation Ceremony 2018-2019" to acknowledge us in providing quality training and services to the students.

The Baden-Powell Scout Club of Hong Kong

The Baden-Powell Scout Club of Hong Kong (BP Club) is committed to upholding the fellowship among serving and retired/resigned Scouts in Hong Kong, encouraging them to keep the Scout Promise and Law as well as the spirit of Scouting.

Attractive Activities

In the year under review, a wide range of local and outbound activities were arranged for our members, which included Gateball Fun Day, 1-day Lychee Tour, Lianzhou Gourmet Safari, Mahjong Competition, Friendship Camp 2018, Scout Souvenir Badge Exchange Fair, Service Team Gathering, CNY Pun Choi Feast, Inauguration Ceremony cum Annual Dinner, and so on.

Scouts Serve the Community

To advocate the Scouting spirit of serving the community, our Chinese Opera Society, in collaboration with various Kai Fong Associations, gave Cantonese opera performances to the elderly at Central & Western District, Mong Kok, Tsim Sha Tsui and Sham Shui Po, distributed goody bags and expressed our love and care to them.

BP Club Service Team

To support the strategic plan of the Association, BP Club Service Team was established in April 2018, and the number of services steadily increased over the last year. The Team provided services to 14 activities organized by various Scout units and external parties with a total service hours exceeded 1,400 hours. Highlights of the external services were Greater China African Drumming and Culture Festival 2018, elderly birthday parties of St James' Settlement, CUHK Jockey Club Children Eye Care Programme, household cleaning for elderly singletons coordinated by Hong Kong PHAB Association and Sik Sik Yuen's green market. The team also offered services to Scout activities at different levels, which included the Mid-Autumn visit to elderly coordinated by the Association Headquarters, Athletic Meet to celebrate the 50th anniversary of Kowloon Region as well as the Open Day of FOS's 50th Anniversary Camp.

Interest Classes, Seminars & Workshops

As in the past, BP Club arranged diversified interest classes, seminars and workshops for members. Those interest classes included Taiji, Erhu, Cantonese Opera and social dance, while some participants were invited to give performance on different occasions, such as Sik Sik Yuen's green market took place at Wong Tai Sin in March 2019.

Our Wine Society arranged six wine tasting gatherings and invited specialists to introduce the characteristics of wines from different origins including Bordeaux, East Europe, Georgia, Thailand, Greece and USA.

Future Development

To complement the Association's strategic objective of expanding Scout Movement through recruiting and retaining Scout members, the BP Club Commissioner will be upgraded to the rank of Assistant Chief Commissioner on 1 July 2019. The Club will endeavor to recruit retired Scout members through various channels, and at the same time, establish more Sub-Clubs at different levels of Scout units so as to achieve the mission of retaining Scout members to participate in the Scout Movement.

Other than providing Scout uniform, The Scout Shop of Hong Kong offers around 1,000 products including outdoor gears, books, as well as souvenirs for our Scout members. With the development of information technologies, our online shopping platform has been established to provide services to local and foreign Scout members anytime anywhere. Customers can also be acknowledged of our latest products and activities, and be connected with us through our Facebook page.

Souvenirs with local features

From time to time, our shop constantly offers new souvenirs, so as to provide ever refreshing products range. Such products will either be purchased from National Scout Organizations (NSOs), or developed by ourselves with features of Hong Kong Scouting. In 2018-2019, four souvenirs were launched and they were designed and developed by the Product Development & Design Sub-Committee. These included a Scout Rabbit note book (motifs as previous plastic folder) and T-shirts with three different designs including "Hong Kong Scout wordings", "Hong Kong Scout QR code" and "Hong Kong Scout since 1911". In the coming year, we plan to launch a new postcard, Sectional Highest Award souvenir pins, and a pair of Scout teddy bear plush dolls.

Special offer to Scout member

The Scout shop has been working with various suppliers and brands to provide discount and special offer to our Scout members, which included sleeping bag, camping mat, water bottle, backpack, camping light, water bag, torch and foldable camping kitchen and dining ware etc.

Online Shop (www.scout.org.hk/shop)

In 2018-2019, other than local orders, our online shop (www.scout.org.hk/shop) also received orders from overseas countries, e.g. Canada, Japan, Australia, Malta and Germany etc. In future, we will continue to improve the web page design, and coordinate with our Facebook page to publicize our shop so as to attract more customers to utilize our online service. Also, invited by the World Scout Bureau Asia-Pacific Support Centre, the Scout Shop had added 20 more products on their online shop "Scout Bazaar" (http://www.scoutbazaar.com).

Looking Forward

Following the opening of Hong Kong Scout Centennial Building in March 2019, The Scout Shop will reopen a branch at the building. Apart from the two physical shops, our online shop will continue to operate so as to cope with the needs of local and foreign Scout members. Furthermore, as the operation of the Product Development & Design Sub-Committee is getting on track, our shop will launch more products with Hong Kong Scout features to our customers.

The Commissioners' Club

The Commissioners' Club located on the 8th floor of Hong Kong Scout Centre with around 5,200 members has been established for about 25 years. Its purpose is to provide a well equipped and elegant meeting place for members, Scout leaders and adult members to enhance fellowship.

A well-equipped Commissioners' Club

Providing members with catering services and cozy place for social gathering, the Club is featured with the following facilities : (i) Chinese Restaurant, a comfortable venue which serves Cantonese cuisine as in-charged by renowned chefs. Members were kept excited by regular change of menu and serving of seasonal and festival food; (ii) Brownsea Lounge surrounded by stunning greenery with panoramic views is also a pleasant outdoor venue for social gathering; (iii) Impeesa Bar and Gilwell Corner are the places for chit-chatting and social gathering with fellow Scouts, friends and members.

