

Messengers of Peace – Hong Kong

This Circular supersedes International Circular No. 09/2020 issued on 15 March 2020.

The World Scout Committee launched the World Scouting's Messengers of Peace (MoP) Initiative since 2011 with the aims of inspiring millions of Scouts who are doing amazing things in their local communities to tell the world about it, thus inspiring other Scouts to do even more. Any Scout project that brings a positive change in a community - its health, environment, social circumstances, safety or addresses conflict - is a Messengers of Peace project.

- (2) The project should contain service element and each participant should render at least one hour of service to the community

Youth members are allowed to wear the MoP Badge (shown on the right) on their Scout uniform until being promoted to another Scout section. They should participate in another recognized MoP project after being promoted to another section in order to continue wearing the badge.