Activities

Brownsea Lounge Night was held on 20 April 2018 to cultivate fellowship, participants had a great time with commemorable souvenirs an lucky draw gifts. The annual banquet for Lunar New Year held on 8 March 2019 was attended by a full house with the highlight by the live band performance and lucky draw. The Seminar of Health Care in Winter was organized on 7 January 2019. It was our pleasure to invite Dr Jimmy LAU, Assistant Chief Commissioner (Development and Adult Resources), as the guest speaker to share with members on health care in winter. Members also enjoyed the moisturizing soup after the seminar.

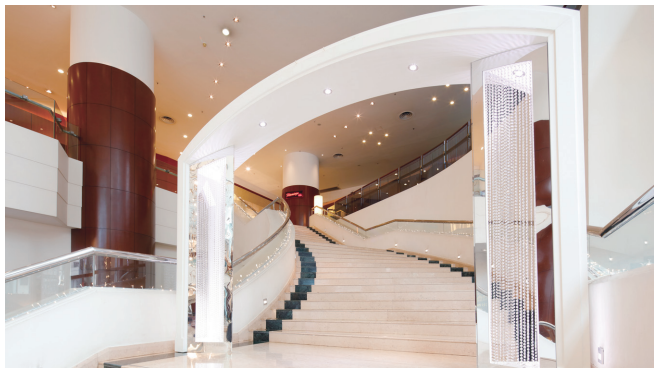

Mid-week Members

A new category "Mid-week Member" was established in order to widen the Club membership to the friends and relatives of Scout members. Mid-week Members can enjoy the services of the Club during weekdays.

Operation of B P International House

The Hong Kong tourism industry continued to develop steadily in 2018. As the Hong Kong–Zhuhai–Macao Bridge and the Guangzhou-Shenzhen-Hong Kong High Speed Rail open in 2018, the new large-scale road transportation facility will further drive the growth of tourism and hospitality industry. According to Hong Kong Tourism Board, the total number of Hong Kong visitors exceeded 65 million in 2018, while the overnight visitors grew by 4.9%.

B P International House (BPIH) benefited from the steady growth of most major markets and achieved great results. The 2018-2019 occupancy rate and the average room rate continued to perform positively.

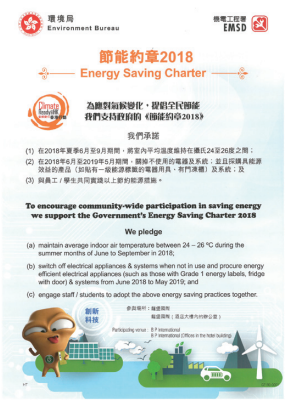

Optimization of Guest Experience

This year, BPIH utilized multiple digital promotional channels to strengthen the customer base, connecting us more closely with customers. Currently, the BP Scout Membership Programme has been in full service, providing a convenient way for members to make bookings online. The redecoration works for Cafe by the Park and Flamingo Lounge were completed in the beginning of 2019, while the redecoration of guest rooms is in progress. At present, we are planning to upgrade our elevators so to improve the overall service quality and efficiency.

Community Service

BPIH has always actively supported environmental protection. In 2018, we participated in green projects such as "Earth Hour by WWF" and "Energy Saving Charter 2018". In addition, we cooperated with The Friends of Scouting and the Open University of Hong Kong to provide internship opportunities and visiting tours for young generations to develop deeper understanding of the hospitality industry.

Looking Ahead

BPIH will continue to invest more resources in the development of business activities in the future. We are going to develop Gordon Wu Hall as one of the great venues for MICE (meetings, incentives, conferences and exhibition) in Hong Kong. At the same time, we will also plan to expand our e-commerce and online promotions. In addition, we will explore more opportunities from the West Kowloon Cultural District so to attract more customers and develop more business activities.

Facing the uncertainty of the global economy, we are always paying attention to the market changes around us, and we are confident in our ability to overcome the challenges ahead by consolidating our risk management capabilities and taking advantage of the coming market opportunities.

Independent auditor's report to the Council of Scout Association of Hong Kong

(Incorporated under the Scout Association of Hong Kong Ordinance)

Opinion

We have audited the financial statements of Scout Association of Hong Kong ("the Association") set out on pages 4 to 54, which comprise the statement of financial position as at 31 March 2019, the statement of income and expenditure, the statement of comprehensive income, the statement of changes in funds and reserves and the cash flow statement for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Association as at 31 March 2019 and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Association in accordance with the HKICPA's *Code of Ethics for Professional Accountants* ("the Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and auditor's report thereon

The Executive Committee members are responsible for the other information. The other information comprises all the information included in the annual report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

KPMG

Independent auditor's report to the Council of Scout Association of Hong Kong (continued)

(Incorporated under the Scout Association of Hong Kong Ordinance)

Responsibilities of the Executive Committee members for the financial statements

The Executive Committee members are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and for such internal control as the Executive Committee members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Executive Committee members are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Executive Committee members either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

KPMG

Independent auditor's report to the Council of Scout Association of Hong Kong (continued)

(Incorporated under the Scout Association of Hong Kong Ordinance)

Auditor's responsibilities for the audit of the financial statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Committee members.
- Conclude on the appropriateness of the Executive Committee members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Executive Committee members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the financial statements

(Expressed in Hong Kong dollars)

1 General information

(a) Organisation and activities

Scout Association of Hong Kong (the "Association") is a body corporate with perpetual succession established under the Scout Association of Hong Kong Ordinance (Chapter 1005 of the Laws of Hong Kong) for the purpose of furthering and promoting the Scout Movement in the Hong Kong Special Administrative Region ("HKSAR").

The Association established The Hong Kong Scout Foundation in accordance with the Scout Association of Hong Kong Ordinance. On cessation or dissolution of the Foundation Management Committee, the Association would be the legal owner of all funds and assets under the name of the Foundation.

(b) Operations included in the financial statements

The financial statements include the operations of the following:

(i) Headquarters of Scout Association of Hong Kong ("Scout Headquarters");

(ii) The Hong Kong Scout Foundation ("the Foundation");

(iii) The Scout Shop of Hong Kong ("Scout Shop");

(iv) B P International House ("Hostel");

(v) Hong Kong Island Region, Kowloon Region, East Kowloon Region, New Territories Region and New Territories East Region, including New Territories Region Development Fund Commission and New Territories Campsites & Sea Activities Centre Development Fund (collectively known as "the Regions"); and

(vi) Gilwell Campsite, Pak Sha Wan Tam Wah Ching Sea Activity Centre, Tai Tam Scout Centre, Tung Tsz Scout Centre, Shatin Scout Centre, Tai Mei Tuk Sea Activity Centre and Choi Chee Ming Luen Kwong Scout Centre (collectively known as "the Campsites").

1 General information (continued)

Their principal activities are as follows:

Scout Headquarters, the Regions and the Campsites:

- furthering and promoting the Scout Movement in the HKSAR.

Hong Kong Scout Foundation:

- managing any funds assigned by the Executive Committee of Scout Association of Hong Kong;
- receiving any donations for the Foundation; and
- managing the surplus generated from the investment of the funds.

Scout Shop of Hong Kong:

- selling of Scout uniforms and other accessories.

B P International House:

- operating a hostel.

2 Significant accounting policies

(a) Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and accounting principles generally accepted in Hong Kong. Significant accounting policies adopted by the Association are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Association. Note 2(c) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Association for the current and prior accounting periods reflected in these financial statements.

2 Significant accounting policies (continued)

(b) Basis of preparation of the financial statements

The measurement basis used in the preparation of the financial statements is the historical cost basis except for investments in debt and equity securities (see note 2(d)) which are stated at fair value.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 3.

(c) Changes in accounting policies

The HKICPA has issued a number of new HKFRSs and amendments to HKFRSs that are first effective for the current accounting period of the Association. Of these, the following developments are relevant to the Association's financial statements:

(i) HKFRS 9, *Financial instruments*

(ii) HKFRS 15, *Revenue from contracts with customers*

The Association has not applied any new standard or interpretation that is not yet effective for the current accounting period, except for the amendments to HKFRS 9, *Prepayment features* with negative compensation which have been adopted at the same time as HKFRS 9.

(i) HKFRS 9, *Financial instruments*

HKFRS 9 replaces HKAS 39, *Financial instruments: recognition and measurement*. It sets out the requirements for recognising and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items.

The Association has applied HKFRS 9 retrospectively to items that existed at 1 April 2018 in accordance with the transition requirements. The Association has recognised the cumulative effect of initial application as an adjustment to the opening reserves at 1 April 2018. Therefore, comparative information continues to be reported under HKAS 39.

2 Significant accounting policies (continued)

The following table summarises the impact of transition to HKFRS 9 on reserves at 1 April 2018:

	$'000
Investment revaluation reserve (recycling)	
Transferred to investment revaluation reserve (non-recycling) relating to financial assets now designated at FVOCI	(144,706)
Investment revaluation reserve (non-recycling)	
Transferred from investment revaluation reserve (recycling) related to financial assets now designated at FVOCI	144,706

Further details of the nature and effect of the changes to previous accounting policies and the transition approach are set out below:

A. Classification of financial assets and financial liabilities

HKFRS 9 categorises financial assets into three principal classification categories: measured at amortised cost, at fair value through other comprehensive income (FVOCI) and at fair value through profit or loss (FVPL). These supersede HKAS 39's categories of held-to-maturity investments, loans and receivables, available-for-sale financial assets and financial assets measured at FVPL. The classification of financial assets under HKFRS 9 is based on the business model under which the financial asset is managed and its contractual cash flow characteristics. Under HKFRS 9, derivatives embedded in contracts where the host is a financial asset in the scope of the standard are not separated from the host. Instead, the hybrid instrument as a whole is assessed for classification.

The following table shows the original measurement categories for each class of the Association's financial assets under HKAS 39 and reconciles the carrying amounts of those financial assets determined in accordance with HKAS 39 to those determined in accordance with HKFRS 9:

	HKAS 39 carrying amount at 31 March 2018 $'000	*Reclassification* $'000	*HKFRS 9 carrying amount at 1 April 2018* $'000
Financial assets carried at amortised cost			
Listed debt securities (i)	-	46,934	46,934
Financial assets measured at FVOCI (non-recycling)			
Listed equity securities (ii)	-	221,149	221,149
Financial assets classified as held-to-maturity under HKAS 39	46,934	(46,934)	-
Financial assets classified as available-for-sale under HKAS 39	221,149	(221,149)	-

2 Significant accounting policies (continued)

Notes:

(i) Under HKAS 39, listed debt securities were classified as held-to-maturity financial assets. It is classified as financial assets carried at amortised cost under HKFRS 9 as the investment is held for the collection of contractual cash flows which represent solely payments of principal and interest.

(ii) Under HKAS 39, listed equity securities not held for trading were classified as available-for-sale financial assets. These equity securities are designated at FVOCI under HKFRS 9 by the Association as they are held for strategic purposes.

For an explanation of how the Association classifies and measures financial assets and recognises related gains and losses under HKFRS 9, see respective accounting policy notes in note 2(d) and 2(h).

The measurement categories for all financial liabilities remain the same. The carrying amounts for all financial liabilities at 1 April 2018 have not been impacted by the initial application of HKFRS 9.

The Association did not designate or de-designate any financial asset or financial liability at FVPL at 1 April 2018.

B. Credit losses

HKFRS 9 replaces the "incurred loss" model in HKAS 39 with the "expected credit loss" (ECL) model. The ECL model requires an ongoing measurement of credit risk associated with a financial asset and therefore recognises ECLs earlier than under the "incurred loss" accounting model in HKAS 39.

The Association applies the new ECL model to the following items:

- financial assets measured at amortised cost (including cash and cash equivalents, receivables and listed debt securities).

For further details on the Association's accounting policy for accounting for credit losses, see respective accounting policy notes 2(d) and 2(h).

Impairment based on the expected credit loss model on the Association's financial assets measured at amortised cost has no significant financial impact on the Association's financial statements for the current accounting period.

2 Significant accounting policies (continued)

C. Transition

Changes in accounting policies resulting from the adoption of HKFRS 9 have been applied retrospectively, except as described below:

- Information relating to comparative periods has not been restated. Differences in the carrying amounts of financial assets resulting from the adoption of HKFRS 9 are recognised in funds and reserves as at 1 April 2018. Accordingly, the information presented for 2018 continues to be reported under HKAS 39 and thus may not be comparable with the current period.
- The following assessments have been made on the basis of the facts and circumstances that existed at 1 April 2018 (the date of initial application of HKFRS 9 by the Association):
  - the determination of the business model within which a financial asset is held; and
  - the designation of certain investments in equity instruments not held for trading to be classified as at FVOCI (non-recycling).
- If, at the date of initial application, the assessment of whether there has been a significant increase in credit risk since initial recognition would have involved undue cost or effort, a lifetime ECL has been recognised for that financial instrument.

(ii) HKFRS 15, *Revenue from contracts with customers*

HKFRS 15 establishes a comprehensive framework for recognising revenue and some costs from contracts with customers. HKFRS 15 replaces HKAS 18, *Revenue*. The adoption of HKFRS 15 has no significant financial impact on the Association's financial statements except for the following:

A. Presentation of contract assets and liabilities

Under HKFRS 15, a receivable is recognised only if the Association has an unconditional right to consideration. If the Association recognises the related revenue (see note 2(n)) before being unconditionally entitled to the consideration for the promised goods and services in the contract, then the entitlement to consideration is classified as a contract asset. Similarly, a contract liability, rather than a payable, is recognised when a customer pays non-refundable consideration, or is contractually required to pay non-refundable consideration and the amount is already due, before the Association recognises the related revenue. To reflect these changes in presentation, at 1 April 2018, as a result of the adoption of HKFRS 15, the Association has reclassified "non-trade payables" and "deferred income" amounting to HK$5,068,000, which were previously included in trade and other payables respectively, to contract liabilities (see note 13).

As at 1 April 2018 and 31 March 2019, the Association's right to consideration for the goods and services transferred to the customers is unconditional (i.e. only the passage of time is required before the payment is due). Accordingly, the Association presents such right to consideration as receivables rather than contract assets.

2 Significant accounting policies (continued)

(d) Investments in debt and equity securities

Investments are recognised/derecognised on the date the Association commits to purchase/sell the investments or they expire. Investments in debt and equity securities are initially stated at fair value plus directly attributable transaction costs, except for those investments measured at fair value through profit or loss (FVPL) for which transaction costs are recognised directly in profit or loss. For an explanation of how the Association determines fair value of financial instruments, see note 15(c). These investments are subsequently accounted for as follows, depending on their classification.

Investments in debt and equity securities are initially stated at fair value, which is their transaction price unless it is determined that the fair value at initial recognition differs from the transaction price and that fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets. Cost includes attributable transaction costs. These investments are subsequently accounted for as follows, depending on their classification:

(A) Policy applicable from 1 April 2018

Investments other than equity investments

Non-equity investments held by the Associaiton are classified as amortised cost when the contractual cash flows of the non-equity investments held by the Association represent solely payments of principal and interest, as the Association does not invest in such instruments other than principally to collect those contractual cash flows. Interest income from investments carried at amortised cost is calculated using the effective interest method (see note 2(n)(iii)). A loss allowance on investments carried at amortised cost would be recognised with reference to credit losses expected to arise on the instrument, discounted where the effect would be material, and taking into account whether the credit risk of the instrument had increased significantly since initial recognition.

Equity investments

An investment in equity securities is classified as FVPL unless the equity investment is not held for trading purposes and on initial recognition of the investment the Association makes an irrevocable election to designate the investment at FVOCI (non-recycling) such that subsequent changes in fair value are recognised in other comprehensive income. Such elections are made on an instrument-by-instrument basis, but may only be made if the investment meets the definition of equity from the issuer's perspective. Where such an election is made, the amount accumulated in other comprehensive income remains in the investment revaluation reserve (non-recycling) until the investment is disposed of. At the time of disposal, the amount accumulated in the investment revaluation reserve (non-recycling) is transferred to accumulated funds or other designated funds. It is not recycled through profit or loss.

Dividends from an investment in equity securities, irrespective of whether classified as at FVPL or FVOCI, are recognised in profit or loss as other income in accordance with the policy set out in note 2(n)(v).

2 Significant accounting policies (continued)

(B) Policy applicable prior to 1 April 2018

Investments in debt and equity securities are initially stated at fair value, which is their transaction price unless it is determined that the fair value at initial recognition differs from the transaction price and that fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets. Cost includes attributable transaction costs. These investments are subsequently accounted for as follows, depending on their classification:

Held-to-maturity debt securities

Dated debt securities that the Association has the positive ability and intention to hold to maturity are classified as held-to-maturity securities. Held-to-maturity securities are stated at amortised cost less impairment losses.

Impairment losses for held-to-maturity securities are recognised when there is objective evidence of impairment and are measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the asset's original effective interest rate (i.e. the effective interest rate originally computed at initial recognition of the asset). Objective evidence of impairment includes observable data that comes to the attention of the Association about events that have an impact on the asset's estimated future cash flows.

If in a subsequent period the amount of an impairment loss decreases and the decrease can be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss is reversed through the statement of income and expenditure. A reversal of an impairment loss shall not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

Available-for-sale securities

Other investments in securities, being those held for non-trading purposes, are classified as available-for-sale securities. At the end of each reporting period the fair value is remeasured, with any resultant gain or loss being recognised in other comprehensive income and accumulated separately in the investment revaluation reserve, except foreign exchange gains and losses resulting from changes in the amortised cost of monetary items such as debt securities which are recognised directly in the statement of income and expenditure.

Dividend income from these investments is recognised in accordance with the policy set out in note 2(n)(v) and, where these investments are interest-bearing, interest calculated using the effective interest method is recognised in the statement of income and expenditure in accordance with the policy set out in note 2(n)(iii). When these investments are derecognised, the cumulative gain or loss is reclassified from the investment revaluation reserve to the statement of income and expenditure.

2 Significant accounting policies (continued)

When there is objective evidence that available-for-sale securities are impaired, the cumulative loss that has been recognised in the investment revaluation reserve is reclassified to the statement of income and expenditure. The amount of the cumulative loss that is recognised in the statement of income and expenditure is the difference between the acquisition cost (net of any principal repayment and amortisation) and current fair value, less any impairment loss on that asset previously recognised in the statement of income and expenditure. Objective evidence of impairment includes observable data that comes to the attention of the Association concerning the underlying financial stability of the investee as well as a significant or prolonged decline in the fair value of an investment below its cost.

Impairment losses recognised in the statement of income and expenditure in respect of available-for-sale equity securities are not reversed through the statement of income and expenditure. Any subsequent increase in the fair value of such assets is recognised directly in other comprehensive income.

Impairment losses in respect of available-for-sale debt securities are reversed if the subsequent increase in fair value can be objectively related to an event occurring after the impairment loss was recognised. Reversals of impairment losses in such circumstances are recognised in the statement of income and expenditure.

When the investments are derecognised, the cumulative gain or loss recognised in investment revaluation reserve is reclassified to the statement of income and expenditure.

(e) Property, plant and equipment

Property, plant and equipment is stated at cost less accumulated depreciation and impairment losses.

Construction in progress represents building and leasehold improvements on which construction work has not been completed and furniture and equipment pending installation. It is carried at cost which includes construction expenditures and other direct costs less any impairment losses. On completion, construction in progress is transferred to the appropriate categories of property, plant and equipment at cost less accumulated impairment losses. No depreciation is provided for construction in progress until they are completed and available for use.

2 Significant accounting policies (continued)

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight line method over their estimated useful lives as follows:

– Leasehold land	Over the unexpired term of lease
– Buildings	50 years
– Leasehold improvements	Over the shorter of the unexpired term of lease and 8 years
– Machinery, motor vehicles, furniture, fixtures and computer equipment	3 - 15 years
– Programme and training equipment	4 years

Both the useful life of an asset and its residual value, if any, are reviewed annually.

The carrying amounts of property, plant and equipment are reviewed for indications of impairment at the end of each reporting period. An impairment loss is recognised in the statement of income and expenditure if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. The recoverable amount of an asset, or of the cash-generating unit to which it belongs, is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the assets. An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in the statement of income and expenditure on the date of retirement or disposal.

(f) Leased assets

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Association determines that the arrangement conveys a right to use a specific asset or assets for an agreed period of time in return for a payment or a series of payments. Such a determination is made based on an evaluation of the substance of the arrangement and is regardless of whether the arrangement takes the legal form of a lease.

(i) Classification of assets leased to the Association

Assets that are held by the Association under leases which transfer to the Association substantially all the risks and rewards of ownership are classified as being held under finance leases. Leases which do not transfer substantially all the risks and rewards of ownership to the Association are classified as operating leases.

2 Significant accounting policies (continued)

(ii) Operating lease charges

Where the Association has the use of assets held under operating leases, payments made under the leases are charged to the statement of income and expenditure in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives received are recognised in the statement of income and expenditure as an integral part of the aggregate net lease payments made.

(g) Inventories

Inventories are carried at the lower of cost and net realisable value.

Cost is calculated using the first-in, first-out method and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

(h) Receivables

A receivable is recognised when the Association has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Association has an unconditional right to receive consideration, the amount is presented as a contract asset.

Receivables are stated at amortised cost using the effective interest method less allowance for credit losses as determined below:

(A) Policy applicable from 1 April 2018

The loss allowance is measured at an amount equal to lifetime expected credit losses (ECLs), which are those losses that are expected to occur over the expected life of the trade receivables. The loss allowance is estimated using a provision matrix based on the Association's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the reporting date.

2 Significant accounting policies (continued)

ECLs are remeasured at each reporting date with any changes recognised as an impairment gain or loss in profit or loss. The Association recognises an impairment gain or loss with a corresponding adjustment to the carrying amount of trade and other receivables through a loss allowance account.

The gross carrying amount of a trade debtor or other receivable is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Association determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

(B) Policy applicable prior to 1 April 2018

Receivables are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method, less allowance for impairment of doubtful debts, except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for impairment of doubtful debts.

Impairment losses for bad and doubtful debts are recognised when there is objective evidence of impairment and are measured as the difference between the carrying amount of the financial asset and the estimated future cash flows, discounted at the asset's original effective interest rate where the effect of discounting is material. Objective evidence of impairment includes observable data that comes to the attention of the Association about events that have an impact on the asset's estimated future cash flows such as significant financial difficulty of the debtor.

Impairment losses for receivables whose recovery is considered doubtful but not remote are recorded using an allowance account. When the Association is satisfied that recovery is remote, the amount considered irrecoverable is written off against receivables directly and any amounts held in the allowance account relating to that debt are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in the statement of income and expenditure.

(i) Trade and other payables and contract liabilities

(i) Trade and other payables

Trade and other payables are initially recognised at fair value and subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

2 Significant accounting policies (continued)

(ii) Contract liabilities

A contract liability is recognised when the customer pays non-refundable consideration before the Association recognises the related revenue (see note 2(n)). A contract liability would also be recognised if the Association has an unconditional right to receive non-refundable consideration before the Association recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see note 2(h)).

(j) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Association's cash management are also included as a component of cash and cash equivalents for the purpose of the cash flow statement.

(k) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(l) Income tax

The Association is exempted from Hong Kong Profits Tax by virtue of Section 88 of the Inland Revenue Ordinance.

(m) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Association has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

2 Significant accounting policies (continued)

(n) Revenue and other income

Income is classified by the Association as revenue when it arises from the sale of goods and the provision of services in the ordinary course of the Association's business.

Revenue is recognised when control over a product or service is transferred to the customer, at the amount of promised consideration to which the Association is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Further details of the Association's revenue and other income recognition policies are as follows:

(i) Sale of merchandise, food and beverage

Revenue is recognised when the customer takes possession of and accepts the merchandise, food and beverage. If the merchandise, food and beverage are a partial fulfilment of a contract covering other goods and/or services, then the amount of revenue recognised is an appropriate proportion of the total transaction price under the contract, allocated between all the goods and services promised under the contract on a relative stand-alone selling price basis.

Revenue from sales of merchandise, food and beverage was recognised on a similar basis in the comparative period under HKAS 18.

(ii) Hostel room and hall revenue

Hostel room and hall revenue from rooms and other ancillary services is recognised when the services are rendered.

(iii) Interest income

Interest income is recognised as it accrues under the effective interest method using the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset.

(iv) Donations

Donations not designated for any specific purposes are utilised at the discretion of the Executive Committee and are recognised as revenue upon receipt of cash. Designated donations are recognised in the statement of income and expenditure on a systematic basis in the same periods in which the expenses are incurred.

3 Accounting judgements and estimates

In the process of applying the Association's accounting policies, management has made the following accounting judgements:

(A) Policy applicable from 1 April 2018

Classification of financial assets

The Association makes assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest on the principal amount outstanding.

3 Accounting judgements and estimates (continued)

(B) Policy applicable prior to 1 April 2018

Held-to-maturity financial assets

The Association follows the guidance of HKAS 39, *Financial instruments: Recognition and measurement* on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity as held-to-maturity. This classification requires significant judgement. In making this judgement, the Association evaluates its intention and ability to hold such investments to maturity.

If the Association fails to keep these investments to maturity other than for specific circumstances explained in HKAS 39, it will be required to reclassify the whole class as available-for-sale. The investments would then be measured at fair value instead of at amortised cost.

During the year, $417,121 (2018: $442,968) was expended for "Assistance Scheme operated by Uniformed Groups and the Hong Kong Award for Young People for Needy Student Members". As at 31 March 2019, the remaining balance was $245,244 (2018: $212,365).

Temporary receipts also include receipts of the Lotteries Fund of $Nil (2018: $12,120,221) received from the Social Welfare Department of the HKSAR in the current year for reimbursing costs of redevelopment of the Wanchai Property.

15 Capital management and financial risk management

(a) Capital management

The Association's objectives when managing capital are to safeguard the Association's ability to continue as a going concern in order to maintain an optimal fund structure.

(b) Financial risk management

Exposure to currency, credit and liquidity risks arises in the normal course of the Association's business. The Association is also exposed to equity price risk arising from its equity investments in listed securities.

The Association's exposure to these risks and the financial risk management policies and practices used by the Association to manage these risks are described below.

(i) Currency risk

The Association's functional currency is Hong Kong dollars. The Association mainly operates in Hong Kong and is exposed to currency risk primarily with respect to the United States dollars in respect of held-to-maturity financial assets and Renminbi in respect of bank deposits.

In the opinion of the Executive Committee, the Hong Kong dollar to United States dollar exchange rate is reasonably stable under the Linked Exchange Rate System. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies and, therefore, the Association considers the risk of movements in exchange rates between the Hong Kong dollar and the United States dollar to be insignificant. In respect of balances denominated in Renminbi, the Association ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary to address short-term imbalances.

Exposure to currency risk

The following table details the Association's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the Association's functional currency of Hong Kong dollars. For presentation purposes, the amounts of the exposure are shown in Hong Kong dollars.

	Renminbi	
	2019 $'000	*2018* $'000
Cash and bank deposits	487	1,539
Exposure to currency risk	487	1,539

15 Capital management and financial risk management (continued)

Sensitivity analysis

The following table indicates the instantaneous change in the Association's surplus and total funds that would have arisen if foreign exchange rates to which the Association has significant exposure at the end of the reporting period had changed at that date, assuming all other risk variables remained constant. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies.

	2019		*2018*	
	Increase/ (decrease) in foreign exchange rates	*Effect on surplus and total funds* $'000	*Increase/ (decrease) in foreign exchange rates*	*Effect on surplus and total funds* $'000
Renminbi	5%	24	5%	77
	(5)%	(24)	(5)%	(77)

The sensitivity analysis assumes that the change in foreign exchange rates had been applied to re-measure those financial instruments which expose the Association to foreign currency risk at the end of the reporting period. The analysis has been performed on the same basis as for 2018.

(ii) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Association.

The Association's credit risk is primarily attributable to listed debt investments, cash and bank deposits and receivables. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

Investments are normally only in liquid securities quoted on a recognised stock exchange and with counterparties that have high credit ratings.

Cash and bank deposits are placed with financial institutions with sound credit ratings to minimise credit exposure.

Trade receivables

The Association's exposure to credit risk is influenced mainly by the individual characteristics of each customer. At the end of the reporting period, the Association has a concentration of credit risk as 41% (2018: 48%) of trade receivables was due from the Association's five largest customers, apart from the balances due from major credit cards institutions.

Individual credit evaluations are performed on all customers requiring credit over a certain amount. These take into account the customer's past payment history, financial position and other factors. Trade receivables are due within 30 days from the billing date. Normally, the Association does not obtain collateral from customers.

15 Capital management and financial risk management (continued)

The following table provides information about the Association's exposure to credit risk as at 31 March 2019:

	Carrying amount $
Current (not past due)	7,670
1-30 days past due	474
31-60 days past due	-
61-90 days past due	-
More than 90 days past due	-
	8,144

The Association measures loss allowances for trade receivables at an amount equal to lifetime ECLs, which is calculated using a provision matrix. As the Association's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the loss allowance based on past due status is not further distinguished between the Association's different customer bases. The allowance for expected credit losses is insignificant.

Comparative information under HKAS 39

Prior to 1 April 2018, impairment losses in respect of trade debtors are recorded using an allowance account unless the Association is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against trade debtors directly (see note 2(h)).

No allowance for doubtful debts has been provided or reversed for the year ended 31 March 2018.

The ageing analysis of trade debtors that are neither individually nor collectively considered to be impaired is as follows:

	2018 $'000
Neither past due nor impaired	8,508
Less than 1 month past due	419
1 to 3 months past due	-
Over 3 months past due	-
	419
	8,927

15 Capital management and financial risk management (continued)

Receivables that were neither past due nor impaired relate to a wide range of customers for whom there was no recent history of default.

Receivables that were past due but not impaired relate to a number of independent customers for whom there is no recent history of default and have a good track record with the Association. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

(iii) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient liquid cash. Due to the nature of the underlying operations, the Association aims to maintain flexibility in funding by keeping sufficient cash and bank balances to fulfil its commitments and current working capital requirements.

The remaining contractual maturities at the end of the reporting period of the Association's financial liabilities are within one year or on demand.

In order to manage the above liquidity demands, at 31 March 2019, cash and cash equivalents amounting to $307,475,000 (2018: $159,939,000) is considered readily realisable.

(iv) Equity price risk

The Association is exposed to equity price changes arising from equity investments (see note 9).

The Association's equity investments are listed on the Stock Exchange of Hong Kong and have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations. The portfolio is diversified in terms of industry distribution, in accordance with the limits set by the Association.

At 31 March 2019, it is estimated that an increase/decrease of 20% (2018: 20%) in the equity prices would have increased/decreased the Association's investment revaluation reserve (non-recycling) by $36,792,000 (2018: investment revaluation reserve (recycling) by $44,230,000).

The sensitivity analysis above indicates the instantaneous change on the Association's Investment revaluation reserve that would have arisen assuming that the change in the equity prices had occurred at the end of the reporting period and had been applied to re-measure those financial instruments which expose the Association to equity price risk at the end of the reporting period. It is also assumed that the fair values of the Association's available-for-sale financial assets would change in accordance with their historical correlation with the equity price, that none of the Association's available-for-sale financial assets would be considered impaired as a result of the decrease in the equity price, and that all other variables remain constant. The analysis has been performed on the same basis as for 2018.

15 Capital management and financial risk management (continued)

(c) Fair value measurement

(i) Financial assets measured at fair value

Fair value hierarchy

The following table presents the fair value of the Association's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement-date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuations: Fair value measured using significant unobservable inputs

	Fair value at 31 March 2019 $'000	*Fair value measurements as at 31 March 2019 categorised into Level 1* $'000	*Fair value at 31 March 2018* $'000	*Fair value measurements as at 31 March 2018 categorised into Level 1* $'000

Available-for-sale securities:				
– Equity securities listed in Hong Kong	-	-	221,149	221,149

During the years ended 31 March 2018 and 2019, there were no transfers between Level 1 and Level 2. The Association's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

15 Capital management and financial risk management (continued)

(ii) Fair value of financial assets carried at other than fair value

The carrying amounts of the Association's financial instruments carried at amortised cost are not materially different from their fair values as at 31 March 2018 and 2019 except for the following financial instruments as at 31 March 2018 and 2019, for which their carrying amounts, fair values and the level of fair value hierarchy are disclosed below:

	Fair value at 31 March 2019 categorised into Level 1 $'000	*Carrying amount at 31 March 2019* $'000	*Fair value at 31 March 2018 categorised into Level 1* $'000	*Carrying amount at 31 March 2018* $'000

– Debt securities listed in Hong Kong	-	-	46,712	46,934

16 Commitments

(a) Capital commitments

Capital expenditure at the end of the reporting period which had been committed but not yet incurred is as follows:

	2019 $'000	*2018* $'000
Authorised but not contracted for		
– Purchase of property, plant and equipment and improvement projects	466	435
Contracted but not provided for		
– Purchase of property, plant and equipment and improvement projects	2,624	1,835
– Renovation of the Hong Kong Scout Centre	8,401	10,035
– Redevelopment of the Wanchai Property	-	115,999
– Redevelopment of the North Point Property	-	6,798
	11,025	134,667
	11,491	135,102

16 Commitments (continued)

(b) Operating lease commitments - where the Association is the lessee

The future aggregate minimum lease payments under non-cancellable operating leases in respect of site premises are as follows:

	2019 $'000	*2018* $'000
Within one year	2,722	2,626
After one year but within five years	5,075	-
	7,797	2,626

All lease agreements are held in the name of the Association. Some operating lease charges in respect of these lease agreements are recharged and borne by other Scout units. For these lease agreements, the future aggregate minimum lease payments within one year are $1,720,000 (2018: $1,599,000) and those after one year but within five years are $3,441,000 (2018: $ Nil).

The leases typically run for an initial period of three years, with an option to renew each lease upon expiry when all terms are renegotiated. None of these leases includes contingent rentals.

(c) Operating lease commitments - where the Association is the lessor

The Association leases out catering areas under an operating lease. The leases typically run for an initial period of four years, with an option to renew each lease upon expiry whereupon all terms are renegotiated. Lease payments are usually increased every three years to reflect market rentals. The leases do not include contingent rentals.

The future aggregate minimum lease receipts under non-cancellable operating leases in respect of catering areas are as follows:

	2019 $'000	*2018* $'000
Within one year	7,901	11,022
After one year but within five years	-	73
	7,901	11,095

Scout Association of Hong Kong
Financial statements for the year ended 31 March 2019

17 Amounts due from/to related parties

Related parties represent other Scout Units, mainly the Friends of Scouting, Commissioners' Club, the Baden-Powell Scout Club of Hong Kong, Education Centre, Asia-Pacific Regional Scout Foundation and Scout Districts.

The amounts due from/to related parties are unsecured, interest-free and recoverable/ repayable on demand.

Included in amounts due to related parties are amounts totalling $18,384,000 (2018: $16,782,000) which are held by the Association on behalf of other Scout Units for the purpose of investment.

18 Contingent liabilities

(a) The Inland Revenue Department ("IRD") has initiated a tax audit on the Association for the past 7 years. Subsequent to the end of the reporting period, the Association has lodged objection on grounds that IRD has all along granted tax exemption and tax reserve certificate has been purchased by the Association in pursuit of a complete holdover of the tax granted by the IRD. As at the date of approval of these financial statements, the IRD has not yet concluded on the Association's objections to the assessment and the tax audit of the IRD is still in progress. Accordingly, no provision for any liability that may result has been made in these financial statements.

(b) A construction contractual claim has been lodged seeking for damages in respect of alleged delays induced by an architect employed by the Association. The dispute is moving to arbitration which will be under confidential cover. Contingent liability is not disclosed as disclosure may jeopardise the position of the Association. As advised by the Association's counsel, the claim could be successfully resisted.

19 Comparative figures

The Association has initially applied HKFRS 15 and HKFRS 9 at 1 April 2018. Under the transition methods chosen, comparative information is not restated. Further details of the changes in accounting policies are disclosed in note 2(c).

20 Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 March 2019

Up to the date of issue of these financial statements, the HKICPA has issued a number of amendments, new standards and interpretations which are not yet effective for the year ended 31 March 2019 and which have not been adopted in these financial statements. These include the following which may be relevant to the Association.

	Effective for accounting periods beginning on or after
HKFRS 16, *Leases*	1 January 2019
Annual Improvements to HKFRSs 2015-2017 Cycle	1 January 2019

The Association is in the process of making an assessment of what the impact of these amendments, new standards and interpretations is expected to be in the period of initial application. Further details of the expected impacts are discussed below. While the assessment has been substantially completed for HKFRS 16, the actual impact upon the initial adoption of the standard may differ as the assessment completed to date is based on the information currently available to the Association, and further impacts may be identified before the standard is initially applied in the Association's financial statements for the year ended 31 March 2020. The Association may also change its accounting policy elections, including the transition options, until the standard is initially applied in the financial statements.

HKFRS 16, *Leases*

As disclosed in note 2(f), currently the Association classifies leases into finance leases and operating leases and accounts for the lease arrangements differently, depending on the classification of the lease. The Association enters into some leases as the lessor and others as the lessee.

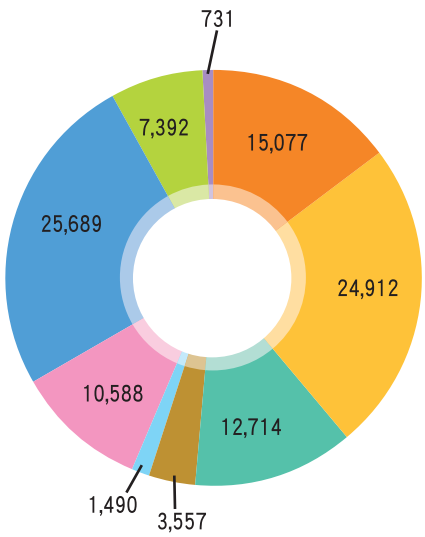

HKFRS 16 is not expected to impact significantly on the way that the Association accounts for its rights and obligations under a lease when it is the lessor under the lease. However, once HKFRS 16 is adopted, the Association will no longer distinguish between finance leases and operating leases when it is the lessee under the lease. Instead, subject to practical expedients, the Association will be required to account for all leases of more than 12 months in a similar way to current finance lease accounting. The Association is considering whether it will choose to take advantage of the practical expedients available and which transition approach and reliefs will be adopted. The standard's transition provisions permit certain reliefs.

As disclosed in note 16(b) to the financial statements, the Association had total future minimum lease payments under non-cancellable operating lease as at 31 March 2019 amounting to $7,797,000. Based on the preliminary assessment by the management, assuming all non-cancellation operating lease arrangements as disclosed in note 16(b) to the financial statements meet the HKFRS 16 criteria, the adoption of HKFRS 16 will have no significant impact to the Association's net assets and performance.
